Lawonda Wheeler: can't hear

Jennifer Heilbronn: Much better :)

Beverly Hyatt Flythe: We are working on sound..

Angie: There is no sound.

Polly Elkins: no sound

Angie: I can hear you now.

Julia Woodhouse: Yeah!

Sabrina McCall: I have done it and it works! thank you, Faye for your help!

Polly Elkins: When I did this it required the Principal to sign too

Lilla Toal-Mandsager: @ polly, they need to sign, but

Lilla Toal-Mandsager: the district level person needs to do the complete step.

Faye: You are welcome Sabrina!

Emalee Baker: At what point will the SG circle as status tracking show complete? At the end of the year?

Faye: Please introduce yourself and state district if you haven't yet.

Emalee Baker: Thanks!

Latetia Staggers: Dr. Latetia Staggers, WCSD

Beverly Hyatt Flythe: Emalee, the status circles go partially dark in mid-cycle, but will fill in completely once final conferences are held and signatures are stored in SCLead.

Angie: Louder please.

Beverly Hyatt Flythe: How is that, Angie?

Angie: She sounds muffled to me.

Michele Taylor-Brown: Lila repeat your statement about the orientation date...it sounded as if you were saying the teachers confirmation must coincide with the date entered

Lilla Toal-Mandsager: @Michele, I meant the opposite. If you create an Orientation record, you always have an opportunity to enter the date that Orientation occurred.

Lilla Toal-Mandsager: The signature affirms that was the date.

Janice: I noticed on the list of MUST items, it indicates that principals need to sign off on their orientation to SCTS too. Is that required?

Lilla Toal-Mandsager: Even if the signature happens after the fact.

Michele Taylor-Brown: got it

Beverly Hyatt Flythe: Janice, are you talking about the PADEPP requirements?

Sheree Boozer: Sheree Boozer - Sumter School District

Janice: No - the list of MUST items on the list of required, must, and optional that I got from the state department

Janice: On SCDE, SCLead, then Overview and Resources page

Janice: It did, but I wasn't sure if principals had to sign that they had had the orientation too.

Janice: I mean doughnut did fill when educator signed off on orientation and principal signature was not required, but does principal have to show that I did the orientation with them

Beverly Hyatt Flythe: We are researching and will get back to you on that, Janice.

Cheryl Warren: If a teacher resigns in the middle of the year, how is it noted in SC LEAD.

Emalee Baker: Can I throw a PADEPP question in here quick? I notice on a Principal's profile, they have the Tier option on the left now! However, I do not have access to that. Who does have access to that "Tier" tab on the left of a Principal

Angie: Is there a way to preview the videos?

Julia Woodhouse: Can you show us how to assign a Learning Video to a teacher to watch?

Tamara: Dr. Hartwell: Question about Comprehensive Formative Evaluation Requirements for Continuing Contract Teachers: The Expanded ADEPT Support and Evaluation System Guidelines (page 24) states that during the evaluation during their year of recert., "are not required to undergo the full SCTS Rubric scoring process. They will receive one or more observations with conferences to evaluate and score the SCTS Indicators for the Planning, Instruction, and Environment domains".. Did you just state that they also need to be evaluated on Professionalism? Just seeking clarification - seems different from what is stated in the manual. Thanks!

Kim McAbee: I have assigned several videos. However, teachers are telling me they are receiving error messages and cannot view them.

Angie: Awesome!!! Thank you. :)

Beverly Hyatt Flythe: Kim, one issue we have had is with certain browsers and with flash enabled.

Kim McAbee: Thanks!

Ashley: How do we get a powerpoint of this presentation?

Tamara: Got it. Thanks!

Beverly Hyatt Flythe: Ashley, once we have finished the closed-captioning of this webinar, it will be housed on the presentations tab on our website.

Janice: Also in same place as my previous question - MUST actions say Professionalism self-rating and has SE for special education area : So LMS, etc. have to do Professionalism self-rating?

Melissa Tate: Thanks!!!

Latetia Staggers: thanks

Janice: Its on SCDE under SCLead, then Overview and Resources

Janice: yes

Janice: I don't think my mic is working

Janice: Okay that makes sense - I thought it meant they had to sign off on their orientation that I did.

Janice: Ok - I was sending that out tomorrow to principals.

Janice: One more:

Janice: I keep wondering about LOAs - I know evaluations are up to district in most cases, but if they are participating in our credit renewal system, don't they have to be evaluated according to state regulations?

Janice: I was really meaning a GBE

Janice: My administrators can see all of the schools when they are assigned "district office" so I changed them to unknown and now they can't see the person assigned to them that they doing the evaluation for - this might require a phone call LOL

Janice: Great and thank all of you for your wonderful support!

Janice: I think they can see the detailed record, but we'll discuss on phone

Lilla Toal-Mandsager: WE'll follow up.
