South Carolina State Report Card

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

WORLD CLASS SKILLS & LIFE AND CAREER CHARACTERISTICS

Our school is helping all students develop the world class skills and life and career characteristics of the Profile of the Graduate by ...

W.S. Sandel Elementary School is helping all students develop the skills and characteristics needed to meet the expectations of the Profile of a SC graduate. The school sponsors service learning projects, offers Spanish to grades K – 5, provides hands-on technology learning, supports the fine arts curriculum, nurtures the school's diverse population, and offers whole group and small group guidance and character building classes.

W.S. Sandel Elementary School is the true face of Richland County School District One. Our school embodies the rich and culturally diverse population of the district. William S. Sandel celebrates 650 students with over ten different cultures. Our staff is culturally diverse representing eight different ethnic backgrounds. For the past five years we have maintained 100% highly qualified staff with 10 members who are NBCT.

In keeping with the district's mission statement we strive to empower all students to achieve their potential and dreams. The staff continues to analyze school, district and national data trends. With this information, the school administration provides needed support to accelerate math, reading and science scores.

The process used to monitor instructional delivery and student learning includes both PLC, RTI, and Literacy Teams. The school utilizes district benchmark results and Mastery Connect CFAs to determine the instructional needs of the students in grades K - 5. Other assessments used to determine instructional delivery and student needs include MyIGDIS, DRA, PASS and ACT Aspire. The RTI process is used to address different grade level learning gaps and skills for a targeted group of students utilizing STAR and CFAs to progress monitor.

Throughout the school day, the school offers many initiatives to provide additional support for students including computerized programs, reading volunteers and Teacher Cadets. The school offers an after-school program for students in grades 3 – 5 who needed support in math and reading.

