Application for FY 2014 New Awards Competition
Section 1003(g) of the
Elementary and Secondary Education Act
Fiscal Year 2014
CFDA Number: 84.377A

State Name: South Carolina

U.S. Department of Education
Washington, D.C. 20202

OMB Number: 1810-0682
Expiration Date: September 30, 2016

Paperwork Burden Statement

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. Public reporting burden for this collection of information is estimated to average 100 hours per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. The obligation to respond to this collection is required to obtain or retain benefit (authorized under section 1003(g) of title I of the Elementary and Secondary Education Act of 1965, as amended (ESEA). Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the U.S. Department of Education, 400 Maryland Ave., SW, Washington, DC 20210-4537 or email ICDocketMgr@ed.gov and reference the OMB Control Number 1810-0682. Note: Please do not return the completed School Improvement Grant application to this address.
SCHOOL IMPROVEMENT GRANTS

Purpose of the Program
School Improvement Grants (SIG), authorized under section 1003(g) of Title I of the Elementary and Secondary Education Act of 1965 (Title I or ESEA), are grants to State educational agencies (SEAs) that SEAs use to make competitive subgrants to local educational agencies (LEAs) that demonstrate the greatest need for the funds and the strongest commitment to use the funds to provide adequate resources in order to raise substantially the achievement of students in their lowest-performing schools. The Department published final requirements for the SIG program in the Federal Register on October 28, 2010 (http://www.gpo.gov/fdsys/pkg/FR-2010-10-28/pdf/2010-27313.pdf). In 2015, the Department revised the final requirements to implement language in the Consolidated Appropriations Act, 2014, and the Consolidated and Further Continuing Appropriations Act, 2015, that allows LEAs to implement additional interventions, provides flexibility for rural LEAs, and extends the grant period from three to five years. The revisions to the requirements also reflect lessons learned from four years of SIG implementation. Finally, since the final requirements for the SIG program were published in 2010, 44 SEAs received approval to implement ESEA flexibility, pursuant to which they no longer identify Title I schools for improvement, corrective action, or restructuring. To reflect this change, the revised requirements make an LEA with priority schools, which are generally a State’s lowest-achieving Title I schools, and focus schools, which are generally the schools within a State with the largest achievement gaps, eligible to receive SIG funds.

Availability of Funds

State and LEA Allocations
Each State (including the District of Columbia and Puerto Rico), the Bureau of Indian Education, and the outlying areas are eligible to apply to receive a SIG grant. The Department will allocate FY 2014 SIG funds in proportion to the funds received in FY 2014 by the States, the Bureau of Indian Education, and the outlying areas under Parts A, C, and D of Title I of the ESEA. An SEA must allocate at least 95 percent of its SIG funds directly to LEAs in accordance with the final requirements. The SEA may retain an amount not to exceed five percent of its allocation for State administration, evaluation, and technical assistance.
**Electronic Submission:**
The Department strongly prefers to receive an SEA’s FY 2014 SIG application electronically. The application should be sent as a Microsoft Word document, **not** as a PDF.

Each SEA should submit its FY 2014 application to its individual State mailbox address at: OSS.[State]@ed.gov

In addition, the SEA must submit a paper copy of the cover page signed by the SEA’s authorized representative to the address listed below under “Paper Submission.”

**Paper Submission:**
If an SEA is not able to submit its application electronically, it may submit the original and two copies of its SIG application to the following address:

- Jim Butler, Group Leader
- Office of State Support, OESE
- U.S. Department of Education
- 400 Maryland Avenue, SW, Room 3W246
- Washington, DC 20202-6132

Due to potential delays in government processing of mail sent through the U.S. Postal Service, SEAs are encouraged to use alternate carriers for paper submissions.

**Application Deadline**
Applications are due no later than April 15, 2015.

**For Further Information**
If you have any questions, please contact your OSS State contact or Jim Butler at (202) 260-9737 or by e-mail at james.butler@ed.gov. Additional technical assistance, including webinars for State staff, will be provided after the SIG final requirements are published in the Federal Register.

Signature of the Chief State School Officer:  

**The State, through its authorized representative, agrees to comply with all requirements applicable to the School Improvement Grants program, including the assurances contained herein and the conditions that apply to any waivers that the State receives through this application.**
PART I: SEA REQUIREMENTS

The directions below indicate information an SEA must provide in its application for a School Improvement Grant under section 1003(g). Where relevant, these directions distinguish between the information that must be provided by SEAs that have approved requests for ESEA flexibility and those that do not. For any section that is not applicable to a particular SEA, the SEA should write “Not Applicable.”

A. ELIGIBLE SCHOOLS

For SEAs not approved for ESEA Flexibility: Definition of Persistently Lowest-Achieving Schools and Eligible Schools: As part of its FY 2014 application, an SEA must provide a list, by LEA, of each Tier I, Tier II, and Tier III school in the State. In providing its list of schools, the SEA must indicate whether a school has been identified as a Tier I or Tier II school solely because it has had a graduation rate below 60 percent over a number of years.

Along with its list of Tier I, Tier II, and Tier III schools, the SEA must provide the definition that it used to develop this list of schools. If the SEA’s definition of persistently lowest-achieving schools that it makes publicly available on its Web site is identical to the definition that it used to develop its list of Tier I, Tier II, and Tier III schools, it may provide a link to the page on its Web site where that definition is posted rather than providing the complete definition.

Directions: SEAs that generate new lists should create this table in Excel using the format shown below and attach the list to this application. An example of the table has been provided for guidance.

EXAMPLE:

<table>
<thead>
<tr>
<th>LEA NAME</th>
<th>LEA NCES ID#</th>

1 “Newly Eligible” refers to a school that was made eligible to receive SIG funds by the Consolidated Appropriations Act, 2014. A newly eligible school may be identified for Tier I or Tier II because it has not made adequate yearly progress for at least two consecutive years; is in the State’s lowest quintile of performance based on proficiency rates on State’s assessments; and is no higher achieving than the highest-achieving school identified by the SEA as a “persistently lowest-achieving school” or is a high school that has a graduation rate less than 60 percent over a number of years.
For SEAs approved for ESEA flexibility: Eligible Schools List: Each SEA should provide a link to the page on its Web site or a link to the specific page(s) in its approved ESEA flexibility request that includes a list of priority and focus schools. That list should clearly indicate which schools are SIG-eligible (i.e., meet the definition of priority or focus school in the document titled ESEA Flexibility).

South Carolina’s list of Priority Schools is at http://ed.sc.gov/data/esea/2014/docs/Priority_Schools.pdf and the list of Focus Schools is at http://ed.sc.gov/data/esea/2014/docs/Focus_Schools.pdf.

For all SEAs: Awards not renewed, or otherwise terminated: All SEAs are required to list any LEAs with one or more schools for which funding under previously awarded SIG grants will not be renewed for the 2015-2016 school year. For each such school, note the date of nonrenewal or termination, reason for nonrenewal or termination, the amount of unused remaining funds, and explain how the SEA or LEA plans to use those funds.

If all schools have been renewed, please indicate not applicable (“N/A”) in the chart:

<table>
<thead>

B. STATE-DETERMINED MODEL (OPTIONAL)

An SEA may submit one State-determined model for the Secretary’s review and approval. Submission of a state-determined model is not required. *(Check applicable box below)*

☐ SEA is submitting a State-determined model for review and approval. *(Please attach to the application.)*

☒ SEA is not submitting a State-determined model.

To be approved, a State-determined model must meet the definition of whole-school reform model:

A whole-school reform model is a model that is designed to:

(a) Improve student academic achievement or attainment;
(b) Be implemented for all students in a school; and
(c) Address, at a minimum and in a comprehensive and coordinated manner, each of the following:
   1. School leadership
   2. Teaching and learning in at least one full academic content area (including professional learning for educators).
   3. Student non-academic support.
   4. Family and community engagement.
The actions listed in this section are ones that an LEA must take to receive a School Improvement Grant. Accordingly, the SEA must describe, with specificity, the criteria the SEA will use to evaluate an LEA’s application with respect to these criteria.

If applicable, the SEA should attach an LEA application review rubric that it will use to evaluate each of the actions listed below. If a rubric is attached, provide relevant page numbers below and a description if needed. If a rubric is not attached, provide a description of the evaluation criteria to be used.

☑ Check here if an LEA application review rubric is attached. The Scoring Rubric is part of the RFP for the LEA application; see the file “SC LEA SIG RFP” pages 37–56.

(1) The LEA has analyzed the needs of each Tier I and Tier II school, or each priority and focus school, as applicable, identified in the LEA’s application and has selected an intervention for each school that is designed to meet the specific needs of the school, based on a needs analysis that, among other things, analyzes the school improvement needs identified by families and the community, and takes into consideration family and community input in selecting the intervention for each school.

☑ The evaluation criteria for this action are included in the LEA application rubric.
Provide page number(s) in rubric: Pages 37–40

☐ The evaluation criteria for this action are not included in the LEA application rubric.
Provide description of evaluation criteria:

(2) The LEA has designed and will implement interventions consistent with the SIG requirements.

☑ The evaluation criteria for this action are included in the LEA application rubric.
Provide page number(s) in rubric: Pages 41–42

☐ The evaluation criteria for this action are not included in the LEA application rubric.
Provide description of evaluation criteria:

(3) The LEA has demonstrated it will use the School Improvement Grants funds to provide adequate resources and related support to each school it commits to serve in order to implement fully and effectively the selected intervention on the first day of the first school year of full implementation.

☑ The evaluation criteria for this action are included in the LEA application rubric.
Provide page number(s) in rubric: Pages 44–47

☐ The evaluation criteria for this action are not included in the LEA application rubric.
Provide description of evaluation criteria:

(4) The LEA has demonstrated how it has, or will, recruit, screen, and select external providers, if applicable, to ensure their quality, and regularly review and hold accountable such providers for their
performance.

☑ The evaluation criteria for this action are included in the LEA application rubric.
Provide page number(s) in rubric: Pages 49–51 (for 4.a.) and 43–44 (for 2.d)

☐ The evaluation criteria for this action are not included in the LEA application rubric.
Provide description of evaluation criteria:

(5) The LEA has demonstrated how it will align other resources with the selected intervention.

☑ The evaluation criteria for this action are included in the LEA application rubric.
Provide page number(s) in rubric: Pages 44–46

☐ The evaluation criteria for this action are not included in the LEA application rubric.
Provide description of evaluation criteria:

(6) The LEA has demonstrated how it will modify its practices or policies, if necessary, to enable it to implement the selected intervention fully and effectively.

☑ The evaluation criteria for this action are included in the LEA application rubric.
Provide page number(s) in rubric: Pages 48–49

☐ The evaluation criteria for this action are not included in the LEA application rubric.
Provide description of evaluation criteria:

(7) The LEA has demonstrated how it will provide effective oversight and support for implementation of the selected intervention for each school that it proposes to serve, such as by creating an LEA turnaround office.

☑ The evaluation criteria for this action are included in the LEA application rubric.
Provide page number(s) in rubric: Pages 49–51

☐ The evaluation criteria for this action are not included in the LEA application rubric.
Provide description of evaluation criteria:

(8) The LEA has demonstrated how it will meaningfully engage families and the community in the implementation of the selected intervention on an ongoing basis.

☑ The evaluation criteria for this action are included in the LEA application rubric.
Provide page number(s) in rubric: Pages 51–52

☐ The evaluation criteria for this action are not included in the LEA application rubric.
Provide description of evaluation criteria:

(9) The LEA has described how it will sustain the reforms after the funding period ends.
The evaluation criteria for this action are included in the LEA application rubric.
Provide page number(s) in rubric: Pages 53–54

☐ The evaluation criteria for this action are not included in the LEA application rubric.
Provide description of evaluation criteria:

(10) The LEA has demonstrated how, to the extent practicable, in accordance with its selected SIG intervention model(s), it will implement one or more evidence-based strategies.

☐ The evaluation criteria for this action are included in the LEA application rubric.
Provide page number in rubric: Page 47

☐ The evaluation criteria for this action are not included in the LEA application rubric.
Provide description of evaluation criteria:

(11) The LEA has demonstrated that it has the capacity to use school improvement funds to provide adequate resources and related support to each Tier I and Tier II school, or each priority and focus school, as applicable, identified in the LEA’s application in order to implement fully and effectively the selected intervention in each of those schools.

☐ The evaluation criteria for this action are included in the LEA application rubric.
Provide page number(s) in rubric: Pages 44–46 (2.e.) and 56 (budget)

☐ The evaluation criteria for this action are not included in the LEA application rubric.
Provide description of evaluation criteria:

(12) For an LEA eligible for services under subpart 1 or 2 of part B of Title VI of the ESEA (Rural Education Assistance Program) that proposes to modify one element of the turnaround or transformation model, the LEA has described how it will meet the intent and purpose of that element.

☐ The evaluation criteria for this action are included in the LEA application rubric.
Provide page number(s) in rubric:

N/A. No LEAs in South Carolina are eligible for services under subpart 1 or 2 of part B of Title VI of the ESEA.

☐ The evaluation criteria for this action are not included in the LEA application rubric.
Provide description of evaluation criteria:

(13) An LEA that proposes to use SIG funds to implement, in partnership with a whole school reform model developer, an evidence-based, whole-school reform model in a school, must demonstrate that (a) the evidence supporting the model includes a sample population or setting similar to that of the school to be served; and (b) it has partnered with a whole school reform model developer that meets the definition of “whole school reform model developer” in the SIG requirements.

