

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

WORLD CLASS SKILLS & LIFE AND CAREER CHARACTERISTICS

Our school is helping all students develop the world class skills and life and career characteristics of the Profile of the Graduate by ...

Windsor Elementary is an International Baccalaureate PYP World School serving the Northeast Columbia area since 1967. We believe in helping all students develop world class skills. Being an IB PYP School, our students focus on the IB profiles and attitudes enhancing their life and career characteristics of a 21st Century citizen. Windsor provides a safe, nurturing and academically challenging learning environment for all students. Faculty and staff are trained in Differentiated Instruction in order to meet the academic needs of all students. Windsor has the constant drive to enhance the curriculum through on-hands activities and a variety of strategies to engage all students in the mastery of content learning. Our teachers are data driven and are always stretching our students to do their very best. Our Response to Intervention Program (RTI) has implemented LLI in our early grades with much success. We are focusing on constantly helping each and every student develop early intervention strategies to be successful readers, writers, and an understanding of number sense and the social sciences. Through the knowledge and training of our on-site Reading Coach, we have focused on independent reading which cultivates the love of reading for all students. At Windsor Elementary we also have focused on Service Learning Projects such as our now annual "We Pink We Can" Cancer walk where we have raised over a thousand dollars each year. We believe that these real-life giving experiences are helping our students to become connected with their community and enhances their goals for success in life. Our Book Study, The Leader In Me, focused on student leadership and we have seen growth in unity and collaboration among our faculty, staff and student community. Our School-Wide focus on intrinsic motivation is an on-going goal for our entire learning community. We continue to see progress in all areas and feel we are moving in the right direction.
