

Social story example

Everybody Needs Help!

Everybody needs help at school. Kindergartners need help. First graders need help. Second graders need help. Big kids and teenagers need help too. Sometimes my friends need help.

Sometimes I need help. Sometimes even my teachers need help!

When people help me, I can do my work better. I can do my Literacy work better. I can do my Math work better. I can do my Writing, Social Studies, and Science work better too. Lots of people can help me with my work at school. My friends can help me. Mrs. Hill and Mrs. Schneider can help me. Mrs. Oudin, Mrs. Scott, and Ms. Laird can help me too. It is ok to get help!