☒ The evaluation criteria for this action are included in the LEA application rubric.
Provide page number(s) in rubric: Page 43

☐ The evaluation criteria for this action are not included in the LEA application rubric.
Provide description of evaluation criteria:

(14) For an LEA that proposes to use SIG funds to implement the restart model in one or more eligible schools, the LEA has demonstrated that it will conduct a rigorous review process, as described in the final requirements, of the charter school operator, charter management organization (CMO), or education management organization (EMO) that it has selected to operate or manage the school or schools.

- The evaluation criteria for this action are included in the LEA application rubric.
  Provide page number(s) in rubric: Pages 42–44

- The evaluation criteria for this action are not included in the LEA application rubric.
  Provide description of evaluation criteria:

D. LEA BUDGETS: In addition to the evaluation criteria listed in Section C, the SEA must describe how it will evaluate an LEA’s budget and application.

The SEA must describe how it will review each LEA’s budget, including a description of the processes the SEA will use to determine if it is appropriate to award an amount different than that requested in the LEA’s budget request.

*Please note that an SEA may make a SIG award to an LEA for up to five years for a particular school, of which the LEA may use one school year for planning and other pre-implementation activities, must use at least three school years for full implementation of the selected intervention, and may use up to two school years for activities related to sustaining reforms following at least three years of full intervention implementation. The LEA budget should address the entire grant period. An LEA may not receive more than five years of SIG funding for a particular school.

South Carolina will use the following process to review the budget and application of the LEA requesting funding for the School Improvement Grant. Budget amendments will follow the same sequence of steps.
An eligible LEA will submit a budget with their subgrant application using a template provided by the SCDE Office of School Transformation. The scoring rubric will include a budget section to be completed as a part of the grant application review process. This section will be rated “meets/acceptable” or “not meets/not acceptable”; reviewers will consider how the proposed budget aligns with the objectives and strategies proposed and the proposed reform model. The SCDE will provide technical assistance to eligible LEAs prior to the application submission deadline to support development of robust, appropriate, and aligned budgets.

LEA applicants should score at least “meets” on the grant application scoring rubric for items that align with evaluation criteria 3, 9, and 11 (see Section C above) as the first step with indicating financial compliance. The LEA application must score a minimum of 80 to be favorable for funding consideration.

During the planning year and the implementation years, subgrant LEAs will be required to submit detailed reports for expenditures as part of their grant activity reports. The SCDE will conduct bi-monthly desk top monitoring based on grant activity reports and at least one annual on-site monitoring visit to review purchases and ensure compliance with the financial grant guidelines. More frequent on-site visits will be scheduled if needed. All LEAs will be required to maintain and submit an annual inventory for purchases applicable to their SIG project.

Subgrant LEAs may amend their budgets if needed and will be required to provide a written justification narrative to support the requested budget revision.
E. TIMELINE: An SEA must describe its process and timeline for approving LEA applications.

South Carolina plans to use the FY 2014 funds to make multi-year awards to LEA subgrantees; these funds are estimated to support the planning year (year 1) and first implementation year (year 2).

F. DESCRIPTIVE INFORMATION: An SEA must include the information below.

1. Describe the SEA’s process for reviewing an LEA’s annual goals for student achievement to ensure they are rigorous, relevant, and attainable for its Tier I and Tier II schools, or for its priority and focus schools, as applicable, and describe how the SEA will determine whether to renew an LEA’s School Improvement Grant with respect to one or more Tier I or Tier II schools, or one or more priority or focus schools, in an LEA that is not meeting those goals and making progress on the leading indicators in section III of the final requirements.

Eligible LEAs in South Carolina (i.e., those with identified Priority Schools and Focus Schools as required by the state’s ESEA Flexibility Waiver) will apply during the 2015 competitive funding round and must agree to a five-year commitment, which will include a planning year, three implementation years, and a sustainability year. With technical assistance from the SCDE, goals will be assessed and revised during the LEA’s planning year to ensure rigor, relevance, and attainability.

To assist with evaluating the participating LEA’s annual goals, the SCDE Office of School Transformation (the administrative office for the SCDE’s School Improvement Grant) will develop an annual performance report.
(APR) template tailored to grant phase (i.e., planning, implementation, or sustainability) and the specific reform models being implemented. All participating LEAs in the implementation or sustainability years will be provided with the template. Prior to its use, the template will be approved by the Council of Practitioners and the SERVE Center at UNC-Greensboro, which will continue to serve as the external evaluator for the SEA’s implementation of SIG Cohort 3. We will use the SERVE evaluation plan, as well as LEA reports, for reviewing LEA annual goals.

The APR template for implementation years will require that the LEA analyze school-specific data required in section III of the SIG report for that year, compare results with baseline data for the year prior to SIG implementation, and provide the SCDE with reflective information by school related to student outcomes, academic progress, student connection, and school climate and the specific elements of the school’s chosen reform model. In addition, the implementation APR will ask the LEA to review its annual goals for the next year to ensure they are rigorous, relevant, and attainable.

The SIG Program Coordinator will set the due date for the APR, provide the template, and review each LEA’s submission. All participating LEAs in implementation years will receive and be required to complete the APR template for each school they are serving. The SIG Program Coordinator will use the following questions to review the LEA’s submission for each school they are serving:

- Has the appropriate data been shared and adequately analyzed?
- Does the LEA’s reflection provide adequate depth of thinking related to student outcomes, academic progress, student connection, and school climate?
- Is the school meeting the goals approved for their project?
- Is the school implementing all required elements of their reform model?

The SIG Program Coordinator will also consider the following additional questions regarding the LEA’s annual performance:

- Have all requested monthly program and financial reports for the year been submitted on time and in full?
- According to the annual SERVE evaluation, has the LEA upheld fidelity of implementation of the chosen reform model(s)?
- Is the LEA providing effective oversight and support for the implementation of the chosen reform model in each school?

Based on answers to the questions, the Program Coordinator will recommend renewal, renewal with additional SCDE assistance, or non-renewal.

Any recommendations for non-renewal will be referred to the South Carolina School Improvement Team, which includes the Director of the Office of School Transformation, for further analysis of the evidence. The Director will notify the LEA that one or more schools in its district have been recommended for non-renewal, and invite the LEA to a hearing. At the hearing, the LEA must provide persuasive evidence to the School Improvement Team that it has the capacity and strong commitment to meet requirements for the next program year and can demonstrate a plan for doing so. At the conclusion of the hearing, the Team will recommend renewal, renewal with additional SCDE assistance, or non-renewal. If a decision of renewal with additional
SCDE assistance is reached, the School Improvement Team will work with the SIG Program Coordinator to identify and provide needed assistance.

(2) Describe the SEA’s process for renewing the SIG award of an LEA that received SIG funds for a school year of planning and other pre-implementation activities for a school, including the SEA’s process for reviewing the performance of the school against the LEA’s approved application to determine whether the LEA will be able to fully implement its chosen intervention for the school beginning the first day of the following school year.

Subgrant LEAs must agree to a five-year commitment that includes a required planning year. At the end of the planning year, the SCDE must determine whether the SIG schools demonstrate a level of readiness sufficient to implement their approved reform plans successfully. This determination will begin with an assessment of the subgrant LEAs.

Toward the end of the planning year, all subgrant LEAs will be provided with an annual performance report (APR) template tailored to the planning phase that the SCDE has developed in collaboration with the SERVE Center at UNC-Greensboro (external evaluator). The planning APR template will ask the LEA to assess the planning activities of their school(s) and each school’s readiness for full implementation of their respective reform plan. Planning year APR templates will be differentiated based on the reform model(s) to be implemented by the LEA’s school(s); for example, an LEA with one SIG school that will implement the transformation model will complete a planning year tailored to address the specific elements of that model. Likewise, an LEA with two SIG schools that will implement different reform models will complete two planning-year templates in order to address specific elements of each school’s chosen reform model.

The SIG Program Coordinator will set the due date for the planning year APR, provide the template, and review each LEA’s submission. Each submission will be assessed using the following questions:

- Has the LEA instituted all planning activities outlined in its original proposal?
- Has the LEA adequately demonstrated that each school is ready to engage in the proposed implementation activities of their chosen reform model?

For each school the LEA is serving:
- Did the school meet the planning year goals approved for their project?
- Is the school ready to implement the required elements of their chosen reform model?

The SIG Program Coordinator will also consider the following additional questions regarding the LEA’s planning-year performance:

- Have all requested monthly program and financial reports been submitted on time and in full?
- According to the annual SERVE evaluation, does the LEA have sufficient capacity to begin implementation of the chosen reform model(s) in the school(s) it will serve?
- Has the LEA demonstrated the administrative capacity to provide effective oversight and support for the implementation of the chosen reform model(s) in the school(s) it will serve? (For example, for an LEA with a school that plans to implement the reform model, has the LEA demonstrated sufficient ability to hold the EMO or CMO accountable?)
Based on the answers to those questions, the SIG Program Coordinator will recommend renewal for implementation, renewal with additional SCDE planning/implementation assistance, or non-renewal.

Any recommendations for non-renewal will be referred to the South Carolina School Improvement Team, which includes the Director of the Office of School Transformation, for further analysis of the evidence. The Director will notify the LEA that one or more schools in its district have been recommended for non-renewal and invite the LEA to a hearing. At the hearing, the LEA must provide persuasive evidence to the School Improvement Team that it has the capacity and strong commitment to meet the requirements for the first year of reform-model implementation in its school(s) and can demonstrate a plan for doing so. At the conclusion of the hearing, the Team will recommend renewal for implementation, renewal with additional SCDE planning/implementation assistance, or non-renewal. If a decision of SCDE planning/implementation assistance is reached, the School Improvement Team will work with the SIG Program Coordinator to identify and provide needed assistance.

(3) Describe how the SEA will monitor, including the frequency and type of monitoring (e.g., on-site, desk, self-reported) each LEA that receives a School Improvement Grant to ensure that it is implementing a school intervention model fully and effectively in the Tier I and Tier II schools, or priority and focus schools, as applicable, the LEA is approved to serve.

Each school in an LEA receiving SIG funds will be required to submit a monthly grant activity report to the SIG Program Coordinator, including both a programmatic component outlining activities and a financial component analyzing that month’s expenditures. Funds will be distributed on a cost-reimbursement basis to the LEA. The SIG Program Coordinator will monitor the subgrant LEA’s overall financial expenditures via the SCDE’s online GAPS (Grants Accounting Processing System) as part of the monthly review.

The monthly grant activity report will include a request for information related to the actions an LEA has taken, as outlined in its approved SIG application, to recruit, select, and provide oversight to external providers, including charter school operators and CMOs, to ensure their quality and regularly review and hold accountable such providers for their performance.

Each subgrant LEA and their participating school(s) will undergo a minimum of one desktop review and one on-site monitoring visit each program year. A desktop review checklist and on-site monitoring checklist will be developed and shared with the LEA and the school(s) prior to any review or visit. Additional desktop or on-site monitoring will be implemented on an as-needed basis if warranted (i.e., the SIG Program Coordinator or other staff of the Office of School Transformation identify issues regarding how the LEA/school is implementing the reform model or there are other concerns).

(4) Describe how the SEA will prioritize School Improvement Grants to LEAs if the SEA does not have sufficient school improvement funds to serve all eligible schools for which each LEA applies.

The SCDE will prioritize School Improvement Grants to LEAs with priority schools before LEAs with focus schools, and LEAs and schools that demonstrate a greater capacity to change over LEAs and schools demonstrating less capacity. Capacity will be assessed through the application scoring and the pre-award risk assessment required by 2 CFR Part 200.

The SCDE’s prior experience with South Carolina SIG LEAs and schools has taught us that the LEA’s and
school’s capacity to be successful requires that they demonstrate a focus on turnaround and a coherence of ideas around leadership, curriculum, instruction, and assessment.

(5) For SEAs not approved for ESEA flexibility, describe the criteria, if any, which the SEA intends to use to prioritize among Tier III schools.

N/A. South Carolina is approved for ESEA flexibility.

(6) For SEAs not approved for ESEA flexibility, describe the SEA’s process for reviewing the goals an LEA establishes for its Tier III schools (subject to approval by the SEA) to ensure they are rigorous, relevant, and attainable and how the SEA will determine whether to renew an LEA’s School Improvement Grant with respect to one or more Tier III schools in the LEA that are not meeting those goals.

N/A. South Carolina is approved for ESEA flexibility.

G. ASSURANCES: The SEA must provide the assurances set forth below.

By submitting this application for new awards, the SEA assures that it will do or has done the following (check each box):

☒ Comply with the final requirements and ensure that each LEA carries out its responsibilities outlined in the final requirements.

☒ Consult with its Committee of Practitioners regarding the information set forth in this application.

☒ Award each approved LEA a School Improvement Grant in an amount that is of sufficient size and scope to implement the selected intervention in each Tier I and Tier II school, or each priority or focus school, as applicable, that the SEA approves the LEA to serve.

☒ Award each School Improvement Grant to an LEA based on an individual review of each application and a case-by-case determination of the amount needed to plan for implementation, as applicable, to fully implement a model for three years, and sustain the model, as applicable, rather than make grant awards based on a formula.

☒ Monitor and evaluate the actions an LEA has taken, as outlined in its approved SIG application, to recruit, select and provide oversight to external providers, including charter school operators and CMOs, to ensure their quality and regularly review and hold accountable such providers for their performance.

☒ Monitor and evaluate the actions the LEA has taken, as outlined in its approved SIG application, to sustain the reforms after the funding period ends.

☒ If a school implementing the restart model becomes a charter school LEA, hold the charter school operator or CMO accountable, or ensure that the charter school authorizer holds the respective entity accountable, for meeting the final requirements.

