Annual Report on Missed School Days for
Academic Year 2022-23

Pursuant to § 59-1-425

July 1, 2023

The South Carolina Department of Education does not discriminate on the basis of race, color, religion, national origin, sex, sexual orientation, veteran status, or disability in admission to, treatment in, or employment in its programs and activities. Inquiries regarding the nondiscrimination policies should be made to the Employee Relations Manager, 1429 Senate Street, Columbia, South Carolina 29201, 803-734-8781. For further information on federal non-discrimination regulations, including Title IX, contact the Assistant Secretary for Civil Rights at OCR.DC@ed.gov or call 1-800-421-3481.

Annual Report on Missed School Days for Academic Year 2022-23

Pursuant to S.C. Code of Laws § 59-1-425 (Supp. 2015), all districts must set aside three days in the annual academic calendar to be used as make-up days. The first three days missed due to snow, extreme weather, or other disruptions must be made up. If more than three days are missed, the local school board of trustees, by a majority vote, may waive no more than three days. The local school board of trustees may prefer to make up missed days and can do so by lengthening the school day by no less than one hour or by operating on a Saturday. The State Board of Education (SBE) has the authority to waive three additional make-up days beyond the three forgiven by the local school district upon request.

The law also states that the South Carolina Department of Education annually, before July 1, must provide the General Assembly with a detailed report of information from each district listing the (1) number of days missed and the reason, regardless of whether any days were missed, (2) days made-up, and (3) number of days waived.

eLearning days are designed to offer more flexibility to avoid loss of instruction due to school closings or to manage necessary make-up days that are already included in the school calendar. If an eLearning district must utilize a make-up day, the district can choose to do so with eLearning. When the make-up day is used in eLearning, it counts toward the five allowed days of eLearning. This report includes a column that shows the total number of eLearning days by district and is based on the data the districts reported to the SCDE during the 2022-23 school year.
