SCAPS – Food Service Claims

Food Service Claims in SCAPS are due by the 10th of each month for prior month claims. Claims are approved by the 15th of the month and paid on the 15th of the month.

GAN Changes Regarding Period of Performance End Dates

For all federal subawards active (not yet liquidated) as of October 17, 2022, subrecipients will have 90 days after the Period of Performance end date to receive, pay, and claim goods and/or services obligated by the Period of Performance end date. Goods and/or services must be obligated by the end of the Period of Performance. Goods and/or services must be paid and claimed based on date of receipt of the goods and/or services. For example, a Period of Performance end of September 30, where goods and/or services obligated by September 30, and are received by September 30 should be

claimed by November 15 as a 1st Quarter claim, and goods and/or services received after September 30 should be claimed by December 30 as a 2nd Quarter claim.

Subrecipients should be aware that subawards close on the 90th day after the Period of Performance end date and that **a full 45 day claiming window may not be allowed**. Subrecipients should also **take into consideration the Accounts Payable cycle of your entity** in that invoices may be required submission earlier than the grant close-out date in order to be paid and claimed by that date. The extended time after Period of Performance end allows time to receive, pay, and claim. Consideration must be given for your internal processes. The grant will close on the 90th day after Period of Performance ends. Also, be aware of the off-cycle final claims dates that may occur due to Period of Performance end dates.

Final Quarterly Claim dates may not always fall on November 15, February 15, May 15, or August 15 if the Period of Performance end date dictates a different date. Refer to your GAN and to the Final Report Date in GAPS.

FY23 Amendment Deadlines

All budget amendments and/or new budgets for all grants expenditures that will be incurred on or before June 30, 2023, must be entered into GAPS no later than June 30, 2023, unless an earlier deadline is referenced on the GAN. No budget amendments or new budgets will be allowed entry into GAPS from July 1, 2023, through August 15, 2023. The amendment deadline allows time after amendment submission for the program office to review, and will help ensure funds are available in the correct budget area for claiming by the August 15 final claims deadline. Pending amendments and unbudgeted amounts may prevent claims submission. The deadline helps assure all pending and unbudgeted amounts are cleared prior to claiming deadlines. Amendment requests for expenditures occurring on July 1, 2023, or after, can be entered into GAPS beginning August 16, 2023.

Final Claims Deadline

Expenditure claims submitted to the SCDE Office of Finance after August 15, 2023, for expenditures from July 1, 2022 through June 30, 2023, will not be paid. **Deadline will be strictly enforced.** Claims must be in the status "Submitted to SCDE Finance" by August 15 to meet the deadline. Please run and monitor reports frequently to help assure status of budget amendments and claims. Earlier final claims deadlines on GANs must be honored. Consult your GAN for earlier reporting deadlines.

First Quarter Claims for FY24

1st Quarter Claims for FY24 will not be allowed entry into GAPS until after August 15, 2023

Quarterly Claims Due Dates

Quarter 2 - due by February 15

The New Period of Performance guidance may dictate off-cycle final claim dates. A full 45 day claiming window may not be allowed after receipt of goods and/ or services. Refer to GAN and final report date in GAPS.

State Grants in GAPS – Earlier Final Claim Deadline than Federal Awards. Refer to GAN.

Quarterly submission of claims is required once an approved budget is in place. This is a key component in Risk Assessment Rating from Grants Accounting.

ESSER Reporting Requirement

The next ESSER reporting date is April 5, 2023 (for claims submitted from January 1, 2023 – March 31, 2023). There are online ESSER quarterly report forms on the ESSER webpages. See links below.

ESSER II: [ESSER II Funding Information](#)

ARR ESSER: [ARR ESSER Funding Information](#)

Districts are only being asked to report funds claimed in GAPs during the quarter. The quarter the claim reflects, no longer has any relevance to the quarterly reports. The only relevancy with the new reports is when the claim was submitted in GAPs. For example, any claim submitted between January 1, 2023 and March 31, 2023, should have been reported on the April 5 report due date. Districts are required to submit a quarterly report for each grant, even if no claims for that grant were submitted during the quarter.

If there are no expenditures to report for ESSER II or III during the quarter, simply indicate on the report "0" or email scesser@ed.sc.gov stating there were no expenditures to report for the quarter.

Maintaining SAM Registration to Comply with 2 CFR Part 25

All school districts must maintain an active registration in the federal System for Award Management (SAM) to receive federal funds. This includes ESSER funds, Title I funds, IDEA funds, etc. Because a district's SAM registration is only active for one year (12 months), it must be renewed annually *before it expires* so that the registration does not lapse. A lapsed SAM registration means the SCDE cannot award or release federal funds until the district again has an active registration.

The SCDE strongly encourages school districts to set an internal control to ensure their district's SAM registration is renewed annually *before* it expires. Such a control will help mitigate the risk that the district's SAM registration will lapse which will lead to a stop in the flow of federal funds until the registration is once again active.

The following suggestions for internal controls that can help ensure your district's SAM registration does not lapse.

- Establish written procedures for staff turnover that include continuity of bank account information and key registrations including the district's SAM.gov registration. Assure that all staff is knowledgeable of and has access to these procedures.
- Define key financial duties and who is responsible for those duties.
- Segregate duties so that more than one person is responsible for completing the registration process and is aware of the registration expiration.
- Employ check-out procedures for turnover of key personnel to assure that passwords, signature authority, etc. of exiting key personnel is removed and assigned to replacement personnel.

AUDITING SERVICES

FY 2021-22 Audits

A school district who submits its FY 2021-22 audit report after January 30, 2023 will automatically be placed on a fiscal practices designation. Please ensure all audits are submitted by January 30, 2023.

School District and Charter School Audit Firm Approval

The Fiscal Year 2022-23 SC Appropriations Act requires school districts and charter schools to select an auditor from a list of firms approved by the Office of the State Auditor to perform the annual audit. On May 4, 2022, the State Auditor's Office (SAO) emailed school district and charter school auditing firms information on the process to obtain approval to conduct school district audits. A list of audit firms approved to perform school district audits is on the following link, [Approved Audit Firms for School Districts](#). Please ensure that your district or charter school's fiscal year 2021-22 audit is being conducted by one of these approved firms.

FY 2021-22 Annual Audit Guide

The SCDE Annual Audit Guide and template for FY 2021-22 is located on the SCDE website at [Annual Audit Guide and Template for Fiscal Year 2021 - 2022](#). A memo regarding audit requirements was distributed to districts on Tuesday, October 11, 2022. The memo can be found at [Annual Audit Report Submission](#).

ESSER – Indirect Cost

ESSER funds are not subjected to the supplement, not supplant requirement. Therefore, districts may claim up to the approved unrestricted indirect cost for this program.

ESSER – Unallowable Expenditures

According to ED, LEAs may not spend ESSER funds on:

- Subsidizing or offsetting executive salaries and benefits of individuals who are not LEA employees, or
- Expenditures related to state or local teacher or faculty unions or associations.
