Grand Total	\$211,000.00	

Please explain how these funds will be used to provide a public benefit:

These funds, provided through Pattison's Academy Charter School, will support continuity of care and service provision for 54-57 children with severe and profound disabilities throughout the greater Charleston community. These students are considered to have profound cognitive impairments, often in combination with severe orthopedic, visual, auditory, or other health impairments. The funding will enable the charter school to design and implement individualized, intensive interdisciplinary education programs that integrate academic and therapeutic enrichment with the enhanced medical services required for these students to reach their full potential safely. The charter school serves students in grades Pre-K 4 through High School up to age 21. Without these funds and the support of Pattison's Academy Charter School, these students would typically be deemed suitable only for homebound services, which provide minimal academic, therapeutic, or health oversight.