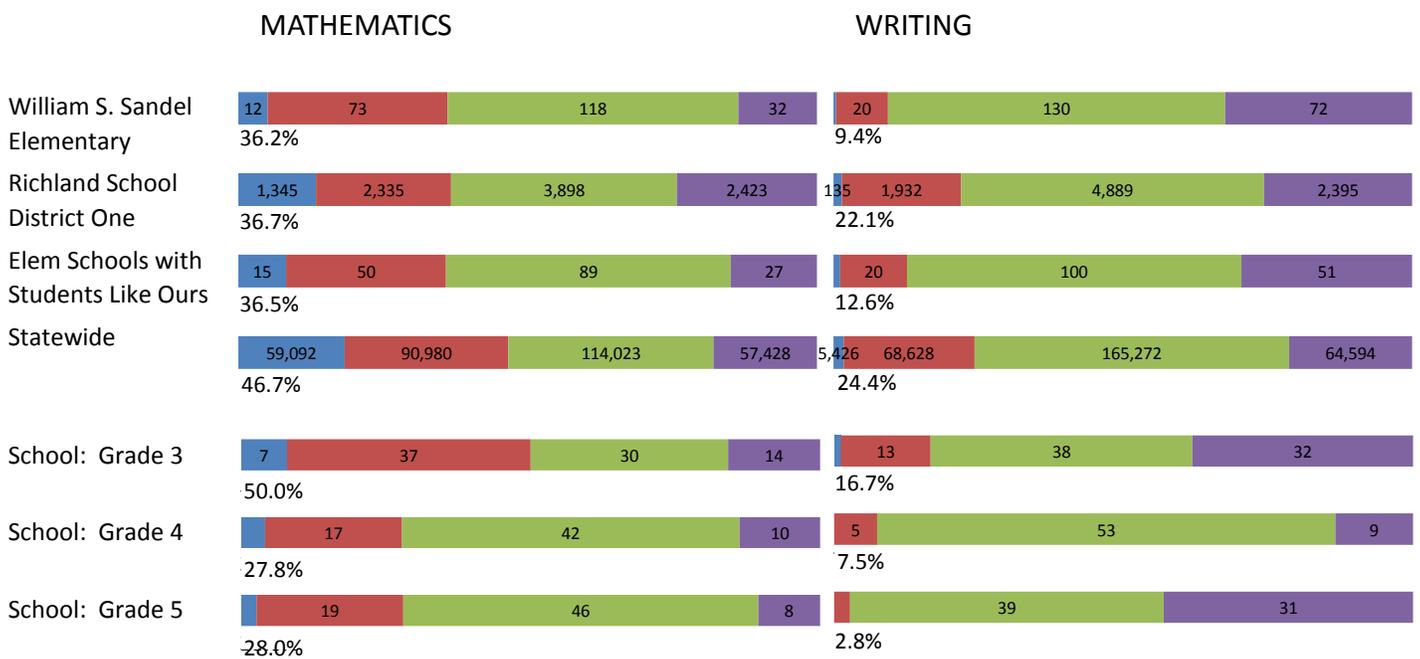

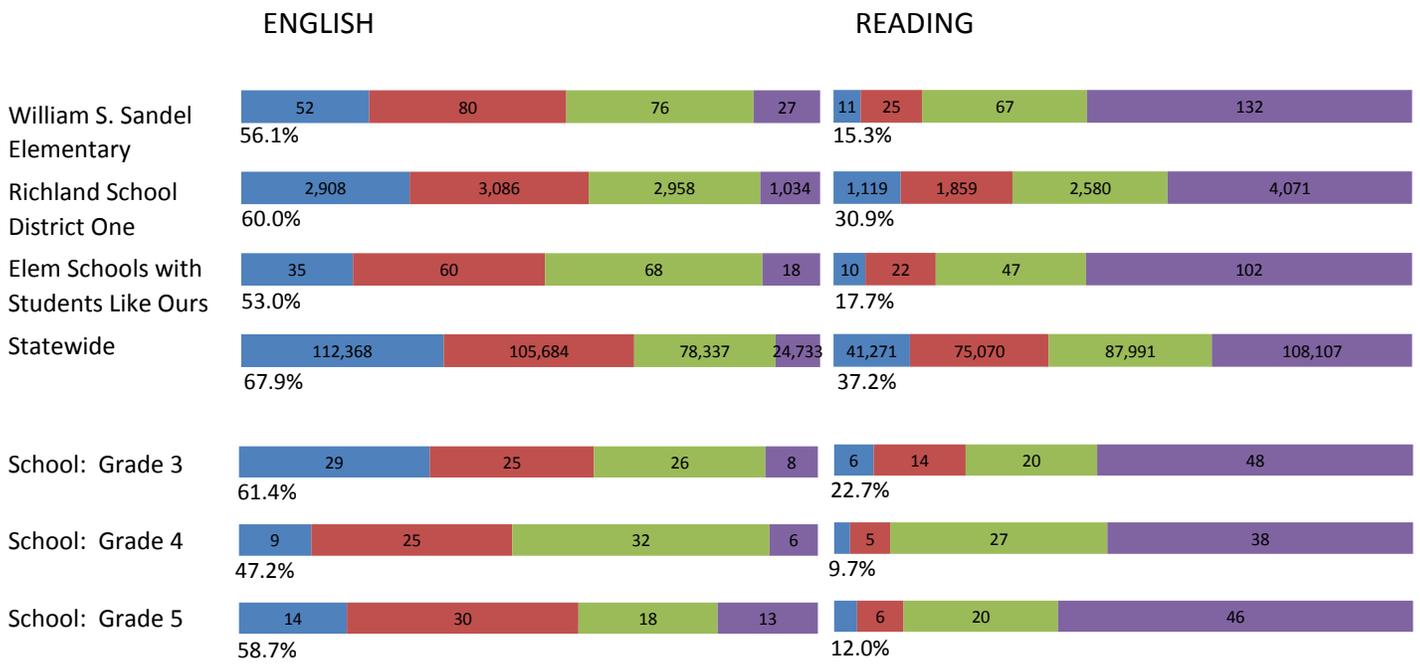

W. S. Sandel offers service learning opportunities and clubs to students. These activities empower our students to become independent thinkers, productive team players and empowers them with life skills needed to be a successful citizen.

The school has utilized the National Network of Partnership Schools to plan for and increase parent involvement. Collaborating with parents provides endless opportunities for all stakeholders to work together to promote student achievement. It is our goal to be true community school.
