

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

WORLD CLASS SKILLS & LIFE AND CAREER CHARACTERISTICS

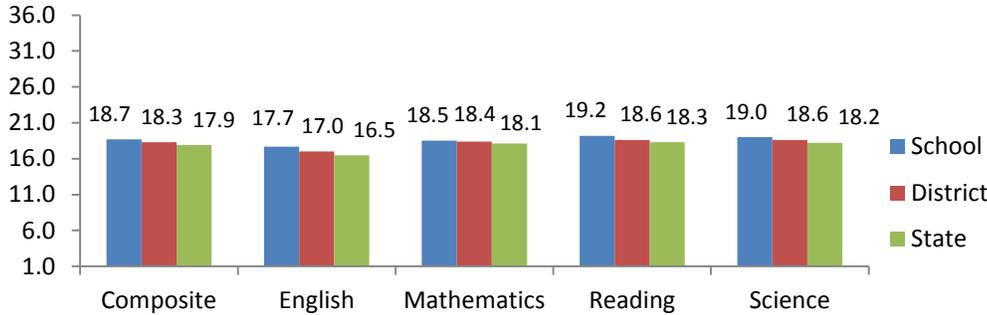

Our school is helping all students develop the world class skills and life and career characteristics of the Profile of the Graduate by ...

Our school is helping all students develop the world class skills and life and career characteristics of the Profile of the South Carolina graduate by continuing its tradition of the small school model and providing high quality staff development and educational resources for our students and staff. Stakeholder surveys continue to indicate that the small school model is highly effective and that our motto “Where Small Schools Make a Big Difference” holds true. We also completed our fifth year of the Eagle Scholars program, a rigorous curriculum designed to emphasize science and mathematics for our Honors students in the ninth through twelfth grade. Continual faculty professional development and training was evident throughout the building. Faculty members attended professional development in technology in preparation for the District’s Connect 2 Learn initiative, where every student is issued a Dell tablet to increase student engagement and learning. We utilized an instructional delivery model, TAPPLE, and continued our efforts in building literacy strategies for implementation. Teachers were accountable for conducting peer observations to facilitate collaboration and dialogue among each other regarding best practices. Staff development also focused on teachers continuing their advanced technology training.. Beaufort High School continued its use of several successful initiatives in bridging the gap between student ability, student achievement, and test scores. The school continued to move forward as a whole towards implementing the High Schools That Work key practices throughout the building. Beaufort High School also continued with our Advisor-Advisee program called, W.I.N.G.S. This program allows for staff to begin conversations with students that in most schools would only be heard in a guidance office - reducing our at-risk behaviors and drop-out percentages. Through WINGS, the school builds time within the school day to provide consistent delivery of support through the areas of career, personal, social, and academic development. The APEX program was utilized to support additional focus on learning gaps and to provide reinforcement in basic concepts. The continued utilization of U.S.A Test Prep helped teachers establish benchmark scores for students in each subject area, monitor student progress, and improve test preparation. Incoming freshman who scored in the lower quartile of their competency tests in middle school in English or Mathematics were instructed daily in those areas with targeted instruction. Finally, we hosted an ACT Academy for three weeks in April where students worked in small groups with teachers in the area of math, reading, writing and Science to prepare for the ACT. The PTSO continues to be active and supportive of our PBIS practices and programs funding incentives for our monthly PBIS ceremony, Muffins with Murphy. Lastly, the Drama Department’s anti-bullying play, If You See Something, Say Something has been showcased throughout the District, statewide, and has even inspired an online application (App) for students to

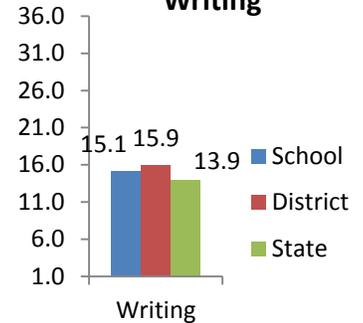

* 21st Century core courses in Social Sciences include History, Geography, Economics, Government and Civics.

KNOWLEDGE

Average ACT Score Achieved by Students: English, Math, Reading, Science, Composite of all four tests, 2015

Average ACT Score Achieved by Students: Writing

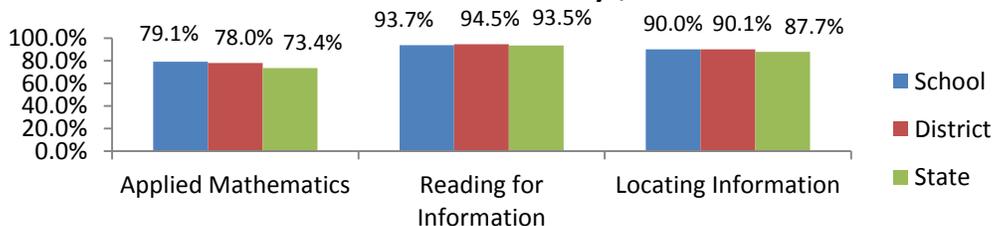

The ACT, a college readiness assessment, was given to every South Carolina 11th grader in 2015 with the exception of those eligible for alternate assessments. The ACT scores range from 0 to 36. The district and state averages are included for comparison. State averages for ACT data are based on regular public schools and do not include private schools in the state.

Percent of Students Meeting ACT College-Ready Benchmarks, 2015				
English Benchmark Score: 18	Math Benchmark Score: 22	Reading Benchmark Score: 22	Science Benchmark Score: 23	All 4 Subjects
47.9	26.4	31.6	24.7	16

ACT benchmarks are scores on the ACT subject-area tests that represent the level of achievement required for students to have a 50% chance of obtaining a B or higher or about a 75% chance of obtaining a C or higher in corresponding credit-bearing first-year college courses.

Percent of Students Meeting Platinum, Gold, or Silver Threshold on WorkKeys, 2015

ACT WorkKeys is a job skills assessment system measuring "real world" skills that employers believe are critical in the workplace. The assessment is given to every South Carolina 11th grader with the exception of those eligible for alternative assessments. The assessment consists of three subtests: Applied Mathematics, Reading for Information, and Locating Information. Students can earn certificates at the Platinum, Gold, Silver, and Bronze level on WorkKeys assessments.
