WORLD CLASS SKILLS & LIFE AND CAREER CHARACTERISTICS

Our school is helping all students develop the world class skills and life and career characteristics of the Profile of the Graduate by...

Palmetto Unified School District (PUSD) is a state-wide school district established by legislative mandate in 1981 with the mission of providing academic and vocational programming to adjudicated adults between the ages of 17-21 in nine high schools. The district also operates twenty-two Adult Education programs. Programming includes special education, literacy, GED, SC Diploma, WorkKeys, Department of Labor Apprenticeships and over 60 vocational classes.

PUSD's leadership continually revisits the Strategic Plan to ensure that all resources are optimally used to realize the Mission. A major thrust has been to incorporate WorkKeys, a job skills preparation, testing, and certification program into the academic and vocational curriculum. WorkKeys certification is becoming a standard for employers across the nation to measure the ability level of prospective employees in key areas such as reading, writing, math, listening, and teamwork. The OJT Awards Initiative is another avenue that documents work history and vocational competencies so that finding meaningful employment upon release is a viable option.

The staff and teachers consistently focus on quality performance in the midst of challenges and limited resources. The District continues to develop strategies to attract and keep properly certified teaching professionals.

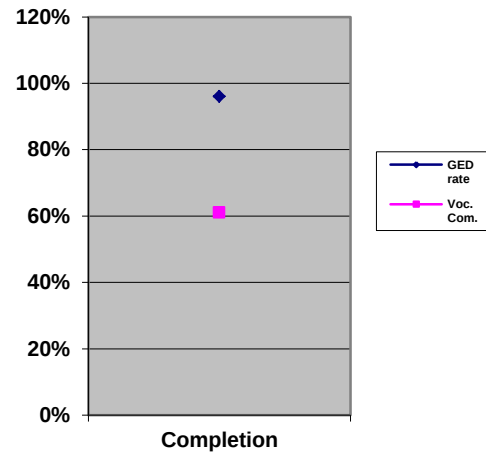

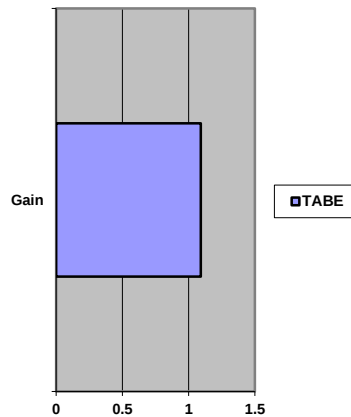

Our district is helping all students develop the world class skills and life and career characteristics of the profile of the South Carolina Graduate by instilling prosocial character traits through our character initiative. We promote collaboration, team work, and critical thinking through our academic and vocational programs.
