

TEACHER **as** RESEARCHER

Summer Institute 2024

The South Carolina Department of Education is partnering with Marzano Research and Education Analytics to offer a FREE professional learning series for educators statewide. In this series, educators learn how to design and implement classroom-based experiments to test the effectiveness of evidence-based instructional strategies.

Complete 3 out of 6 workshops in **ONE DAY!**

Teacher as Researcher consists of 6 virtual workshops. In this summer institute, educators will complete Workshops 1–3. Educators can then continue their learning with Workshops 4–6, which are offered in the fall.

In Workshops 1–3, educators will be introduced to the Teacher as Researcher approach to action research, explore evidence-based instructional strategies, design a classroom-based research cycle, and learn how to use the **Strategy Workshop** data analysis tool. By the end of the institute, educators will have developed a detailed plan for a research cycle that can be implemented during the 2024–25 school year.

June 2024

| MO | TU | WE | TH | FR | SA | SU |
|----|----|----|----|----|----|----|

Pick from four one-day virtual sessions

9:30 a.m. - 3:00 p.m.

| | |
|-------|----------------|
| Tue | June 4 |
| Thurs | June 13 |
| Wed | June 26 |
| Fri | July 19 |

If none of these dates work for you, reach out to Marzano Research at sc-tar@marzanoresearch.com to discuss alternate ways to participate. Individual teachers or teams of teachers can join existing learning cohorts or work with Marzano Research to create a customized cohort.

Why participate in Teacher as Researcher?

Learn how to design and implement quasi-experimental instructional improvement Cycles, improving your ability to identify and evaluate evidence-based strategies for use in your classroom.

- Get **PERSONALIZED COACHING** to help you make sense of collected data.
- **JOIN A STATEWIDE COMMUNITY** of South Carolina Teacher Researchers.
- Get access to the powerful **STRATEGY WORKSHOP** data analysis tool.
- **EARN UP TO 5 CEUs** for completing the one-day summer institute.
- **EARN UP TO 15 ADDITIONAL CEUs** for participating in the fall research design workshops and implementing your classroom-based experiments.
- Learn how you may be able to use your classroom-based research to **MEET SLO AND/OR TLG REQUIREMENTS** (dependent on individual district approval).

Individual Teacher

Do you want to join a cohort?