☒ Post on its Web site, within 30 days of awarding School Improvement Grants, all final LEA applications and a summary of the grants that includes the following information: name and NCES identification number of each LEA awarded a grant; amount of each LEA’s grant; name and NCES identification number of each school to be served; and type of intervention to be implemented in each Tier I and Tier II school or priority and focus school, as applicable. An SEA must post all LEA applications, including those of applicants that did not receive awards, as well as applications to serve Tier III schools. Additionally, if an LEA amends an application, the SEA will
post the amended application.

☒ Report the specific school-level data required in section III of the final SIG requirements, including baseline data for the year prior to SIG implementation.

☒ If the SEA intends to provide services directly to any schools in the absence of a takeover, seek and obtain approval from the LEA to have the SEA provide the services directly prior to providing services.

☒ Prior to submitting its School Improvement Grant application, provide all LEAs in the State that are eligible to receive School Improvement Grants with notice and a reasonable opportunity to comment on its waiver request(s) and attach a copy of that notice as well as copies of any comments received from LEAs to this application. The SEA also assures that it has provided notice and information regarding the waiver request(s) described below, if applicable, to the public in the manner in which the SEA customarily provides such notice and information to the public (e.g., by publishing a notice in the newspaper; by posting information on its Web site) and has attached a copy of, or link to, that notice.

See the PDF “Waiver notification to eligible LEAs” which contains the email distribution message and memorandum that was attached; no comments were received.

H. SEA RESERVATION: The SEA may reserve an amount not to exceed five percent of its School Improvement Grant for administration, evaluation, and technical assistance expenses.

The SEA must briefly describe the activities related to administration, evaluation, and technical assistance (e.g. funding staff positions, supporting statewide support, etc.) that the SEA plans to conduct with any State-level funds it chooses to reserve from its School Improvement Grants allocation.

The SCDE will reserve 5 percent of the carryover FY 2014 SIG funds and 5 percent of the FY 2015 SIG funds (total estimate of $717,396) to administer and evaluate the program and provide support and technical assistance to the subgrant LEAs and their schools.

Technical assistance and professional development during the planning year will be implemented based on the SCDE’s assessment of LEA and school needs and will likely focus on root-cause analysis, needs assessment, data analysis, and effective strategic planning for preparing to implement the chosen reform model(s). During the implementation years, technical assistance and professional development will likely focus on planning and leadership, progress monitoring and program evaluation, instructional strategies, and formative assessment tailored to the reform model(s) being implemented. Whenever possible and appropriate, the SCDE will create opportunities for participating LEAs and schools to network and share ideas and strategies, as well as connect with prior South Carolina SIG schools that have been successful and “turned around.” Professional development in all years of the grant project will be state-level, LEA-level, and/or school-level as appropriate, with funds used to support acquiring materials and travel.

In addition, funds will be used to hire staff for the SIG program as needed, allow SIG-related staff to participate in national dialogues pertaining to school turnaround, and otherwise develop the capacity of staff within the Office of School Transformation to better serve LEAs and schools. Funds will be used to provide monitoring and evaluation by the Program Coordinator and the SERVE Center of UNC-Greensboro as external evaluator.
South Carolina requests a waiver of the requirements it has indicated below. The SEA believes that the requested waiver(s) will increase its ability to implement the SIG program effectively in eligible schools in the State in order to improve the quality of instruction and raise the academic achievement of students in Tier I, Tier II, and Tier III schools or in its priority and focus schools, as applicable, or will allow any LEA in the State that receives a School Improvement Grant to use those funds in accordance with the final requirements for School Improvement Grants and the LEA’s application for a grant.

### Part 1: Waivers Available to All States

**Waiver 1: Period of availability of FY 2014 funds waiver**

Note: This waiver only applies to FY 2014 funds for the purpose of making five-year awards to eligible LEAs. ✔ In order to extend the period of availability beyond September 30, 2016, waive section 421(b) of the General Education Provisions Act (20 U.S.C. § 1225(b)) to extend the period of availability of FY 2014 school improvement funds for the SEA and all of its LEAs to September 30, 2020.

### Part 2: Waivers Available Only to States Not Approved for ESEA Flexibility

**Waiver 1: Tier II waiver**

In order to enable the State to generate new lists of Tier I, Tier II, and Tier III schools for its FY 2014 competition, waive paragraph (a)(2) of the definition of “persistently lowest-achieving schools” in Section I.A.3 of the SIG final requirements and incorporation of that definition in identifying Tier II schools under Section I.A.1(b) of those requirements to permit the State to include, in the pool of secondary schools from which it determines those that are the persistently lowest-achieving schools in the State, secondary schools participating under Title I, Part A of the ESEA that have not made adequate yearly progress (AYP) for at least two consecutive years or are in the State’s lowest quintile of performance based on proficiency rates on the State’s assessments in reading/language arts and mathematics combined.

**Assurance**

The State assures that it will include in the pool of schools from which it identifies its Tier II schools all Title I secondary schools not identified in Tier I that either (1) have not made AYP for at least two consecutive years; or (2) are in the State’s lowest quintile of performance based on proficiency rates on the State’s assessments in reading/language arts and mathematics combined. Within that pool, the State assures that it will identify as Tier II schools the persistently lowest-achieving schools in accordance with its approved definition. The State is attaching the list of schools and their level of achievement (as determined under paragraph (b) of the definition of “persistently lowest-achieving schools”) that would be identified as Tier II schools without the waiver and those that would be identified with the waiver. The State assures that it will ensure that any LEA that chooses to use SIG funds in a Title I secondary school that becomes an eligible Tier II school based on this waiver will comply with the SIG final requirements for serving that school.

**Waiver 2: n-size waiver**

In order to enable the State to generate new lists of Tier I, Tier II, and Tier III schools for its FY 2014 competition, waive the definition of “persistently lowest-achieving schools” in Section I.A.3 of the SIG final
requirements and the use of that definition in Section I.A.1(a) and (b) of those requirements to permit the State to exclude, from the pool of schools from which it identifies the persistently lowest-achieving schools for Tier I and Tier II, any school in which the total number of students in the “all students” group in the grades assessed is less than [Please indicate number].

Assurance

☐ The State assures that it determined whether it needs to identify five percent of schools or five schools in each tier prior to excluding small schools below its “minimum n.” The State is attaching, and will post on its Web site, a list of the schools in each tier that it will exclude under this waiver and the number of students in each school on which that determination is based. The State will include its “minimum n” in its definition of “persistently lowest-achieving schools.” In addition, the State will include in its list of Tier III schools any schools excluded from the pool of schools from which it identified the persistently lowest-achieving schools in accordance with this waiver.

Waiver 3: School improvement timeline waiver

Note: An SEA that requested and received the school improvement timeline waiver for the FY 2013 competition and wishes to also receive the waiver for the FY 2014 competition must request the waiver again in this application.

Schools that started implementation of a SIG model in the 2011-2012, 2012-2013, 2013-2014 school years cannot request this waiver to “start over” their school improvement timeline again.

☐ Waive section 1116(b)(12) of the ESEA to permit LEAs to allow their Tier I or Tier II title I participating schools that will fully implement a SIG model beginning in the 2015–2016 school year to “start over” in the school improvement timeline.

Assurances

☐ The State assures that it will permit an LEA to implement this waiver only if the LEA receives a School Improvement Grant and requests the waiver in its application as part of a plan to implement a SIG model beginning in the 2015–2016 school year in a school that the SEA has approved it to serve. As such, the LEA may only implement the waiver in Tier I and Tier II schools, as applicable, included in its application.

☐ The State assures that, if it is granted this waiver, it will submit to the U.S. Department of Education a report that sets forth the name and NCES District Identification Number for each LEA implementing a waiver.

Waiver 4: Schoolwide program waiver

Note: An SEA that requested and received the schoolwide program waiver for the FY 2013 competition and wishes to also receive the waiver for the FY 2014 competition must request the waiver again in this application.

☐ Waive the 40 percent poverty eligibility threshold in section 1114(a)(1) of the ESEA to permit LEAs to implement a schoolwide program in a Tier I or Tier II Title I participating school that does not meet the poverty threshold and is fully implementing one of the seven school intervention models.
The State assures that it will permit an LEA to implement this waiver only if the LEA receives a School Improvement Grant and requests to implement the waiver in its application. As such, the LEA may only implement the waiver in Tier I and Tier II schools, as applicable, included in its application.

The State assures that, if it is granted this waiver, it will submit to the U.S. Department of Education a report that sets forth the name and NCES District Identification Number for each LEA implementing a waiver.
An SEA must develop an LEA application form that it will use to make subgrants of School Improvement Grant funds to eligible LEAs. SEAs should attach their LEA application. Please see the attached Request for Proposals (file titled “SC LEA SIG RFP”).

LEA APPLICATION REQUIREMENTS

The LEA application form that the SEA uses must contain, at a minimum, the information set forth below. An SEA may include other information that it deems necessary in order to award school improvement funds to its LEAs.

A. SCHOOLS TO BE SERVED: An LEA must include the following information with respect to the schools it will serve with a School Improvement Grant.

An LEA must identify each Tier I, Tier II, and Tier III school, or each priority and focus school, as applicable, the LEA commits to serve and identify the model that the LEA will use in each Tier I and Tier II school, or in each priority and focus school, as applicable.

The models the LEA may include are: (1) turnaround; (2) restart; (3) closure; (4) transformation; (5) state-determined model, if approved; (6) evidence-based whole school reform model; and (7) early learning model.

Example (LEAs in an SEA approved for ESEA flexibility):

<table>
<thead>
<tr>
<th>SCHOOL NAME</th>
<th>NCES ID #</th>
<th>PRIORITY</th>
<th>FOCUS (if applicable)</th>
<th>INTERVENTION</th>
</tr>
</thead>
<tbody>
<tr>
<td>Priority School ES #1</td>
<td>xxxxx</td>
<td>X</td>
<td></td>
<td>turnaround</td>
</tr>
<tr>
<td>Priority School HS #1</td>

<td>X</td>
<td></td>
<td></td>
<td>state-determined model</td>
</tr>
</tbody>
</table>

2An LEA in which one or more priority schools are located must serve all of these schools before it may serve one or more focus schools.

B. DESCRIPTIVE INFORMATION: An LEA must include the following information in its application for a School Improvement Grant.

(1) For each Tier I and Tier II school, or each priority and focus school, that the LEA commits to serve, the LEA must demonstrate that the LEA has analyzed the needs of each school, such as instructional programs, school leadership and school infrastructure, based on a needs analysis that, among other things, analyzes the needs identified by families and the community, and selected interventions for
each school aligned to the needs each school has identified.

(2) For each Tier I and Tier II school, or each priority and focus school, that the LEA commits to serve, the LEA must demonstrate that it has taken into consideration family and community input in selecting the intervention.

(3) The LEA must describe actions it has taken, or will take, to design and implement a plan consistent with the final requirements of the turnaround model, restart model, school closure, transformation model, evidence-based whole school reform model, early learning model, or state-determined model.

(4) The LEA must describe actions it has taken, or will take, to determine its capacity to provide adequate resources and related support to each Tier I and Tier II school, or each priority and focus school, identified in the LEA’s application in order to implement, fully and effectively, the required activities of the school intervention model it has selected on the first day of the first school year of full implementation.

(5) The LEA must describe actions it has taken, or will take, to recruit, screen, and select external providers, if applicable, to ensure their quality, and regularly review and hold accountable such providers for their performance.

(6) The LEA must describe actions it has taken, or will take, to align other resources (for example, Title I funding) with the selected intervention.

(7) The LEA must describe actions it has taken, or will take, to modify its practices or policies, if necessary, to enable it to implement the selected intervention fully and effectively.

(8) The LEA must describe how it will provide effective oversight and support for implementation of the selected intervention for each school it proposes to serve (for example, by creating an LEA turnaround office).

(9) The LEA must describe how it will meaningfully engage families and the community in the implementation of the selected intervention on an ongoing basis.

(10) The LEA must describe how it will sustain the reforms after the funding period ends.

(11) The LEA must describe how it will implement, to the extent practicable, in accordance with its selected SIG intervention model(s), one or more evidence-based strategies.

(12) The LEA must describe how it will monitor each Tier I and Tier II school, or each priority and focus school, that receives school improvement funds including by

a. Establishing annual goals for student achievement on the State’s assessments in both reading/language arts and mathematics; and,

b. Measuring progress on the leading indicators as defined in the final requirements.

(13) An LEA must hold the charter school operator, CMO, EMO, or other external provider accountable for meeting these requirements, if applicable.

(14) For an LEA that intends to use the first year of its School Improvement Grants award for planning and other pre-implementation activities for an eligible school, the LEA must include a description of the activities, the timeline for implementing those activities, and a description of how those activities will
lead to successful implementation of the selected intervention.

(15) For an LEA eligible for services under subpart 1 or 2 of part B of Title VI of the ESEA (Rural Education Assistance Program) that chooses to modify one element of the turnaround or transformation model, the LEA must describe how it will meet the intent and purpose of that element.

(16) For an LEA that applies to implement an evidence-based, whole-school reform model in one or more eligible schools, the LEA must describe how it will
   a. Implement a model with evidence of effectiveness that includes a sample population or setting similar to the population or setting of the school to be served; and
   b. Partner with a whole school reform model developer, as defined in the SIG requirements.

(17) For an LEA that applies to implement the restart model in one or more eligible schools, the LEA must describe the rigorous review process (as described in the final requirements) it has conducted or will conduct of the charter school operator, CMO, or EMO that it has selected or will select to operate or manage the school or schools.

(18) The LEA must include a timeline delineating the steps it will take to implement the selected intervention in each school identified in the LEA’s application.

