

Thank you for your interest in T-Mobile's Project 10Million! We are excited to partner with school districts across the country to eliminate the lack of equity in digital access amongst students. As districts have been moving toward distance learning in recent months, we understand that the need for ubiquitous access is more important than ever, and we thank you for having the foresight to consider partnership with T-Mobile to meet this urgent need. As you fill out this application, please be thoughtful and direct in your responses. We look forward to continuing the conversation!

Name of School District	NCES District ID	Tax ID #
Primary Contact Information		
First Name	Last Name	Department/Job Title
Email	Phone #	Website
City	State	ZIP Code
NSLP and Demographic Info (Not necessary if a lead form has previously been submitted.)		
Statement of Interest: Describe why your school or district should be a part of our Project 10Million. Focus on how your students will benefit directly or indirectly.		
1. Is your school or district actively utilizing a 1:1 take-home connectivity program?		
What grade levels are currently participating?		
How many students or households are currently connected?		
What type of devices or connectivity types are being utilized remotely?		
Describe how students and/or households have adopted 1:1 remote learning?		

2. Describe your school/district's current remote learning landscape; focus on your top 3 goals. Examples may include but are not limited to:

Goal 1 - Primary Focus/Approach

Goal 2 - Technology; Support Staff and Resources

Goal 3 - Professional Development; Learning Strategies for Students, Teachers, Administrators and Technology Staff

Additional Goals

3. How does your technology staff currently support 1:1 remote learners?

Describe current technology support staff dedicated to remote learning efforts.

Describe current online support resources.

Describe after hours support for students/parents/guardians/households.

Do you provide Acceptable Use Training Resources for students/parents/guardians/households?

4. What external resources are being utilized?

What types of learning software and/or activities, are they paid or free?

Describe MDM management tools.

Describe external partnerships/academic enrichment partnerships.

5. Expand on the school/district's commitment to professional development as it relates to remote learning.

How do you measure professional adoption?

How do leaders/teachers/staff approach differentiation?

How do leaders/teachers/staff seek academic advisement?

6. Expand upon how the school/district can quantitatively measure engagement, outcome and overall program success.

How do you measure adaptability across student/leaders/teachers/staff as it aligns to a 1:1 remote environment?

What are your engagement and motivation strategies?

How do you measure remote 1:1 adoption success across students/leaders/teachers/staff?

Have you experienced material changes in school/district's remote learning philosophy approach?

How do you measure effectiveness?

Thank you for filling out the application for T-Mobile's Project 10Million! Please email the completed application directly to your Government Account Executive.
