South Carolina State Report Card

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

WORLD CLASS SKILLS & LIFE AND CAREER CHARACTERISTICS

Our school is helping all students develop the world class skills and life and career characteristics of the Profile of the Graduate by ...

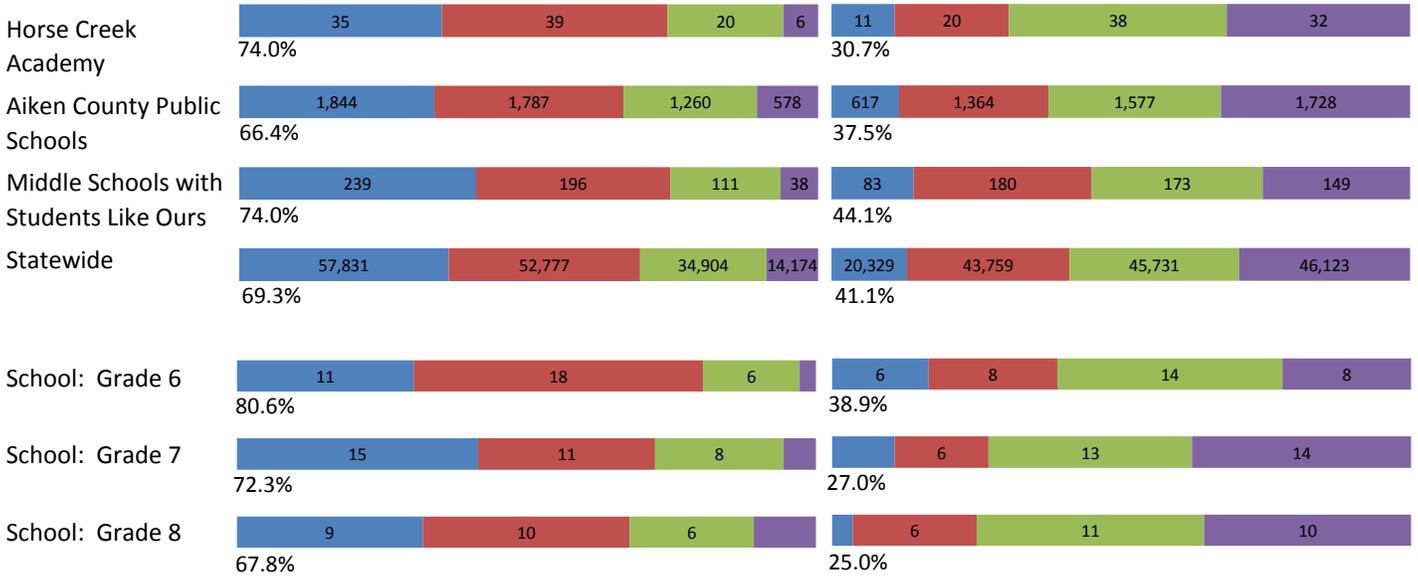

Horse Creek Academy's mission is to create a learning environment that will empower students with the knowledge they need to become lifelong, self motivated learners through strategies of project and inquiry based learning, print rich environments, and confident decision making abilities while maintaining a strong foundation in order to become productive and active members of society through the sharing of the knowledge with which they are empowered. Horse Creek Academy has developed an academic environment that fosters and encourages calculated risk taking as a desired action to obtain the desired reaction of learning for students, teachers, and our entire learning community. The School is always in the process of developing and researching best practices and redefining curriculum based on student need. It is a fundamental belief of the entire faculty that as our learning evolves so do our classrooms and thus the learning of the students. Horse Creek Academy is proud to offer a staff confident in researching, proposing, and offering new and innovative curriculum best practices based on the diversity of the children and families that they teach from year to year. This year, Horse Creek created a service learning program through a program we coined "Mind Expansion". In this program, led by a Highly Qualified Gifted and Talented Teacher, the students led initiatives and fund raisers that gave back directly to the community and created awareness among the students for things like breast cancer awareness, cancer awareness, hunger drives, and autism awareness just to name a few. We found through this service learning initiative that our students learned tolerance for diversity and thus was a huge success. Horse Creek Academy is proud to be a Charter School, a public school of choice, that is diverse by design integrating innovative curriculum practices which yield high productivity for the entire learning community.