(19) For each Tier III school the LEA commits to serve, the LEA must identify the services the school will receive or the activities the school will implement.

(20) The LEA must describe the goals it has established (subject to approval by the SEA) in order to hold accountable its Tier III schools that receive school improvement funds.

C. BUDGET: An LEA must include a budget that indicates the amount of school improvement funds the LEA will use each year in each Tier I, Tier II, and Tier III school, or each priority and focus school, it commits to serve.

The LEA must provide a budget that indicates the amount of school improvement funds the LEA will use in each school it proposes to serve and the funds it will use to —

- Conduct LEA-level activities designed to support implementation of the selected school intervention models in the LEA’s Tier I and Tier II schools, or priority and focus schools; and
- Support school improvement activities, at the school or LEA level, for each Tier III school identified in the LEA’s application (SEAs without ESEA flexibility only).

Note: An LEA’s budget should cover three years of full implementation and be of sufficient size and scope to implement the selected school intervention model in each Tier I, Tier II, priority, or focus school the LEA commits to serve. Any funding for activities during the pre-implementation period must be included in the first year of the LEA’s budget plan. Additionally, an LEA’s budget may include up to one full academic year for planning activities and up to two years to support sustainability activities. An LEA may not receive more than five years of SIG funding to serve a single school.

An LEA’s budget for each year may not exceed the number of Tier I, Tier II, and Tier III schools, or the number of priority and focus schools, it commits to serve multiplied by $2,000,000.

</tbody>
</table>

**Note:** An LEA may fill out both charts if it is applying for a planning year for some, but not all, of the schools it proposes to serve.

**D. ASSURANCES:** An LEA must include the following assurances in its application for a School Improvement Grant.

The LEA must assure that it will—

1. Use its School Improvement Grant to implement fully and effectively an intervention in each Tier I and Tier II school, or each priority and focus school, that the LEA commits to serve consistent with the final requirements.
2. Establish annual goals for student achievement on the State’s assessments in both reading/language arts and mathematics and measure progress on the leading indicators in section III of the final requirements in order
to monitor each Tier I and Tier II school, or priority and focus school, that it serves with school improvement funds, and establish goals (approved by the SEA) to hold accountable its Tier III schools that receive school improvement funds.

(3) Report to the SEA the school-level data required under section III of the final requirements, including baseline data for the year prior to SIG implementation.

(4) Ensure that each Tier I and Tier II school, or each priority and focus school, that it commits to serve receives all of the State and local funds it would receive in the absence of the school improvement funds and that those resources are aligned with the interventions.

E. WAIVERS: If an SEA not approved for ESEA flexibility has requested any waivers of requirements applicable to the LEA’s School Improvement Grant, an LEA must indicate which of those waivers it intends to implement.

The LEA must check each waiver that the LEA will implement. If the LEA does not intend to implement the waiver with respect to each applicable school, the LEA must indicate for which schools it will implement the waiver. NOTE: Only LEAs in SEAs not approved for ESEA flexibility may request the following waivers.

☐ “Starting over” in the school improvement timeline for Tier I and Tier II Title I participating schools implementing a SIG model.

☐ Implementing a school-wide program in a Tier I or Tier II Title I participating school that does not meet the 40 percent poverty eligibility threshold.
School Improvement Grant (SIG) Program
Discretionary (Competitive) Subgrant
FY 2015–16

The School Improvement Grant is a subgrant program funded by the US Department of Education, authorized under section 1003(g) of Title I of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 6303(g)); revised in the Consolidated Appropriations Act of 2014 (Pub.L. 113–76), and administered by the South Carolina Department of Education.

Deadline for Receipt of Applications: **June 26, 2015, at 4:30 p.m.**

Technical Assistance for Applicants: **May 21, 2015**

Letter of Intent Deadline: **June 1, 2015**

For questions about the SIG program, contact:
David Long, (803) 734–0483; dlong@ed.sc.gov

PART I: General Information

A. Introduction and Purpose

In conjunction with Title I funds for school improvement reserved under section 1003(a) of the Elementary and Secondary Education Act of 1965 (ESEA), School Improvement Grant (SIG) funds under section 1003(g) of the ESEA are used to improve student achievement in Title I schools identified as lowest performing (i.e. identified for improvement, corrective action, or restructuring) so as to enable those schools to make adequate yearly progress and exit improvement status. The US Department of Education (USED) has granted federal fiscal year (FFY) 2014 SIG funds to the South Carolina Department of Education (SCDE) for the state’s SIG program. These funds will be administered under the USED’s Final Requirements for the School Improvement Grants (available at http://www.gpo.gov/fdsys/pkg/FR-2015-02-09/pdf/2015-02570.pdf). The SCDE’s Office of School Transformation, within the Division of Innovation and Effectiveness, is responsible for administering this program.

The purpose of the SIG program is to support local education agencies (LEAs) that demonstrate the greatest need for the funds and the strongest commitment to use the funds to provide adequate resources in order to substantially raise the achievement of students in their lowest-performing schools. The USED requires that 95 percent of the total funding allocation to the state be provided to LEAs and schools; the SCDE can retain 5 percent of the funds for administration, evaluation, and support of the program.

Because the USED has granted South Carolina an ESEA Flexibility Waiver, the SCDE is allowed to subgrant SIG funds through a competitive process to LEAs to serve their schools that have been designated as priority schools and focus schools (see section B, Eligible Applicants).

To be considered for a subaward, an eligible LEA must collaborate with their specific priority and focus schools to identify the specific needs of these individual schools and to develop, complete, and submit an application to implement one of the following reform models in each school based on the identified needs:

- Early Learning Model
- Evidence-based, Whole-school Reform Model
- Restart Model
- Transformation Model
- Turnaround Model
- School Closure Model.

Information on each of these models is presented in section F (see pages 4–10). An LEA must serve each priority school it has the capacity to serve prior to serving its focus schools.

Approximately $13.6 million is available for new awards to LEAs during FY 2015–16. Projects are up to five years with funds to support a planning year, three years of reform model implementation, and one sustainability year. The budget term for the planning year is August 1, 2015–July 31, 2016. Continuation awards are not guaranteed but are subject to the availability
of federal funds and the subgrantee’s meeting all reporting requirements and demonstrating substantial progress toward meeting their SIG program objectives.

Funds will be distributed to LEA subgrantees on a reimbursement basis for a total project period not to exceed five years. An eligible LEA must apply to serve their specific priority and focus schools.

B. Eligible Applicants

The table below lists the LEAs that meet the eligibility criteria of having priority and focus schools that may be served with SIG funds. LEAs cannot apply to serve schools for which they have already received an award of SIG funds or a School Improvement Fund grant (i.e., schools that participated in cohort I or II are not eligible to be served, regardless of their priority or focus school status).

E. Technical Assistance Sessions for Applicants

The Office of School Transformation will offer a series of technical assistance sessions during May and early June 2015 for eligible applicants and their priority and focus schools to communicate information about the new SIG requirements, how to conduct a needs assessment, reform model options and selection, and how to complete and submit a grant application. The schedule for these sessions will be communicated directly to eligible LEAs and their schools. These sessions will be recorded via Blackboard Collaborate to enable 24-7 access following the sessions.

F. Statutory, Federal, and Other Requirements

Applicants must propose projects that adhere to the following requirements for the SIG program from statute, federal guidance, and the Final Requirements for School Improvement Grants.

In the final requirements, the USED expanded the number of available reform models for implementation in low-performing schools from the original four (Closure, Restart, Transformation, and Turnaround) to seven by adding two new models (Early Learning and Evidence-based, Whole-school Reform) and giving states the option of proposing an additional State-determined, Whole-school Reform Model. South Carolina did not choose to propose an additional Whole-school Reform Model. The requirements of the available reform models are presented below.

**Early Learning Model**

Available only for elementary schools, an LEA implementing this must—

1. Implement each of the following early learning strategies—
   a. Offer full-day kindergarten;
   b. Establish or expand a high-quality preschool program (as defined in the final requirement) (see appendix A, Definition of Terms Used);
2. Provide educators, including preschool teachers, with time for joint planning across grades to facilitate effective teaching and learning and positive teacher-student interactions;
3. Replace the principal who led the school prior to commencement of the Early Learning Model;
4. Implement rigorous, transparent, and equitable evaluation and support systems for teachers and principals, designed and developed with teacher and principal involvement, that meet the requirements described in section I.A.2(d)(1)(A)(ii) of the final requirements;
5. Use the teacher and principal evaluation and support system described in section I.A.2(d)(1)(A)(ii) of the final requirements to identify and reward school leaders, teachers, and other staff who, in implementing this model, have increased student
achievement and identify and remove those who, after ample opportunities have been provided for them to improve their professional practice, have not done so;

6. Implement such strategies as financial incentives, increased opportunities for promotion and career growth, and more flexible work conditions that are designed to recruit, place, and retain staff with the skills necessary to meet the needs of students in the school, taking into consideration the results from the teacher and principal evaluation and support system described in section I.A.2(d)(1)(A)(ii) of the final requirements, if applicable;

7. Use data to identify and implement an instructional program that—
   a. Is research-based, developmentally appropriate, and vertically aligned from one grade to the next as well as aligned with South Carolina’s early learning and development standards and South Carolina academic standards; and
   b. In the early grades, promotes the full range of academic content across domains of development, including math and science, language and literacy, socio-emotional skills, self-regulation, and executive functions;

8. Promote the continuous use of student data (such as from formative, interim, and summative assessments) to inform and differentiate instruction in order to meet the educational and developmental needs of individual students; and

9. Provide staff ongoing, high-quality, job-embedded professional development such as coaching and mentoring (e.g., regarding subject-specific pedagogy, instruction that reflects a deeper understanding of the community served by the school, or differentiated instruction) that is aligned with the school’s comprehensive instructional program and designed with school staff to ensure they are equipped to facilitate effective teaching and learning and have the capacity to successfully implement school reform strategies.

Evidence-based, Whole-school Reform Model

An evidence-based, whole-school reform model—

1. Is supported by evidence of effectiveness, which must include at least one study of the model that—
   a. Meets What Works Clearinghouse evidence standards with or without reservations;
   b. Found a statistically significant favorable impact on a student academic achievement or attainment outcome, with no statistically significant and overriding unfavorable impacts on that outcome for relevant populations in the study or in other studies of the intervention reviewed by and reported on by the What Works Clearinghouse; and
   c. If meeting What Works Clearinghouse evidence standards with reservations, includes a large sample and a multi-site sample as defined in 34 CFR 77.1 (Note: multiple studies can cumulatively meet the large and multisite sample requirements so long as each study meets the other requirements in the final requirements);

2. Is a whole-school reform model as defined in these requirements; and

3. Is implemented by the LEA in partnership with a whole-school reform model developer as defined in the final requirements.

The USED has posted their approved evidence-based, whole-school reform models at http://www2.ed.gov/programs/sif/sigevidencebased/index.html.
**Restart Model**

A Restart Model is one in which an LEA converts a school or closes and reopens a school under a charter school operator, a charter management organization (CMO), or an education management organization (EMO) that has been selected through a rigorous review process (see appendix A, Definition of Terms Used). The rigorous review process must include a determination by the LEA that the selected charter school operator, CMO, or EMO is likely to produce strong results for the school.

In making this determination, the LEA must consider the extent to which the schools currently operated or managed by the selected charter school operator, CMO, or EMO, if any, have produced strong results over the past three years (or over the life of the school, if the school has been open for fewer than three years), including—

1. Significant improvement in academic achievement for all of the groups of students described in section 1111(b)(2)(C)(v) of the ESEA;
2. Success in closing achievement gaps, either within schools or relative to all public elementary school and secondary school students statewide, for all of the groups of students described in section 1111(b)(2)(C)(v)(II) of the ESEA;
3. High school graduation rates, where applicable, that are above the average rates in the State for the groups of students described in section 1111(b)(2)(C)(v) of the ESEA; and
4. No significant compliance issues, including in the areas of civil rights, financial management, and student safety.

In addition, a Restart Model must enroll, within the grades it serves, any former student who wishes to attend the school.

**School Closure Model**

School closure occurs when an LEA closes a school and enrolls the students who attended that school in other schools in the LEA that are higher achieving. These other schools should be within reasonable proximity to the closed school and may include, but are not limited to, charter schools or new schools for which achievement data are not yet available.

**Transformation Model**

In the Transformation Model, an LEA implements each of the following four elements:

1. Developing and increasing teacher and school leader effectiveness.
   a. Required activities. The LEA must—
      i. Replace the principal who led the school prior to commencement of the Transformation Model;
      ii. Implement rigorous, transparent, and equitable evaluation and support systems for teachers and principals, designed and developed with teacher and principal involvement, that—
          1. Will be used for continual improvement of instruction;
          2. Meaningfully differentiate performance using at least three performance levels;
          3. Use multiple valid measures in determining performance levels, including as a significant factor data on student growth (as defined in the final requirements) for all students (including English
learners and students with disabilities), and other measures of professional practice (which may be gathered through multiple formats and sources), such as observations based on rigorous teacher performance standards, teacher portfolios, and student and parent surveys;

4. Evaluate teachers and principals on a regular basis;

5. Provide clear, timely, and useful feedback, including feedback that identifies needs and guides professional development; and

6. Will be used to inform personnel decisions.

iii. Use the teacher and principal evaluation and support system described in section I.A.2(d)(1)(A)(ii) of the final requirements to identify and reward school leaders, teachers, and other staff who, in implementing this model, have increased student achievement and high school graduation rates and identify and remove those who, after ample opportunities have been provided for them to improve their professional practice, have not done so; and

iv. Implement such strategies as financial incentives, increased opportunities for promotion and career growth, and more flexible work conditions that are designed to recruit, place, and retain staff with the skills necessary to meet the needs of students in the school, taking into consideration the results from the teacher and principal evaluation and support system described in section I.A.2(d)(1)(A)(ii) of the final requirements, if applicable.

b. Permissible activities. An LEA may also implement other strategies to develop teachers’ and school leaders’ effectiveness, such as—

i. Providing additional compensation to attract and retain staff with the skills necessary to meet the needs of the students in a transformation school;

ii. Instituting a system for measuring changes in instructional practices resulting from professional development; or

iii. Ensuring that the school is not required to accept a teacher without the mutual consent of the teacher and principal, regardless of the teacher’s seniority.

