South Carolina State Report Card

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

Our school is helping all students develop the world class skills and life and career characteristics of the Profile of the South Carolina Graduate by ensuring that our teachers are implementing the South Carolina College and Career Readiness Standards by designing lesson plans and student activities that promote creativity, innovation, critical thinking, problem solving, collaboration, effective communication, and the integration of media and technology resources to facilitate students' pursuit of knowledge. Port Royal Elementary School will be implementing Project Based Learning as our method to heighten our teachers' and students' skills in developing these world class skills. Students are encouraged to creatively solve challenging world problems by assuming various roles, collaborating in person and virtually with outside resources, designing, conducting, and presenting research to authentic audiences, and continuing their quest for enhancing their knowledge base in a variety of career fields. Our school is helping our students embed the life and career characteristics into their daily habits by teaching these traits in conjunction with high academic expectations. Our students are interacting with our neighborhood and community business partners to gain exposure to the multitude of career paths that are available to them, as well as to learn from industry experts regarding the qualifications and characteristics that are required to gain and maintain successful employment in these fields. Our school celebrates and recognizes students who demonstrate and display the life and career characteristics on a monthly and quarterly basis, and rewards them for their efforts in showing integrity, self-direction, perseverance, interpersonal skills, a strong work ethic, and those that are able to share a global perspective. Chavon Browne, Principal, Rebecca Polk, SIC Chair
