Daniel Oddo:Yes, but seems to be disabled today.
Polly:yes use of several reports
Sabrina McCall:I used it today.
Lilla Toal-Mandsager 3:Oh no..We wil check into that Daniel
Larry Moore:Yes, rports feature is good and looking for more options
Rodney C. Zimmerman:Yes, very helpful.
Daniel Oddo:blackout
Patricia Canada:Yes
Donna C - Cherokee:I used the report feature to determine the number of induction and annual contract teachers.
Anna:Yes
Daniel Oddo:thank you
Larry Moore:Report that will list the validity dates of the educators at at school.
Sabrina McCall:I used it today to see who had signed the prelim and mid-course SLO for each school.
Lilla Toal-Mandsager 3:Thanks for sharing your thoughts Larry!
Anna:Yes, Lilla! Thanks so much for always taking feedback and making things better.
Lilla Toal-Mandsager 3:Thanks for letting us know Sbrina!
Lilla Toal-Mandsager 3:Thanks Donna!
Polly:there is a loud hum
Cheryl Warren:I use it to monitor the progress of my evaluations.
Anita Parker:Yes, great tool!
Rodney C. Zimmerman:Thanks
Lilla Toal-Mandsager 3:THanks Cheryl and Anita!
Erin Young, CCSD:We have used several reports and are looking forward to the next level. Using them currently to look for missing contract levels and missing eval teams. SClead sent us a master list of those people missing orientation sign offs for the whole district.
Lilla Toal-Mandsager 3:Wonderful Erin!
Erin Young, CCSD:Do we know when the "How to enter results" pdf resource reference will be available from SCLead?
Lilla Toal-Mandsager 3:We will double-check Erin. Thanks for following-up!

Daniel Oddo:ok thanks

Larry Moore:remind me of where to find this PPT

Lilla Toal-Mandsager 3:Larry, it will be in the top left-hand corner of our website (Communications>Office Hours). We're also going to bring up a "pod" you can use to download it.

Anita Parker:Q: Can "SLO" be added to the drop-down @ "Evaluation Level" to distinguish between SLO only and GBE only (Special Areas, etc).? Currently, under the Evaluations tab, they all just show as GBE, unless I have missed something.

Anita Parker:Previous question: appears under "Settings" ...

Lilla Toal-Mandsager 3:@Anita, we hear that feedback. Right now our guidelines match the statute and regulation to classify an educator's evaluation type as GBE...the SLO is the instrument used for classroom teachers.

Lilla Toal-Mandsager 3:The evaluations page does have a filter for evaluation instrument.

Lilla Toal-Mandsager 3:If our reports need to aggregate the data differently, let us know.

Shannon Krisak:What date does the state require as the cutoff for certification for Induction?

Anita Parker:Suggestion: Please consider when LOA, GBE, and SLO are the evaluations, can "observations" and "professionalism" populate as for other evaluations? Because although not "required" best practice and SCDE docs indicate they are "recommended" and my admin and I would like this opportunity.

Lilla Toal-Mandsager 3:Shannon, we allow PACE educators that are certified in December to complete induction 1.

Shannon Krisak:Thanks! All other traditionally certified teachers have until 90th day of teaching?

Lilla Toal-Mandsager 3:@Anita, as we update the special areas evaluation, we can definitely add that in.

Lilla Toal-Mandsager 3:@shannon, the 152 mark is the magic number.

Daniel Oddo:Reports are good - thanks - active now

Alyson:The frequent question and answer was great and informative.

Rodney C. Zimmerman:Great information. Love the support.

Lilla Toal-Mandsager 2:@alyson, good to hear!

Lilla Toal-Mandsager 2:That's all your district leads paying attention and raising questions to our team.

Lilla Toal-Mandsager 2:They rock.

Anita Parker:Request from a colleague : please consider changing the process to "edit" SLOs; currently very tedious.. Additionally, consider adding a box on each section (initial, mid-course, summative) to allow comments from the admin/ SLO supervisor

Lilla Toal-Mandsager 2:RMclellan, will you remind me what district you're from?

Lilla Toal-Mandsager 2:We take roll to check where we are targeting support. :)

Erin Young, CCSD:Suggestion: please consider a "refuse to sign" option

Lilla Toal-Mandsager 3:Thanks Erin! Noted.

Kenneth Wilson:I agree with Anita's comment on SLO feedback from admin; currently they either do not add any comments or they have to add comments in same section with educator.

Erin Young, CCSD:* option; this is how we have resolved electronic issues wherein the educator would not sign

Daniel Oddo:If using SLO signature, is it required for all? Or, could SLO signature be for just summative?

Sharon Kerley:I agree with Anita, it would be great to be able to access observations/ walk-through options for all educators, not just educators going through formative and summative evaluations.

Lilla Toal-Mandsager 2:@Erin, we hear that. Will add to user feedback.

Daniel Oddo:ok

Anita Parker:Q: Are ADS ADEPT History Records and SCLead "Profile" - "Evaluations" does not display the same information that is displayed in the ADS/Certification ADEPT History for teacher(i.e. does not show "met"/"not met". Will this be synched ? -

Erin Young, CCSD:CCSD has requested the observation etc feature also (for those that are not already required)

Daniel Oddo:For final conference I suppose would be my question

Daniel Oddo:thanks

Rodney C. Zimmerman:Question. Please explain again how to make it available for individuals who have completed SCTS evaluation training to be able to take the test. for certification.

Jamie Thompkins:It's important to see those signatures! We agree. This keeps us on the same page, and we know that our folks are following guidelines with some fidelity.

Daniel Oddo:Thank you ALL :)

Rodney C. Zimmerman:Thanks

Anita Parker:Lilla, my question was referncing the "previous years" records in SCLead where it shows the year, evaluation, etc. - there are no results AND I am seeing "2006" as the "Model"...

Anita Parker:I am seeing 2006 for people who are not Special Areas...

Anita Parker:Thank you

Anita Parker:Exactly

Lilla Toal-Mandsager 3:Thank you everyone for joining us today!

Erin Young, CCSD:lilla i have one question about reports

Erin Young, CCSD:looks like my mic is not working, so...

Erin Young, CCSD:i'll email you

Erin Young, CCSD:one evaluation and duplicate lines

Erin Young, CCSD:we think so, but we are checking that now

Erin Young, CCSD:there is a home school marked

Erin Young, CCSD:got it!

Lilla Toal-Mandsager 3:Great!

Erin Young, CCSD:we're on it :)

Erin Young, CCSD:many thanks!!
