ASD Statewide Resource Directory

A collection of resources across South Carolina to support the education, evaluation, early intervention, and support of individuals with Autism Spectrum Disorders, their families, and educators.

Created and vetted by
The Office of Special Education Services
Autism Spectrum Disorders Task Force

This document is available in printed version and online at the ASD Virtual Library

Welcome to the ASD Statewide Resource Directory!

This resource has been designed to provide contact and service information for agencies in South Carolina focusing on education, intervention, and support of individuals with Autism Spectrum Disorders, their families, and educators.

Created by the OSES ASD Task Force, the Directory has been vetted for accuracy. Neither OSES nor the ASD Task Force recommends any particular agency or service, as this is an individual choice, but rather provide this directory as awareness and education of options that are available. The Directory is geared to be all inclusive and serve as a guide, but may not list all available agencies in South Carolina.
If you have any questions concerning the information in this Directory, please feel free to contact OSES at 803.734.1286.

Many thanks to the ASD Task Force, who worked tirelessly to create this resource with the needs of individuals with ASD, and their families in mind.