2. Comprehensive instructional reform strategies.

a. Required activities. The LEA must—

i. Use data to identify and implement an instructional program that is research-based and vertically aligned from one grade to the next as well as aligned with state academic standards;

ii. Promote the continuous use of student data (such as from formative, interim, and summative assessments) to inform and differentiate instruction in order to meet the academic needs of individual students; and

iii. Provide staff ongoing, high quality, job-embedded professional development (e.g., regarding subject-specific pedagogy, instruction that reflects a deeper understanding of the community served by the school, differentiated instruction) that is aligned with the school’s comprehensive instructional program and designed with school staff to ensure they are
equipped to facilitate effective teaching and learning and have the capacity to successfully implement school reform strategies.

b. **Permissible activities.** An LEA may also implement comprehensive instructional reform strategies, such as—

i. Conducting periodic reviews to ensure that the instruction is implemented with fidelity to the selected curriculum, is having the intended impact on student achievement, and is modified if ineffective;

ii. Implementing a school-wide “response-to-intervention” model;

iii. Providing additional supports and professional development to teachers and principals in order to implement effective strategies to support students with disabilities in the least restrictive environment and to ensure that English learners acquire language skills to master academic content;

iv. Using and integrating technology-based supports and interventions as part of the instructional program; and

v. In secondary schools—

1. Increasing rigor by offering opportunities for students to enroll in advanced coursework (such as Advanced Placement; International Baccalaureate; or science, technology, engineering, and mathematics courses, especially those that incorporate rigorous and relevant project-, inquiry-, or design-based contextual learning opportunities), early-college high schools, dual enrollment programs, or thematic learning academies that prepare students for college and careers, including by providing appropriate supports designed to ensure that low-achieving students can take advantage of these programs and coursework;

2. Improving student transition from middle to high school through summer transition programs or freshman academies;

3. Increasing graduation rates through, for example, credit-recovery programs, re-engagement strategies, smaller learning communities, competency-based instruction and performance-based assessments, and acceleration of basic reading and mathematics skills; or

4. Establishing early-warning systems to identify students who may be at risk of failing to achieve to high standards or graduate.

3. **Increasing learning time and creating community-oriented schools.**

   a. **Required activities.** The LEA must—

      i. Establish schedules and strategies that provide increased learning time (as defined in these requirements); and

      ii. Provide ongoing mechanisms for family and community engagement.

   b. **Permissible activities.** An LEA may also implement other strategies that extend learning time and create community-oriented schools, such as—

      i. Partnering with parents and parent organizations, faith- and community-based organizations, health clinics, other state or local agencies, and others to create safe school environments that meet students’ social, emotional, and health needs;
ii. Extending or restructuring the school day so as to add time for such strategies as advisory periods that build relationships between students, faculty, and other school staff;

iii. Implementing approaches to improve school climate and discipline, such as implementing a system of positive behavioral supports or taking steps to eliminate bullying and student harassment; or

iv. Expanding the school program to offer full-day kindergarten or prekindergarten.

4. Providing operational flexibility and sustained support.
   a. **Required activities.** The LEA must—
      i. Give the school sufficient operational flexibility (such as staffing, calendars/time, and budgeting) to implement fully each element of the Transformation Model to substantially improve student achievement outcomes and increase high school graduation rates; and
      ii. Ensure that the school receives ongoing, intensive technical assistance and related support from the LEA, the SEA, or a designated external lead partner organization (such as a school turnaround organization or an EMO).
   b. **Permissible activities.** The LEA may also implement other strategies for providing operational flexibility and intensive support, such as—
      i. Allowing the school to be run under a new governance arrangement, such as a turnaround division within the LEA or SEA; or
      ii. Implementing a per-pupil, school-based budget formula that is weighted based on student needs.

**Turnaround Model**

In the Turnaround Model, an LEA must implement each of the following elements:

1. Replace the principal and grant the principal sufficient operational flexibility (including in staffing, calendars/time, and budgeting) to implement fully each element of the Turnaround Model.

2. Using locally adopted competencies to measure the effectiveness of staff who can work within the turnaround environment to meet the needs of students—
   a. Screen all existing staff and rehire no more than 50 percent; and
   b. Select new staff.

3. Implement such strategies as financial incentives, increased opportunities for promotion and career growth, and more flexible work conditions that are designed to recruit, place, and retain staff with the skills necessary to meet the needs of the students in the turnaround school.

4. Provide staff ongoing, high quality, job-embedded professional development that is aligned with the school’s comprehensive instructional program and designed with school staff to ensure that they are equipped to facilitate effective teaching and learning and have the capacity to successfully implement school reform strategies.

5. Adopt a new governance structure, which may include, but is not limited to, requiring the school to report to a new “turnaround office” in the LEA or SEA, hire a “turnaround leader” who reports directly to the superintendent or chief academic officer, or enter into
a multi-year contract with the LEA or SEA to obtain added flexibility in exchange for greater accountability.

6. Use data to identify and implement an instructional program that is research-based and vertically aligned from one grade to the next as well as aligned with state academic standards.

7. Promote the continuous use of student data (such as from formative, interim, and summative assessments) to inform and differentiate instruction in order to meet the academic needs of individual students.

8. Establish schedules and implement strategies that provide increased learning time (as defined in the final requirements).

9. Provide appropriate social-emotional and community-oriented services and supports for students.

An LEA implementing the Turnaround Model may also implement other strategies such as—

1. Any of the required and permissible activities under the Transformation Model; or
2. A new school model (e.g., themed, dual language academy).

Applicable Federal Regulations

Applicants should review the following federal regulations, accessible at the electronic Code of Federal Regulations (CFR) Web site (www.ecfr.gov), which are applicable to the SIG program. Applicants are reminded that, if funded, their programs must comply with these regulations.

- 2 CFR Part 25—Universal Identifier and System of Award Management
- 2 CFR Part 170—Reporting Subaward and Executive Compensation Information
- 2 CFR Part 175—Award Term for Trafficking in Persons
- 2 CFR Part 180—OMB Guidelines to Agencies on Government-wide Debarment and Suspension (Non-Procurement)
- 2 CFR Part 200—Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards *(Note: 2 CFR Part 200.210(a)(1)) requires that a grant recipient’s name match their registered name in DUNS, the Data Universal Numbering System, for their DUNS number)*
- 2 CFR Part 3485—Department of Education Nonprocurement Debarment and Suspension
- 34 CFR Part 77—Definitions that Apply to Department Regulations
- 34 CFR Part 82—New Restrictions on Lobbying
- 34 CFR Part 84—Government-wide Requirements for Drug-free Workplace

Additional information on select government-wide regulations is presented below:

*Universal Identifier and System of Award Management—2 CFR Part 25: Effective October 1, 2010, all grant applicants must obtain a Dun and Bradstreet (D&B) Data Universal Numbering System (DUNS) number as a universal identifier for federal financial assistance. Active grant recipients and their direct subrecipients of a subgrant*
award also must obtain a DUNS number. Contact your LEA’s Finance Office to obtain the DUNS number.

An applicant must also register its DUNS number in the Systems for Award Management (SAM). If you were registered in the Central Contractor Register (CCR), your entity’s information is already in SAM and you will just need to set up a SAM account. To register in SAM, you will need your entity’s DUNS and your entity’s Tax ID Number (TIN) and taxpayer name (as it appears on your last tax return). Registration should take 3–5 days. If you do not receive confirmation that your SAM registration is complete, please contact SAM at https://www.fsd.gov/app/answers/list or at www.SAM.gov. For more information, visit the USED’s SAM.gov tip sheet at http://www2.ed.gov/fund/grant/apply/sam-faqs.html.

The SCDE cannot make a subaward of federal funds to an applicant until the applicant has complied with the requirements described in 2 CFR Part 25 to provide a valid DUNS number and maintain an active SAM registration with current information.

Reporting Subaward and Executive Compensation Information—2 CFR Part 170: The Federal Funding Accountability and Transparency Act (FFATA) of 2006 (Public Law 109–282), as amended by Section 6202 of Public Law 110–252, requires primary grantees of federal grants and cooperative agreements to report information on subgrantee obligations and executive compensation. FFATA promotes open government by enhancing the federal government’s accountability for its stewardship of public resources. This is accomplished by making government information, particularly information on federal spending, accessible to the general public.

Primary grantees, like the SCDE, are required to report actions taken on or after October 1, 2010, that obligate $25,000 or more in federal grant funds to first-tier subgrantees. This information must be reported in the government-wide FFATA Subaward Reporting System (FSRS). In order to access FSRS, a current SAM registration is required. A primary grantee and first-tier subgrantees (like the LEA that receives a SIG subgrant) must also report total compensation for each of its five most-highly compensated executives. Every primary and first-tier subgrantee must obtain a DUNS number prior to being eligible to receive a grant or subgrant award. Additional information will be provided to subgrant recipients upon award.

General Education Provisions Act Compliance: To comply with Section 427 of the General Education Provisions Act (GEPA), each applicant must submit an appropriate GEPA statement as described on page 63 of this RFP as part of their application.

SIG Assurances and SCDE Assurances and Terms and Conditions
By signing the Certification Signature Page (page 57), the applicant assures that it will—

1. Use its School Improvement Grant to fully and effectively implement an intervention in each priority and focus school that the LEA commits to serve consistent with the final requirements;
2. Establish annual goals for student achievement on the state’s assessments in both reading/language arts and mathematics and measure progress on the leading indicators in section III of the final requirements in order to monitor each priority and focus school that it serves with school improvement funds;

3. Report to the SCDE the school-level data required under section III of the final requirements, including baseline data for the year prior to SIG implementation; and

4. Ensure that each priority and focus school that it commits to serve receives all of the state and local funds it would receive in the absence of the school improvement funds and that those resources are aligned with the interventions.

The applicant also assures that it will comply fully with the SCDE’s Assurances and Terms and Conditions for Federal Awards and Subawards (pages 59–62). Applicants should thoroughly review the Assurances and Terms and Conditions for Federal Awards and Subawards to ensure that, if awarded a grant, they are capable of full compliance, especially with all the referenced federal regulations and state laws in order to enter into an agreement with the SCDE for this program. For example, in compliance with 2 CFR Part 200.112, applicants must disclose in writing any potential conflict of interest to the SCDE in accordance with the USED’s conflict of interest policy. A signed Certification Signature Page (page 57) is required with the grant application and legally binds the applicant to the agency’s Assurance and Terms and Conditions and the SIG Assurances.

G. Authorized Activities

The overall goal of the SIG program is to improve student academic achievement in South Carolina’s lowest-achieving schools through the implementation of one of the SIG school reform models. Funds must be used for activities related to planning for and implementing the selected reform model in the school to be served. See the reform models on pages 4–10 for their required activities and permissible activities.

The SIG Guidance for awards made with FY 2014 funds (March 2015; accessible under “Information for Grantees” at http://www2.ed.gov/programs/sif/index.html) provides additional information on authorized activities. For example, the guidance clarifies that technology acquisition and minor renovations may be allowable activities depending on the specific circumstances of the school to be served; the following is from page 44 of the guidance under item H–29:

If an LEA determines, with an eye toward the ultimate goal of improving student achievement, that, for example, the use of new technology is essential for the full and effective implementation of one of the models, it may deem the costs associated with that new technology a reasonable and necessary use of SIG funds. For example, if an LEA chooses to accelerate learning by implementing Web-based interim assessments and aligned on-line instructional materials for students and that implementation requires computers placed in classrooms rather than in a computer lab and wireless connectivity, it may use SIG funds to carry out minor remodeling needed to accommodate the computers in the classrooms and the wireless connectivity. Similarly, if an LEA determines, again with an eye toward the ultimate goal of improving student achievement, that minor
remodeling is necessary due to the addition of a preschool program, for example, SIG funds may be used to make minor alterations to bathroom facilities to accommodate small children.

Please note that, under 34 CFR § 77.1(c), “minor remodeling” means “minor alterations in a previously completed building,” and also includes the “extension of utility lines, such as water and electricity, from points beyond the confines of the space in which the minor remodeling is undertaken but within the confines of the previously completed building.” “Minor remodeling” specifically “does not include building construction, structural alterations to buildings, building maintenance, or repairs.” (34 CFR § 77.1(c) (emphasis added).)

An applicant must include any activities and the related costs that they wish to support with SIG funds in the application budget for review and approval by the SCDE. The applicant should consult federal cost principles in 2 CFR Part 200 and the SIG guidance to ensure their proposed costs are allowable and allocable to the project. In addition, the LEA must keep records to demonstrate that such costs are directly attributable to its implementation of a school intervention model as well as reasonable and necessary.

H. Unauthorized Activities

Activities not related to improving student academic achievement in eligible schools through the implementation of one of the SIG school reform models are not authorized. Construction, structural alterations to building, building maintenance, or repairs are not authorized activities for SIG (“minor remodeling” may be allowable; see section G Allowable Activities).

