MEMORANDUM

TO: District Superintendents

Office of Special Education Services

RE: eVault Renewal for 2015–16 School Year

As we continue to use our new special education system, *SC Enrich IEP*, I am pleased to inform you that the Office of Special Education Services (OSES) has renewed the eVault service contract with Excent. The eVault service allows districts to continue to access and view (read only) old special education records and documents from the previous system (*Excent IEP*). The eVault service also allows districts to run reports from the data in the old system.

The eVault renewal extends the existing service contract from August 1, 2015, through June 30, 2016. Please be aware that OSES will not renew or extend this service beyond June 30, 2016. Consequently, district staff should make plans to move the old documents to another format or another system, or to renew eVault through a district contract, in anticipation of the eVault expiration date. If you choose to extend your district's use of the eVault service after June 30, 2016, please contact Excent directly.

If you have any questions or need additional information, please contact Peter Keup at (803) 734-6771, pkeup@ed.sc.gov, or me at (803) 734-8224, jrpayne@ed.sc.gov.
