# South Carolina State Report Card

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

### WORLD CLASS SKILLS & LIFE AND CAREER CHARACTERISTICS

*Our school is helping all students develop the world class skills and life and career characteristics of the Profile of the Graduate by ...*

Northside Middle School is helping all students develop the world class skills and life and career characteristics of the Profile of the Graduate by ensuring that all learners achieve personal success through an atmosphere of respect, responsibility and readiness to learn. Northside is an outstanding school with high expectations and academic excellence as primary goals. We are committed to providing a learning environment where students are challenged to acquire the skills and knowledge necessary for future success. Rigorous standards in language arts and math continue to be a major focus as we strive to meet the academic needs of all of our students. With standards-based instruction as a highest priority, teachers and administrators collaborate in professional learning communities to find new instructional strategies that will enable all students to master world class skills and life and career characteristics. Project based learning, using a variety of media and technology, was used to promote creativity, collaboration, and critical thinking. Northside Middle School also has programs that focus on developing interpersonal skills, collaboration, and teamwork. Students participated in community service projects such as; Greenwood Food Bank Drive, United Way and March of Dimes Campaigns, and volunteering for Meals on Wheels. AVID students also participated in the Chamber of Commerce Lake Greenwood Clean-up. Also, showing good teamwork, football, basketball and soccer teams won city and/or region championships this year.

The fifth year of the AVID (Advancement via Individual Determination) Program was also a tremendous success. The goal of the AVID program is to close the achievement gap by preparing all students for college readiness and success in a global society. Students participated in quarterly goal setting and academic awards, went on several college visits, learned how to take Cornell notes, and kept an organizational binder. Tutorial sessions helped students focus on knowing "how to learn" and identifying their own areas of weakness.

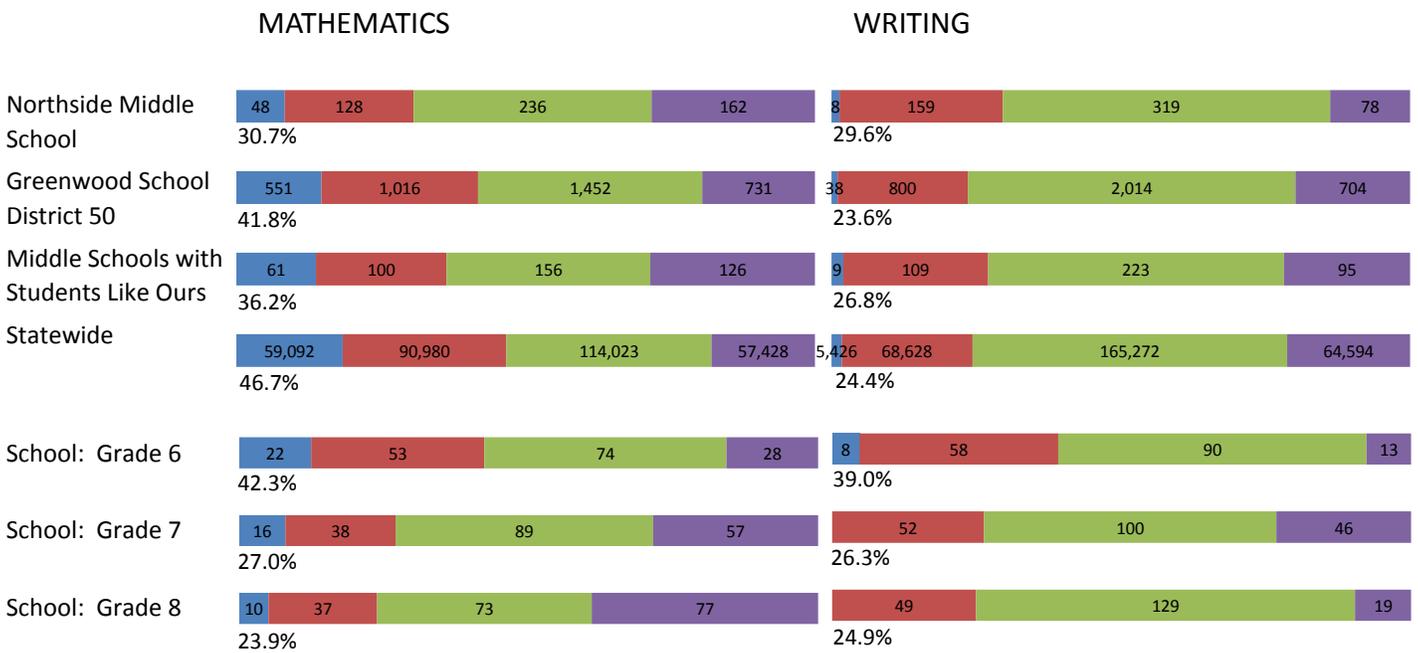

Our Positive Behavior Intervention and Support (PBIS) Initiative was designed to promote life and career characteristics. Positive behaviors were identified, taught, modeled, and acknowledged throughout the school. Students earned rewards for exhibiting positive behaviors and integrity. Celebrations were held each quarter to recognize appropriate behaviors and reward good work ethic and perseverance. Our data for the year indicated a continued decrease in the number of suspensions

At Northside Middle our goal is to provide students with diverse and challenging opportunities that will bridge the gap to the future and enable them to develop skills to ensure success as a South Carolina graduate and beyond.
