MEMORANDUM

TO: District Superintendents
District Finance Directors
District Public Information Officers
District Information Technology Leaders

FROM: Valarie Byrd
Senior Consultant, Office of Educational Technology & Accessibility

DATE: November 28, 2023

RE: School District Website Requirements 2023

The South Carolina Department of Education (SCDE) has created a [document](#) containing state and federal requirements for school district websites and other public awareness resources for the 2023 school year.

Websites are used as a resource to communicate with local, state, and national communities. The accessibility of this content is sometimes required by state and federal regulation.

Districts should use the [SCDE website](#) as a reference to validate if school and district websites are in compliance with these requirements.

If you have questions, please contact Valarie Byrd at vbyrd@ed.sc.gov, 803-734-1434.