I. Program Accountability and Monitoring

The SCDE is responsible for monitoring SIG program implementation to support LEAs that demonstrate the greatest need for the funds and the strongest commitment to use the funds to provide adequate resources in order to raise substantially the achievement of students in their lowest-performing schools. This monitoring will be conducted in accordance with the following program accountability requirements:

1. Each applicant receiving funding through this RFP meets the eligibility requirements for the subgrant described herein, and the applicant has provided all required assurances that it will comply with all program implementation and reporting requirements established through this RFP.
2. Each applicant receiving funding through this RFP appropriately uses these funds as described in this application package.
3. Each applicant implements activities funded through this application within the timeline in which the funds provided are to be used.

To fulfill its monitoring responsibilities, the SCDE requires subgrantees to submit appropriate fiscal and program documentation following guidance provided by the SCDE program office. In addition, representatives of the state may conduct site visits to a selected
representative sample of funded applicants. The purpose of these visits is to validate information submitted by applicants and to gather additional information from interviews and observations for monitoring and evaluation purposes.

In compliance with 2 CFR Part 200.205, the SCDE will conduct a pre-award risk assessment of potential subgrantees before a grant award is issued. As a part of this process, applicants may be subjected to an evaluation of their financial system, internal controls, and policies and procedures by the SCDE’s Office of Auditing Services. The review process and procedures are accessible at http://ed.sc.gov/agency/as/.

Applicants awarded subgrant funds must satisfy periodic reporting and accountability requirements throughout the term of the subgrant. These requirements address (1) program accountability; (2) performance reporting; (3) annual budget; (4) monitoring; (5) program evaluation; and (6) technical assistance.

1. Program Accountability
Each identified subgrantee is responsible for carrying out its responsibilities in accordance with section 1003(g) of the ESEA and the USED’s Final Requirements for the School Improvement Grants (available at http://www.gpo.gov/fdsys/pkg/FR-2015-02-09/pdf/2015-02570.pdf); all applicable statutes, regulations, and programmatic guidance; and its approved subgrant application and work plan. Subgrantees are required to submit monthly reports to the SCDE on the use of subgrant funds and the progress of proposed subgrant activities.

2. Performance Reporting
Performance reporting requirements include those for both programmatic reporting and fiscal reporting.

Programmatic Reporting Requirements
An annual performance report (APR) must be submitted to the SCDE to report project progress no later than June 1 of each year. The subgrantee is responsible for ensuring that reports are accurate, complete, and submitted on time. Progress toward achieving subgrant goals and objectives will be monitored through the APR process. The Office of School Transformation will provide the subgrantee with the specific APR template to complete for their project year (i.e., planning, implementation, or sustainability).

Fiscal Reporting Requirements
Subgrantees must upload their approved budget into the Grants Accounting Processing System (GAPS) following receipt of their grant award notification and prior to submitting any reimbursement requests. GAPS training will be provided to subgrantees at a later date. All expenditure reports must be submitted through GAPS. Submission of expenditure reports will be required monthly throughout the grant award period; expenditure reports are due on the fifteenth of the month following the reporting month (i.e., the expenditure report for August 2015 is due September 15, 2015). The subgrantee is responsible for ensuring that reports are accurate, complete, and submitted on time.
The subgrantee must submit a final fiscal report to the SCDE that covers the duration of the grant award.

3. **Project Budget**
   A project budget of projected expenditures to be funded by the subgrant must be submitted with the application. An annual budget must be submitted to the SCDE no later than June 1 for each subsequent year of the subgrant.

4. **Monitoring**
   The SCDE will monitor subgrantees by reviewing and approving the progress reports and annual performance reports. All information in monitoring reports is subject to verification.

   The SCDE may conduct site visits. Subgrantees must agree to site visits conducted by SCDE or federal program representatives. The purpose of site visits is to validate information provided in fiscal and program reports as well as to gather more detailed information on implementation efforts and challenges from interviews and observations for monitoring and evaluation purposes.

   The SCDE may require additional information from the subgrantee, verify information with the authorizing agency, or require the submission of additional documentation including, but not limited to, invoices, receipts, and personnel time and effort reports. Prior to a site visit, the subgrantee may be required to submit additional relevant information that will allow the SCDE to conduct a useful, efficient, and effective visit. The SCDE may require electronic submission of documents instead of a paper copy submission.

   SCDE staff will verify the contents of documentation submitted. Subgrantee may be asked to revise reports when
   - non-allowable expenses are found;
   - reports are confusing or difficult to understand; or
   - there are unexplained discrepancies between the proposed use of subgrant funds, as provided in the annual budget, and actual expenditures found in the submitted documentation.

5. **Program Evaluation**

   **Subgrant Recipient Project Monitoring and Evaluation**
   Subgrant recipients are required to conduct ongoing monitoring and evaluation to ensure project goals are achieved. Progress toward meeting project goals is to be reported through the annual progress review process.

   A final project evaluation report is to be completed before the end of the subgrant period. The final evaluation report must address project success toward each goal stated in the application. If a subgrantee fails to conduct the final project evaluation report before the end of the subgrant period, or if any of the performance requirements in section I.2 are not completed, the SCDE may consider the subgrantee a high-risk regarding future funding opportunities.
**SCDE External Review**
The SCDE is required to contract for an external evaluation of the SIG program. The USED or its representatives may conduct evaluation of the SIG program as well. Subgrant recipients are required to comply with any request by the USED or its evaluation subcontractor, or the SCDE and its evaluation subcontractor, including, but not limited to, requests for information, site visits, interviews, completing surveys, or participating in data collections.

6. Technical Assistance to Subgrantees
Subgrantees are required to participate in any technical assistance that the SCDE may conduct related to completing and filing reports or other requirements of the SIG program subgrant. Delivery of such technical assistance may include webinars and conference calls.

**J. Fiscal Operations**

Subgrantees must use SIG funds for allowable expenditures during the subgrant period. SIG program funds are disbursed on a reimbursement basis. The SCDE will de-obligate any unspent funds remaining at the end of the subgrant period. Indirect costs are allowed. Matching or in-kind funds are not required but can be helpful to indicate the capacity for sustainability. Applicant should reference the cost principles in 2 CFR Part 200.

**Allowable Costs**
Subgrants must be used in accordance with statutory and regulatory requirements to improve student academic achievement in a priority or focus school through the implementation of one of the SIG school reform models. See the reform models on pages 4–10 for their required activities and allowable activities in section G on pages 12–13.

**Unallowable Costs**
A subgrantee may not use SIG funds for unallowable activities as discussed in section H (page 13) or unallowable costs as presented in the federal cost principles at 2 CFR Part 200 (subpart E).

**K. Supplement, Not Supplant**
SIG program subgrant funds must supplement, not supplant, existing services and may not be used to supplant federal, state, local, or non-federal funds. Programs may not use subgrant funds to pay for existing levels of services funded from any other sources. For example, SIG funds may not be used to fund the reading coach required by the Read to Succeed Act, 2014 S.C. Act 284 and/or funded under the General Appropriations Act, 2014 S.C. Act 286 Proviso 1.88, but may be used to fund other or additional instructional support positions not required by statute or regulation. SIG program subgrant funds may not be used for new construction, building purchase, or purchases that do not directly support the approved reform model.
L. Review and Selection Process

Only those grant applications that are received by the deadline and deemed complete will be forwarded for review and funding consideration. All required materials including forms and appendices must be submitted for the application to be considered complete and eligible for review. Program staff will conduct an initial review of applications for completeness and compliance with the RFP instructions. No incomplete applications will be forwarded to the selected reviewers or considered for funding.

Three reviewers from diverse backgrounds without a vested interest in any application being funded will evaluate each application based on the quality of the proposed activities and the capability of the applicant to implement the proposed project. The review team is comprised of experienced grant readers from various professions and entities, including the SCDE.

Reviewers will use the scoring rubric on pages 36–56 to read and score each application independently. After the three reviewers have individually rated each application, the scores will be averaged. An application can earn up to 100 points for an average score. Applications that fail to earn an average score of 80 or higher will receive first consideration for funding.

Applications will be rank ordered by averaged scores. Subject to the SCDE’s final approval, the availability of federal funds, geographic equity, and the inclusion of priority programming, grant awards will be made starting with applications that earned an average score of 80 points or higher. To the extent practical, the SCDE will award subgrants equitably among geographic regions within the state to include rural and urban communities. If funds remain following these awards, the SCDE will consider funding remaining applications earning an average score within the adequate/meets range until all funds are allocated.

Prior to making awards, the SCDE’s Office of Auditing Services will conduct a pre-award risk assessment. Based upon the results of this assessment, special conditions may be applied to the award that may include, but are not limited to, requirements for more frequent programmatic or financial reporting, increased monitoring of subgrant activities, and the provision of additional technical assistance. The SCDE reserves the right to interview applicants recommended for funding, request additional documentation, and make a site visit as appropriate to ensure compliance with federal requirements.

The SCDE reserves the right to negotiate final budgets and to disqualify costs associated with any line items that are unallowable, unallocable, unreasonable, or inconsistent with the program’s goals or the proposed project’s activities and strategies.

Continuation awards are subject to the availability of federal funds and the subgrantee meeting all reporting requirements and demonstrating substantial progress toward meeting their SIG program objectives. The SCDE will review the subgrantee’s prior year audit, year-end reports, and annual budget and ensure the availability of funds before awarding any continuation grants.
Grant awards are not final until an SCDE grant award notice is fully executed. Notification of funding will be sent in late July 2015 to the authorized official listed on the Certification Signature Page. After the notification of awards, copies of the reviewers’ comments and score sheets will be sent to the contact person identified in the online application.

M. Appeals Process

An applicant who has submitted a proposal that the SCDE does not fund has 30 calendar days after receiving notification that the proposal is not funded to request a review of the process. Scores may not be appealed. An unfunded applicant may inquire as to whether or not the application process was followed. The request for review must be directed to the State Superintendent of Education and must state the reasons for the request. The SCDE will conduct a hearing in accordance with the provision of 34 CFR Part 76.401.
PART II: Application Overview, Content, and Instructions

Read all guidelines and criteria carefully before preparing your application. Adhere to font, format, page limit, and organizational requirements. Only applications that include all sections and appendices and fully adhere to these guidelines will be reviewed and considered for funding. Incomplete applications will not be reviewed.

A. Application Overview

Applications must be submitted online. Applicants are encouraged to prepare all of the following elements of the application before beginning the online submission process. Do not wait until the last minute to submit an application. Applicants should use the following overview as a checklist to ensure that they submit a complete application with items labeled accordingly and presented in the order outlined below. Verify that all components of the narrative and appendices are included prior to uploading attachments.

The School Improvement Grant (SIG) Application Submission is organized into the following sections (also see the screenshots on pages XX-XX):

☐ Online Forms
  ☐ Applicant Information
  ☐ Project Director Information
  ☐ Principal Information (if applicable)
  ☐ Superintendent Information
  ☐ Financial Director Information
  ☐ Program Information
  ☐ Funding Information
  ☐ Budget Summary

☐ Proposal Attachments
  ☐ Program Summary
  ☐ Application Narrative
    • Needs Statement
    • Project Design
    • Strategies
    • Management and Sustainability
    • Evaluation
  ☐ Budget Narrative

☐ Appendices
  • Certification Signature Page (located on page 57)
  • GEPA Statement (see page 63 for guidance)
  • Timeline of Strategies
  • Résumés of Project Director and Key Personnel
  • Chart of Community Partners and Involvement
B. Application Narrative Format

<table>
<thead>
<tr>
<th>Length of Narrative:</th>
<th>Maximum of 25 pages per school to be served. Project Summary, required forms and appendices (Timeline of Strategies, résumés of project director and key personnel, Chart of Community Partners and Involvement), and application budget are not included in page count.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Required Font/Size:</td>
<td>Times New Roman/12.</td>
</tr>
<tr>
<td>Margins:</td>
<td>1” on all sides.</td>
</tr>
<tr>
<td>Page Numbers:</td>
<td>Insert at bottom right. All pages must be numbered.</td>
</tr>
<tr>
<td>Spacing:</td>
<td>All pages should be double-spaced; charts and tables may be single-spaced.</td>
</tr>
<tr>
<td>Final File Format</td>
<td>PDF document for narrative and appendices; Excel file for budget.</td>
</tr>
</tbody>
</table>

Each section must be clearly identified using the headings provided in the instructions below. Sections may not be combined. Reviewers will not consider information requested in one section that is provided in another section.

C. Online Application Submission

To access the online application, go to [The SCDE Grants Program will insert the hyperlink]. The online submission is organized into two sections—Online Forms and Proposal Attachments.

Provide the primary applicant’s nine-digit Data Universal Numbering System (DUNS) number and Taxpayer Identification Number (TIN) in the application form. Applicants should contact their organization’s finance office if they need assistance with these items.

Use the instructions below to compile and complete all proposal attachments prior to submitting your application. Follow the directions in each section for saving the documents and refer to the screenshot on page XX for upload locations.

D. Project Summary

In no more than three pages, provide a concise background on the LEA and the school(s) to be served, identify the selected SIG reform model for each school, state the objectives, state the amount of funds requested, and summarize the strategies for planning, implementation, and sustainability. Describe how participation in the SIG project will build capacity in the LEA and each school to be served.

When completed, save this page as a single PDF document to be uploaded as an attachment in the online application.
E. Application Narrative Content

Use the following directions to write the application/proposal narrative and organize it into sections following the sequence presented below. Include a Table of Contents as the first page of the narrative (not included in the page limit). Do not combine sections. Required components must be located in their designated sections in order to be scored.

When complete, save the narrative as one PDF document to be uploaded into the online application where indicated in the attachments section.

