AW – Awaiting *A temporary proficiency level coding status.	The student has not yet participated in ELP identification screening, or the ELP assessment window ended/the student missed one or more domains of the ELP assessment, in which case a Composite score must be obtained through the WIDA Screener, WIDA Alternate Screener, or WIDA MODEL. The PL should then be updated to reflect that score.	ELP Assessment status is determined after ELP’s initial assessment is completed.
AW – Awaiting *A temporary proficiency level coding status.	English proficiency level 11 changes to AW at the end of each school year to indicate that identification screening must occur when a district initializes PowerSchool data.	ELP Assessment status is determined after ELP’s initial assessment is completed.
SSI – Supplemental Support Identification	“SSI - Supplemental Support Identification” is an added option in the “Proficiency Levels (PL)” field on the SC Student Information page in PowerSchool. This option should be selected for children who are attending private school, homeschool, adult education, Department of Defense (DOD), or are too young to be enrolled in a SC public school.	N
