STATE OF SOUTH CAROLINA
DEPARTMENT OF EDUCATION

MOLLY M. SPEARMAN
STATE SUPERINTENDENT OF EDUCATION

MEMORANDUM

TO: District Superintendents
District Web Access Coordinators
District Information Technology (IT) Leaders

FROM: Elizabeth Carpentier
Deputy Superintendent, Division of Data, Technology, and Agency Operations

DATE: August 28, 2020

RE: Update to Calendar and Closure Application

The South Carolina Department of Education (SCDE) is pleased to announce an update to the Calendar and Closure Application available within the Web Application Portal, which will allow the appropriate district personnel to update the current status to one of three choices, Full Face-to-Face, Hybrid, or Full Remote Learning. This update will provide real time information to the SCDE, AccelerateSC, South Carolina Emergency Management Division, and to the public via the SCDE website.

Districts are asked to review and update their COVID Operational Status as necessary**.** The application is available in the Web Application Portal by selecting Calendar and Closures. Inside the application, the user can select Dashboard and COVID Status in the drop down that appears. **Users needing access to the application should contact their Web Access Coordinator (WAC) at their district office.**

Jeff Henry will be the agency contact for this system. If you have any questions, please contact him at rhenry@ed.sc.gov.