1. Needs Statement (maximum of 15 points available)

An LEA must conduct a needs assessment in collaboration with each priority and focus school it commits to serve. The individual school needs assessment should involve the school leadership, staff, and the local community to identify specific school needs and contribute to the selection of an appropriate reform model to address those needs. The intervention/reform model selected should be justifiable according to the needs of the individual school.

a. Schools to be Served

Identify each priority and focus school your LEA proposes to serve using SIG program funds. In a table formatted like the one below, include each school’s NCES ID number and the intervention model selected for implementation in the school. The models an LEA may select for school-level implementation are (1) Turnaround; (2) Restart; (3) Closure; (4) Transformation; (5) Evidence-based, Whole-school Reform; and (6) Early Learning. Note that LEAs in which one or more priority schools are located must serve all of these schools before it may serve one or more focus schools.

<table>
<thead>
<tr>
<th>SCHOOL NAME</th>
<th>NCES ID #</th>
<th>PRIORITY</th>
<th>FOCUS</th>
<th>INTERVENTION</th>
</tr>
</thead>
<tbody>
<tr>
<td>Priority School ES #1</td>
<td>xxxxxxx</td>
<td>X</td>
<td></td>
<td>Turnaround</td>
</tr>
<tr>
<td>Priority School HS #1</td>
<td>xxxxxxx</td>
<td>X</td>
<td></td>
<td>Restart</td>
</tr>
<tr>
<td>Priority School MS #1</td>
<td>xxxxxxx</td>
<td>X</td>
<td></td>
<td>Transformation</td>
</tr>
<tr>
<td>Priority School ES #2</td>
<td>xxxxxxx</td>
<td>X</td>
<td></td>
<td>Turnaround</td>
</tr>
<tr>
<td>Priority School MS #2</td>
<td>xxxxxxx</td>
<td>X</td>
<td></td>
<td>Evidence-based, Whole-school Reform</td>
</tr>
<tr>
<td>Focus School ES #1</td>
<td>xxxxxxx</td>
<td>X</td>
<td></td>
<td>Turnaround</td>
</tr>
</tbody>
</table>

b. Needs Assessment

For each priority and focus school that the LEA proposes to serve,

- describe the needs assessment process, including how you analyzed
  - the current instructional programs, school leadership, and school infrastructure, and
  - the needs identified by families and the community;
- describe how the LEA has taken into consideration family and community input in selecting the intervention; and
- discuss how the selected reform model for each school specifically aligns to the needs identified in that school.
c. Prior Improvement Initiatives

Provide a detailed description of any prior improvement initiatives implemented by the LEA over the past five years and identify the impacted schools to include all of the following:

- the years and total budgets allocated for each initiative;
- an analysis of what interventions, strategies, and/or processes worked and did not work in prior initiatives;
- discussion of the reasons behind success(es) and/or failure(s) with prior improvement initiatives; and
- a description of how lessons learned are contributing to the current application needs assessment.

2. Project Design (maximum of 25 points available)

The Grant Design Chart located on page 65 of this application packet may be used to develop the operational plan for each school to be served in the proposed project. This form is not part of the application submission but is a tool for developing the operational plan only.

a. Objectives

Objectives are clear statements of what the LEA proposes to accomplish with the proposed SIG program. Objectives must reflect the results of the needs assessment, mirror the purpose of the subgrant award, and address the needs identified in the previous section.

Objectives are statements that define the results the applicant expects to achieve through the proposed SIG project. They explain the methods the applicant will use to achieve the overall purpose of the subgrant award. Objectives break the overall purpose down into smaller parts that provide specific, measurable actions by which the purpose can be accomplished. They refer to specific activities in a proposal and must be specific, measurable, achievable, relevant, and time-specific (SMART).

The two general types of objectives are process and outcome. Process objectives focus on the activities to be completed in a specific time period. They enable accountability by setting specific activities to be completed by specific dates. Process objectives explain what you are doing and when you will do it. They describe participants, interactions, and activities. For example: By June 30, 2016, provide 25 training sessions for 200 literacy coaches and English language arts teachers in the use of integrated classroom technology.

Outcome objectives express the intended results or accomplishments of project or program activities. They most often focus on changes in policy, a system, the environment, knowledge, attitudes, or behavior.

Objectives are meant to be realistic targets for the project or program. They are written in the active voice and use action verbs such as plan, write, augment, enhance, conduct, initiate, and produce (rather than more vague terms like learn, understand, feel). Well-written objectives will always answer the following question: Who is going to do what, when, and to what extent?
Consider quantities or things measurable and refer to a problem or need statement and the outcome of proposed activities when developing a well-stated objective. The figures used should be verifiable. Remember, if the proposal is funded, the stated objectives will probably be used to evaluate the project/program progress, so be realistic.

List all project objectives. Each objective should be specific, measurable, achievable, relevant and time-specific (SMART) to the extent possible. For each objective, include a description of

• how the objective reflects the results of the needs assessment,
• how the objective mirrors the purpose(s) of the subgrant award, and
• how the objective may be evaluated to determine how well initiatives worked.

The chart located on page 66 of this application packet may be used to develop the objectives. One form should be used for each objective. This form is not part of the application submission but is a tool for developing objectives only.

b. Reform Model Plan
Reform models chosen for schools must be consistent with final SIG requirements. Clearly describe the overall actions the LEA has taken, or will take, to design and implement a plan consistent with the final SIG requirements for the reform model(s) selected for each priority or focus school.

c. Evidence-based, Whole-school Reform Model
If applicable, an LEA that proposes to implement an Evidence-based, Whole-school Reform Model must demonstrate that

• the evidence of effectiveness supporting the model includes a sample population or setting similar to that of the school to be served, and
• it has partnered with a whole-school reform model developer, as defined in the SIG requirements.

Describe how the LEA will regularly review and hold accountable such providers for meeting their performance and other requirements (including evidence of a timeline of meetings and checkpoints).

d. Restart Model
If applicable and if the LEA proposes to use SIG funds to implement the Restart Model in one or more eligible schools, the applicant must demonstrate that the LEA will conduct a rigorous review process of the charter school operator, charter management organization (CMO), or education management organization (EMO) that it has selected to operate or manage the school or schools that is consistent with the final SIG requirements. Describe how the LEA will regularly review and hold accountable such providers for meeting their performance and other requirements (including evidence of a timeline of meetings and checkpoints).

e. Adequacy of Resources
Applicant must demonstrate that the LEA will provide adequate resources and related support to each school it commits to serve.
Explain how the LEA will provide adequate resources and related support to each school it commits to serve by including the following:

- Describe the resources and support that are likely to be needed by the school(s) to be served in each phase of the project (i.e., planning, implementation, and sustainability).
- Describe the specific actions taken or to be taken to determine the LEA’s capacity to provide these resources and support to the schools to be served.
- Describe specific actions taken or to be taken to align other resources (for example, Title I funding) with the selected reform model(s).
- Demonstrate how the LEA has the capacity to use SIG funds, as applicable, to fully and effectively implement the selected reform model(s) in each of the designated schools on the first day of the first school year of full implementation.

3. Strategies (maximum of 30 points available)

In this section, the LEA should describe the specific strategies for each school(s) during planning and the implementation years, as well as describe how the LEA will support and facilitate those strategies. Strategies should be designed in collaboration with the leadership and staff of the school(s) to be served and should support the selected reform model.

Strategies are considered those tasks that are the catalyst to help schools and educators achieve objectives. For example, in a classroom, strategies are what the teacher does/plans for the students to do so that they learn.

As applicable, strategies should be based on scientifically based, or evidence-based, interventions; they must be related to methods/design that the applicant will pursue to help schools achieve the objectives; and they are those things that the LEA, schools, and/or people will do that will advance their abilities. Like objectives, strategies use action verbs such as work, create, and hire.

Strategies translate into costs for the budget narrative for the proposed project. If a strategy or activity does not “equate to a dollar sign,” it is not a true strategy.

a. Planning and Pre-implementation

For each eligible school, describe the planning or pre-implementation strategies including the following:

- the timeline for implementing those strategies, and
- a description of how those strategies will lead to successful implementation of the selected reform model(s).

b. Evidenced-based Strategies

For each eligible school, demonstrate how, to the extent practicable, in accordance with its selected SIG reform model(s), the LEA will implement one or more evidence-based strategies during the implementation year(s) of the award.
c. Timeline of Strategies
   Include a Timeline of Strategies (as an appendix item) that clearly delineates the steps the LEA will take to implement the selected reform model(s) in each school identified to include the following:
   • a thorough description of when each strategy will begin and end,
   • how each strategy relates to specific objectives, and
   • who is responsible for overseeing the strategy.

   Use the chart located on 64, showing target dates for activities, to develop the Timeline of Strategies.

d. Practices and Policies
   Describe how the LEA will modify its practices or policies, if necessary, to enable full and effective implementation of the selected reform model(s).

4. Management and Sustainability (maximum of 25 points available)
   The Management section outlines the applicant’s plan to manage the project including the chain of command, who will manage the project, a job description of project director; and responsibilities for each key staff member.

   a. Oversight and Support
      Describe how the LEA will provide effective oversight and support for implementation of the selected reform model(s) for each school to be served by providing a detailed list of key staff along with their job duties and SIG-related chain of command, including contacts for each school. Certain reform models allow for establishing an administrative office focused on turnaround efforts to support each eligible school and its implementation of the selected intervention models.

      Identify the project director and all key staff and describe their roles for the project. Include as an appendix item (see page 31) résumés for the project director and other key staff (limit each résumé to two pages).

      For an LEA implementing the Restart Model in a school, describe how the LEA has, or will, recruit, screen, and select external providers (charter school operators, CMOs, EMOs), if applicable, to ensure their quality.

   b. Family and Community Engagement
      Describe how the LEA will meaningfully engage families and the community in the implementation of the selected reform model(s) on an ongoing basis by
      • discussing the plans and strategies for engaging families and the community while implementing the selected reform model; and
      • clearly describing how families will be involved in building, developing, and maintaining community partnerships as part of the model.
Include a completed Chart of Community Partners and Involvement for each school to be served in the appendices (see page 31).

c. Monitoring
Describe how the LEA will monitor each school that receives SIG funds by
- establishing measurable, reasonable, and attainable annual goals for student achievement on the state’s assessments in both reading/language arts and mathematics; and,
- measuring progress on the leading indicators as defined in the final requirements.

d. Reform Sustainability
Sustainability is reached when an objective becomes institutionalized, such as when a project or program implements a curriculum, trains a trainer, transforms a course, or establishes a tutoring program.

Describe the strategies the LEA will implement in year five, the sustainability year of the project, for each school to be served. Include areas such as, but not limited to, personnel, curriculum, professional development, school climate, technology, family engagement, and partnerships within the community. Include any applicable aspects of the reform model to be sustained.

Address what the LEA will do to ensure that the project will maintain its activities beyond the term of the grant. Describe how the LEA will sustain the reforms at each school after the funding ends.

5. Evaluation (maximum of 5 points available)

The SCDE’s Office of School Transformation will regularly monitor project reporting (see part I, section I.). Applicants should develop an overall evaluation structure for their project to ensure timely and detailed information is available to monitor their progress.

Describe how the LEA will regularly evaluate progress of each phase of the project (i.e., planning, implementation, and sustainability) to ensure effective use of resources. Evaluation should be ongoing and at intervals, with a planned course of action in the event that changes are necessary and impact the scope of work.

F. Application Budget

The LEA must provide a budget that indicates the amount of SIG funds it will use each year in each school it proposes to serve and the funds it will use to conduct LEA-level activities designed to support implementation of the selected school intervention models in each priority and focus schools. While the budget is assigned zero (0) points, the budget is a critical component of the entire application. No application with an incomplete budget will be funded.

Applicants should consider the school(s) to be served, their needs, and the reform model(s) to be implemented when developing their project budget. The LEA’s budget should cover one year of planning activities, three years of full implementation activities, and one year
of sustainability activities. The LEA’s budget should be of sufficient size and scope to implement the selected school intervention model in each priority and focus school the LEA commits to serve. The following ranges are provided for planning purposes.

### Estimated Funding Per School to be Served

<table>
<thead>
<tr>
<th>Project Year (August 1–July 31)</th>
<th>Estimated Funding Range</th>
</tr>
</thead>
<tbody>
<tr>
<td>Year 1—Planning</td>
<td>$75,000–$125,000</td>
</tr>
<tr>
<td>Year 2—Full Implementation Year 1</td>
<td>$100,000–$160,000</td>
</tr>
<tr>
<td>Year 3—Full Implementation Year 2</td>
<td>$100,000–$160,000</td>
</tr>
<tr>
<td>Year 4—Full Implementation Year 3</td>
<td>$100,000–$160,000</td>
</tr>
<tr>
<td>Year 5—Sustainability Year</td>
<td>$75,000–$125,000</td>
</tr>
</tbody>
</table>

The Office of School Transformation will provide technical assistance on budget development. LEAs can contact the program office with questions and concerns about their budgets prior to submitting their applications.

The application budget consists of two parts: the Budget Summary and Budget Narrative. All proposed expenditures for the entire grant period must be included in the Budget Summary and itemized in the Budget Narrative. Budget items not explained in the application narrative will not be funded.

1. The Budget Summary is the financial overview of the project. Each line item of the Budget Summary must correspond to the individual section totals of the Budget Narrative (discussed below). Provide a Budget Summary for the full five-year project using a spreadsheet formatted like the following table:

<table>
<thead>
<tr>
<th>[Insert LEA Name] BUDGET</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
</tr>
<tr>
<td>Priority #1 [Insert School Name]</td>
</tr>
<tr>
<td>Priority #2 [Insert School Name]</td>
</tr>
<tr>
<td>Focus #1 [Insert School Name]</td>
</tr>
<tr>
<td>LEA-level Activities</td>
</tr>
<tr>
<td>Total Budget</td>
</tr>
</tbody>
</table>
Save the Budget Summary table as an Excel Spreadsheet for upload into the online application Budget Summary section.

