OEELD: Keep those questions coming!!!

Jill Jett: Will this spreadsheet also show the scores for walk-throughs entered?

Erin Young, CCSD: Faye, is there also going to be a report that shows which areas of refinement or reinfrcement were selected?

OEELD: Jill - Only evaluation data is included

OEELD: The system does not include walkthroughs on the Results page either

Jill Jett: We are okay with not having that information on the Results page - just hoping to be able to gather as much data for PD analysis as possible.

OEELD: Erin - Are you a mind reader? we hope to share something in this area soon.....Well let you know.

Daniel Oddo: When is full implementation of Special Areas scheduled? Next Year? Or later?

Sabrina McCall: When will we know more about special areas?

Daniel Oddo: tx

Sabrina McCall: My tip: Call Faye! She is sooooo helpful!

Adrienne Lauder: Have any updates for the mentor tab in SCLEAD been discuss

Adrienne Lauder: ed

OEELD: Sabrina - We will let Faye know that you appreciate the support!!

Patricia Canada: How do we share videos from the library?

Jill Jett: The reports provided in SCLead enable me to audit every school's data for accuracy and implementation fidelity. I audit every school's data every quarter (or more) and send the reports with action steps and color codes. I also copy the Executive Directors for those schools to ensure everyone is on the same page and hopefully we get clean data district-wide.

Daniel Oddo: ISSUE TIP:Be careful on "Walkthroughs" some intended observations were keyed in as "walkthrough" - this does not meet as a required observation.

Adrienne Lauder: Will there be any update in tracking compliance of mentors?

Daniel Oddo: Thank you Jill

OEELD: Jill - great suggestions!!! They are very helpful for progress monitoring and sharing that data out.

Adrienne Lauder: Currently, we have that you can upload mentor documents into the mentor tab. We were wondering if this will at some point be more of a form that can fill out that you can run a report from

Adrienne Lauder: Thanks! :)

Adrienne Lauder: Thank you . We will follow up.

Erin Young, CCSD: At the request of our school leaders, we created short demo videos (1-5 minutes) of how to execute a required component in the system (click by click)

Patricia Canada: Correct

OEELD: Erin - that's great - Are they being widely used?

Patricia Canada: Yes

Erin Young, CCSD: Yes, in multiple ways

Larry Moore: Erin - would you share those videos?

Adrienne Lauder: The short videos that Erin created have been an excellent resource.

OEELD: Dr. Canada, There is also a User Guide that provides steps to utilize the professional learning resources.

Jill Jett: User guides are very helpful this year and allow me to divide step-by-step lessons for each task. I post audible PowerPoint presentations this year which have been very grateful.

Polly Elkins: Patricia would you share with Dillon

Erin Young, CCSD: Maybe we can share with our rep and go from there? OEELD: This is true collaboration happening - Keep posting those ideas!!

Erin Young, CCSD: Rodney, we will call you :)

OEELD: Jill - are your user guides on your website?

OEELD: We will let Rodney know to expect a call...

Daniel Oddo: On my Evaluation Status report it reads under the Scoring column "Consensus" for Annual 2 GBE evaluations. This seems odd, for this is not a SCTS 4.0 evaluation. Please advise.

Jill Jett: Go to acpsd.net. Human Resources, on left menu select Induction and Mentoring. Under resources on this page, the Induction October or November information PowerPoint is a good example. I walked them through their side of the process for the year. I plan to load more of these over the summer for every educator.

OEELD: Dr. Elkins and others who need the presentation - we will upload on the screen momentarily.

OEELD: Jenny and Donna - Please enter your last name and district in the chat so we can add you to the list.

Susie Wearing: Thank you!

OEELD: Thank you for sharing, Jill!!!

Jenny: Jenny Risinger and thank you for the helpful meeting today!

OEELD: Daneil - did you choose Consensus in the ADEPT plan for all contract levels?

Jenny: District is Greenwood 50

Daniel Oddo: I am reading plan now it reads for "SCTS 4.0" ...

OEELD: Daniel - the system knows how to score it and is just listing what was entered....let us know if you have any problems down the line.

OEELD: Thanks, Jenny

BCSD OEE: Thank you!

OEELD: Abbie - What is your district?

Daniel Oddo: My thought too - thanks. I believe all will be well - just was aware.
