- : On the paint job, we had to dismiss Stephenson Pressley. His work was poorly done. I have pictures of his work. I asked him to come back and clean up his work. He failed to do it.
- : The Electric bill went up, the workers used the heat from the building and I'm assuming the next bill will be high as well. I spoke to them about using our heat and that they could no longer use the heat from the building.
- : We have to get a professional license painter to correct the paint on the inside of the building. It will be very costly.
