Quarter 3 - due by **May 15**

Quarter 4 - due by **August 15**

State Grants in GAPS – Earlier Final Claim Deadline than Federal Awards. Refer to GAN.

GAPS Payments

GAPS payments were made on Wednesday, December 15, 2021. The next payments will be made on January 5, 2022.

Payments to Counties

[Payment to County Reports](#) have been posted to our website. External auditors should be assigned a role to view all reports in GAPS.

New Language in Federal Subawards

School districts must review all new federal subgrants carefully. Be on the lookout for new language that is required by both changes in federal regulations and changes in federal awards the SCDE has received and must pass through to subgrantees. Such new language includes

- No text messaging and emailing while driving: “The subgrantee and their subgrant personnel are prohibited from text messaging and emailing while driving a government owned vehicle, or while driving their own privately-owned vehicle during official grant business, or from using government supplied electronic equipment to text message or email when driving.”
- Domestic preference for procurements: “Per [2 CFR Part 200.322](#), as appropriate and to the extent consistent with law, the subgrantee should, to the greatest extent practicable under a federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). (1) “Produced in the United States” means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States. (2) “Manufactured products” means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.”

New Frequently Asked Questions

The federal Office of Management and Budget (OMB) released a [new Frequently Asked Questions \(FAQs\)](#) to address common questions about recent updates to Title 2 of the Code of Federal Regulations; this include the revisions to the Uniform Grant Guidance in 2 CFR Part 200 that were published in the Federal Register on August 13, 2020. Be sure to review these! The revised regulations apply to the ESSER II and ESSER III subawards and the subawards your district will receive in the next Fiscal Year.

GAPS Email Notifications

If you are not receiving GAPS email notifications, please email Steven Strother at sgstrother@ed.sc.gov.

Ensure Procedures Comply with Agreements & Regulations

The December 2020 Finance newsletter referenced five policies and procedures that your district should update to reflect the actual processes being followed during the current COVID-19 emergency:

- Allowability Procedures—[2 CFR Part 200.302\(b\)\(7\)](#)
- Managing Equipment—[§200.313\(d\)](#)
- Travel Policy—[§200.475\(b\)](#)
- Time and Effort Procedures—[§ 200.430](#)
- Record Retention Procedures—[§ 200.334](#)

Please note that the SCDE’s Assurances and Terms and Conditions for Federal Subawards that accompanied your federal subgrants also affect how your district administers these policies and procedures.

For example, regarding time and effort procedures, Assurances item D. specifies that the district will maintain required support that “includes certifications and/or personnel activity records depending upon the amount of time spent on cost objectives.” Terms and Conditions item J. Travel Costs implements the state’s thresholds on the district’s use of the subgrant funds for lodging, per diem, and mileage; the state’s limits may be more restrictive that the district’s travel policy.

Ensure Procedures Comply with Agreements & Regulations - continued

Likewise, Terms and Conditions item P. Records extends the record retention period for subgrant records to six years following closeout, which is longer than the three years stated in the federal regulation.

Be sure to reference the Assurances and Terms and Conditions of your federal subgrants as your district works to ensure documentation for all three control environments: 1. The pre-COVID-19 (normal operations) environment, 2. The COVID-19 (shut-down/emergency operations) environment, and 3. The transition environment between shut-down/emergency operations and normal operations.

One more thing: chief finance officials should review the federal Office of Management and Budget (OMB) recently released Controller Alert: [Leveraging Employer Identification Number \(EIN\) to Promote Transparency and Accountability](#). This alert provides additional information on the OMB's recent policy to support executive memoranda [M-21-03, Improvements in Federal Spending Transparency for Financial Assistance](#) issued in November 2020.

It includes that in federal fiscal year 2021, a funded entity's EIN will be posted on USASpending.gov to "increase transparency for entities that are receiving financial assistance from the federal government."

ESSER Reporting Requirement

The next ESSER Reporting date is January 5, 2022 (for claims submitted from October 1, 2021 – December 31, 2021). ESSER Report dates are determined by the claims you have submitted in GAPS during the reporting quarter.

Each report will include the claim(s) submitted prior to the reporting date during the reporting quarter. Send completed reports to the following email group, grantsaccounting@ed.sc.gov.

If you need assistance or more information on the quarterly reporting, please view this [webinar](#). Additional information can be found on the SCDE

[ESSER web page](#). Email scesser@ed.sc.gov with any questions or concerns.

Upcoming ESSER Reporting Due Dates

January 5, 2022	Claims submitted from 10/01/21 – 12/31/21
April 5, 2022	Claims submitted from 01/01/22 – 03/31/22
July 5, 2022	Claims submitted from 04/01/22 – 06/30/22

Time and Effort Reporting

All employees who are paid in full or in part with federal funds must keep specific documents to demonstrate the amount of time they spent on grant activities (2 C.F.R. § 200.430(i)(1)). Charges to federal awards for salaries and wages must be based on records that accurately reflect the work performed.

To meet the above requirements, all employees who must complete time and effort forms must submit either a semi-annual certification or a personnel activity report (PAR) as required below.

The type of form depends on the funding of the position and the number of cost objectives/grants that an employee works on.

The forms are located under the [Time and Effort Reporting](#) web page.

Special Note: In reference to the memo dated April 24, 2020, titled Guidance on Time and Effort Reporting and Internal Controls During COVID-19 posted on the web page, please contact [Mr. Strother](#) with any specific questions regarding time and effort reporting and [Ms. Myers](#) with any questions regarding internal controls.

AUDITING SERVICES

Annual Audit Report Submission

In accordance with S.C. Code Ann. § 59-17-100 (Supp. 2017), the required due date for submission of your annual single audit report is December 1, 2021. Timely submission of the annual audit report is a factor in the South Carolina Department of Education's (SCDE's) risk assessment of local educational agencies (LEAs), which is used to make federal grant award decisions.

In addition, per Section 59-20-90, the State Superintendent of Education shall declare a school district to be in a state of "fiscal caution" if a district submits an annual audit more than sixty days after the deadline. Late submission of the annual audit report may also negatively affect the district's accreditation and risk rating under the Uniform Grant Guidance. Transmittal of the audit report package is the responsibility of the school district.

[Annual Audit Report Submission Memo](#)

ESSER – Indirect Cost

ESSER funds are not subjected to the supplement, not supplant requirement. Therefore, districts may claim up to the approved unrestricted indirect cost for this program.

ESSER – Unallowable Expenditures

According to ED, LEAs may not spend ESSER funds on:

- Bonuses, merit pay, or similar expenditures, unless related to disruptions or closures related to COVID-19,
- Subsidizing or offsetting executive salaries and benefits of individuals who are not LEA employees, or
- Expenditures related to state or local teacher or faculty unions or associations.

Miscellaneous Revenue Codes and Subfunds

When allocations to school districts exceed \$500,000 from a single source of funds, a unique revenue code and subfund are assigned to those funds and guidelines for those funds will appear in Miscellaneous Revenue Codes and the Funding Manual produced by the Office of Finance.

If total allocations do not exceed \$500,000, miscellaneous revenue codes and subfunds will be used as follows:

Fund Source	Revenue Code	Subfund
Misc. State Restricted	3199	800 series
Misc. EIA	3599	399
Misc. State	3999	General Fund (100)

Miscellaneous Revenue Codes and Subfunds - continued

Misc. Lottery	3699	969
Misc. Federal	4999	800 series*

*Districts choose any subfund available for use in the 800 series
