STATE SUPERINTENDENT OF EDUCATION

MEMORANDUM

TO: District Superintendents
District Finance Officers
District Technology Leaders

FROM: Molly M. Spearman
State Superintendent of Education

DATE: May 7, 2018

RE: South Carolina Technology Counts 2017–18

This message is to inform you that the annual online South Carolina Technology Counts submission portal for the 2017–18 reporting period will be accessible and ready for updating on Monday, May 14, 2018.

This process of reporting your organization's technology status has been in place for a number of years. Information collected will assist with reporting requirements. In addition, the South Carolina Technology Counts data are used by several state and national groups to report on the status of education technology around the country. This year's deadline to complete the annual reporting is 5:00 p.m., Monday, July 16, 2018.

The Technology Counts portal will be available via the SCDE's online [Member Center](#). Instructions for access to the portal and a listing of Technology Counts questions can be acquired via the SCDE [website](#). If you have any questions or concerns, please contact Valarie Byrd at 803-734-1434 or vbyrd@ed.sc.gov.
