3. Prior to September 30 of each school year, the State Department of Education shall disseminate a copy of the model safe schools checklist to every public school district in the state.
  4. School districts shall be advised by the Department of Education of the requirement to use a safe schools checklist in compliance with Section 59-5-65, S.C. Code of Laws, 1976. This safety assessment should be part of the comprehensive needs assessment conducted for school improvement purposes in compliance with Section 59-20-60(4)(d), S.C. Code of Laws, 1976. In particular, a safe schools checklist should be utilized in determining "school climate" needs, one of the six indicators of school effectiveness.

- Each school shall provide adequate first aid supplies and equipment.
- C. Support for Authorities.
- The Board urges all citizens to continue their active and vigorous support of the local school and civil authorities in insuring the personal safety and security of all students and teachers.
- D. Emergency and Disaster Plans.
- A plan shall be designed to provide for the protection and welfare of students in the event of any disaster (tornado, hurricane, fire, etc.) which threatens to involve the school community. Each school shall conduct at least one emergency drill within the first month of school to insure safety against such disasters.
- E. Guidelines will be developed by the State Department of Education, which will refer to statutory provisions relating to school safety, as well as additional information. The State Department of Education will review and update these guidelines as needed.