2. The Budget Narrative must provide clear evidence that the budget is justified based on the needs assessment. Use the budget template provided on [OST will provide hyperlink to the template] to develop an Excel spreadsheet for a five-year budget for each school to be served to include the planning year; implementation years one, two, and three; and the sustainability year. Structure the Budget Narrative with line item categories that parallel the line item categories of the Budget Summary. This Budget Narrative must provide clear evidence that the expenditures are appropriate and justified to support the activities of the project. Expenditures must be allowable, reasonable, and allocable; adequate to support the activities of the project; and directly connect to the objectives and strategies in the proposal narrative. Include estimates for matching funds and in-kind contributions, if applicable. The narrative must contain formulas used to calculate the cost for each line item.

When finalized, save the Budget Narrative as an Excel document to be uploaded into the online application where indicated. Ensure the totals in the Budget Summary equal the totals in the Budget Narrative.

The following describes the line items that should be budgeted in each category.

**Salaries/Stipends (100)**
This category includes pay for salaries for staff member, substitutes, and stipends for teachers. The total percentage of time charged to the subgrant and to non-grant funds cannot exceed 100 percent of the total time worked by any staff member.

**Employee Benefits (200)**
FICA, workers’ compensation, health insurance, and other employee benefits costs should be included here and will represent a percentage of the total in Salaries/Stipends (100).

**Purchased Services (300)**
Expenses such as consultant fees, travel/transportation costs, telephone costs, and other purchased services will be included here. This includes amounts paid for personal services rendered by personnel who are not on the payroll and for other specialized services purchased by the organization. While a product may or may not result from the transaction, the primary reason for the purchase is the service provided. Note: Salaries for direct teachers and project staff should be recorded in Salaries/Stipends (100) and not in this section.

**Supplies and Materials (400)**
Include the amounts paid for material items of an expendable nature. It is recommended that applicants group items into categories to avoid listing every item; however, make sure that such expenditures are aligned with relevant project characteristics (objectives, number of participants, frequency of activity, etc.). Allow for maintenance, repair, and
replacement costs over the grant life cycle of the proposed project for any equipment that totals $5,000 and below.

**Capital Outlay/Equipment (500)**
Equipment and supplies totaling more than $5,000 per unit are not allowable (see part I, section H). Itemize furniture, fixtures, and equipment that total $5,000 and below per unit under Supplies and Materials. Applicants are reminded that equipment purchased with federal funds must be managed in compliance with 2 CFR Part 200 Subpart D § 200.313 (and § 200.439 as applicable). See part I, section F for more information on applicable federal regulations.

**Other Objects (600)**
This category includes expenditures such as postage, liability insurance fees, and copyright fees that do not neatly fit into the other categories.

**Indirect Costs (700)**
Indirect costs are allowed. Indirect costs represent the operating expenses that are not readily identified with a particular grant, contract, project function, or activity but are necessary for the general operation of an organization and the conduct of activities it performs. In theory, expenses like heat, electricity, accounting, and personnel might be charged directly if little meters could record minutes in a cross-cutting manner; however, practical difficulties preclude such an approach. Therefore, cost allocation plans or indirect cost rates are used to distribute those costs to benefiting revenue sources.

For a subgrantee to pay a vendor with federal funds, a contract must be in place. At a minimum, the contract should include the scope of services, the duration of the contract, and the method and amount of payment, and the contract must be executed by both parties. Consulting/service contracts must be procured in accordance with procurement regulations in 2 CFR Part 200 (see § 200.317 to § 200.326 and Appendix II). LEA applicants should also review South Carolina Procurement Law at [http://www.mmo.sc.gov/PS/legal/PS-legal-procurement-law.phtm](http://www.mmo.sc.gov/PS/legal/PS-legal-procurement-law.phtm).

Applicants/grantees must ensure that they do not enter a contract with any vendor that is debarred, suspended, or is ineligible for participation in federal programs by
1. checking the Excluded Parties List (EPLS) at the federal System for Award Management (SAM) Web site—[https://www.sam.gov/portal/public/SAM/#1](https://www.sam.gov/portal/public/SAM/#1) (Applicants are encouraged to review the user guides for exclusions provided via the “Help” page prior to conducting searches.);
2. collecting a certification from the vendor and attaching it to the contract; or
3. adding a clause or condition to the contract that indicates the vendor is eligible.

Because sustainability of the proposed project is of paramount importance, an applicant should indicate any matching and/or in-kind funding as a clear sign of sustainability plans and potential. In addition, demonstrate the use of supplemental funds through the schools and districts. Although matching funds are not required and give no “competitive edge” to any application, all in-kind contributions from partners must be included.
The SCDE reserves the right to disqualify, disallow, and negotiate costs associated with any line item proposed in the budget. If any line item cost is determined to be excessive, given the nature and scope of the entire project or of a particular activity, the SCDE can request the applicant reduce the cost of the line item or ask the applicant to assume a portion of the cost before the budget is approved and funds are awarded.

Funds will be disbursed on a reimbursement basis upon the receipt of expenditure reports with all supporting documentation from the subgrantees. Subgrantees may not obligate funds prior to the receipt of a grant award notice. No expenditures incurred prior to August 1, 2015, will be reimbursed. Applicants should have at their disposal at least three months of sustainable funds to implement the program prior to SCDE reimbursement. Subgrantees are not permitted to pick up their reimbursements from the SCDE office.

To charge indirect costs to a grant, a subgrantee must have an approved indirect cost rate agreement. The restricted indirect cost rate of the school district must be used.

G. Appendices

All sections of the appendices must be scanned into one PDF document to be uploaded into the online application where indicated.

**Certification Signature Page (SCDECS-101)**

Print the Certification Signature Page (located on page 57) and obtain the appropriate signatures. Applications that do not include the signed Certification Signature Page will not be reviewed or considered for funding. **Note:** This form includes the certification of the SCDE’s Assurances and Terms and Conditions for Federal Awards and any applicable program-related conditions conveyed in this RFP. Those forms are not required to be included in the applicant’s proposal submission. However, please retain the copy included in this RFP for your records and ensure that the signatories and partner organizations have copies of each document.

By signing the Certification Signature Page, the signatories assure that they will comply with all the assurances and terms and conditions for the project/program. **All signatories must understand that they are signing a document that is legally binding** in the event a grant is awarded. Applications that **do not** include the signed Certification Signature Page will not be reviewed or considered for funding.

**GEPA Statement**

Pursuant to section F of this RFP, Statutory Requirements, all applicants for SIG funds are required to provide a GEPA Statement. Follow the instructions included on the attached GEPA Notice to All Applicants and create a GEPA Statement for the proposed SIG project. When finalized, save the GEPA Statement to be scanned with all other appendices and uploaded as one PDF document into the online application in the appendices section.
Timeline of Strategies

Include a Timeline of Strategies that includes each benchmark activity (including evaluation and management components), when each project activity begins and ends, how each activity relates to a particular objective, and who is responsible for overseeing the activity. A template for this timeline is included on page 64.

Résumés of Project Director and Key Personnel

Include a résumé or vita for the project director, not to exceed two pages. For any other key personnel to be involved in this program, include a résumé, vita, or a paragraph summary.

Chart of Community Partners and Involvement

For each school to be served, include a chart that lists the community groups and organizations (i.e., School Improvement Council(s), PTO(s), businesses, civic groups, volunteers) who contributed to the needs assessment and indicate their ongoing commitment to the proposed SIG project. Use the following headings for columns in the chart: Partner Name/Contact Person with telephone number/Resources to Be Provided.

H. Deadline and Submission Procedures

1. Applicants should e-mail a notice of intent to apply by June 1, 2015, to SIG@ed.sc.gov with a copy to David Long at dlong@ed.sc.gov. In the e-mail, include the applicant’s name; the contact person’s name, address, phone number, and e-mail address; and the names of the schools you propose to serve. A notice of intent is not required but will help the SCDE prepare for the application submission and review process.
2. Applications must be submitted online at [Grants Program will insert hyperlink to online application].
3. No hard copy applications will be accepted. Applications delivered by hand, postal mail, e-mail, or fax will not be accepted.
4. Only applications that adhere to all of the guidelines and directions set forth in this RFP will be reviewed and considered for funding.
5. Applications must originate from the applicant. Applications that are plagiarized from the Internet, other grants, or second-party resources will not be considered for funding. Grants are not transferrable.
6. Do not attach or submit any additional materials other than what is specifically required. Any additional materials will be disposed of without review.
7. Applications will not be returned. Keep a copy of the entire application for your records.
8. A complete application must include all required documentation and appendices.
9. Applications must be received no later than 4:30 p.m. on June 26, 2015. Applications received after this deadline will not be considered. Because potential technology issues may arise, it is best to submit well in advance of the deadline. No exceptions to the deadline will be entertained regardless of circumstances.
I. Screenshots of Online Application Submission Forms

The following screenshots are for informational purposes only and are provided to assist applicants in compiling all elements needed to complete the online submission. Complete the online application as directed in the preceding instructions. Make sure all information submitted is accurate, including formal or official names such as the school district, and that spelling is correct. Do not use abbreviations or acronyms.

If it is necessary to stop entering information into the online application, you may save and return to the form later. Click on the “Save” button to save your progress. You will be prompted to enter an e-mail address so it is important to enter the e-mail address of the person completing the online form. This person will receive a notification with the hyperlink required to return to the incomplete application. Be sure to enter the e-mail address correctly as SCDE personnel cannot access the hyperlink or the incomplete application. A saved application is not a submitted application. You must use the hyperlink to continue entering information into the form and click on the “Submit” button to complete the submission process.

[The SCDE Grants Program will provide the screenshots of the application forms]
Appendix A: Definitions of Terms Used

Charter Management Organization (CMO)—A non-profit organization that operates or manages charter schools by centralizing or sharing certain functions and resources among schools.

De-obligation—The downward adjustment of the obligations recorded in a grant award document. It is caused by factors such as (1) termination of part of the project, (2) reduction in material prices, (3) cost savings, or (4) correction of recorded amounts.

Early Learning Model—An approved SIG reform model that is available only for elementary schools and implements the early learning strategies of offering full-day kindergarten and establishing or expanding high-quality preschool programs. See pages 4–5 for the definition of an Early Learning Model.

Education Management Organization (EMO)—A for-profit or non-profit organization that provides “whole-school operation” services to an LEA.

Evidence-based strategy—A strategy supported by at least moderate evidence of effectiveness as defined in 34 CFR 77.1.

Evidence-based, Whole-school Reform Model—An approved SIG reform model that is supported by evidence of effectiveness and is implemented in partnership with a Whole-school Reform Model developer. See page 5 for the definition of an Evidence-based, Whole-school Reform Model.

High-quality preschool program—An early learning program that includes structural elements that are evidence-based and nationally recognized as important for ensuring program quality, including at a minimum—

a. high staff qualifications, including a teacher with a bachelor’s degree in early childhood education or a bachelor’s degree in any field with a state-approved alternate pathway, which may include coursework, clinical practice, and evidence of knowledge of content and pedagogy relating to early childhood, and teaching assistants with appropriate credentials;

b. high-quality professional development for all staff;

c. a child-to-instructional staff ratio of no more than 10 to 1;

d. a class size of no more than 20 with, at a minimum, one teacher with high staff qualifications as outlined in paragraph a of this definition;

e. a full-day program;

f. inclusion of children with disabilities to ensure access to and full participation in all opportunities;

g. developmentally appropriate, culturally and linguistically responsive instruction and evidence-based curricula, and learning environments that are aligned with the state early learning and development standards, for at least the year prior to kindergarten entry;

h. individualized accommodations and supports so that all children can access and participate fully in learning activities;
i. instructional staff salaries that are comparable to the salaries of local K–12 instructional staff;

j. program evaluation to ensure continuous improvement;

k. on-site or accessible comprehensive services for children and community partnerships that promote families’ access to services that support their children’s learning and development; and

l. evidence-based health and safety standards.

Increased learning time—A longer school day, week, or year schedule to significantly increase the total number of school hours to include additional time for—

a. instruction in one or more core academic subjects, including English, reading or language arts, mathematics, science, foreign languages, civics and government, economics, arts, history, and geography;

b. instruction in other subjects and enrichment activities that contribute to a well-rounded education, including, for example, physical education, service learning, and experiential and work based learning opportunities that are provided by partnering, as appropriate, with other organizations; and

c. teachers to collaborate, plan, and engage in professional development within and across grades and subjects.

Restart Model—An approved SIG reform model in which an LEA converts a school or closes and reopens a school under a charter school operator, a charter Management organization, or an education management organization selected through a rigorous review process. See page 6 for the definition of a Restart Model.

School Closure Model—School closure occurs when an LEA closes a school and enrolls the students who attended that school into other higher-achieving schools within the LEA. See page 6 for the definition of a School Closure Model.

Transformation Model—An approved SIG funds reform model that includes all four of the following elements:

(a) Developing and increasing teacher and school leadership effectiveness,

(b) Comprehensive instructional reform strategies,

(c) Increasing learning time and creating community-oriented schools, and

(d) Providing operational flexibility and sustained support.

See pages 6–9 for the definition of a Transformation Model.

Turnaround Model—An approved SIG reform model in which the LEA replaces the principal and staff and rehires no more than 50% of the school’s staff; adopts a new governance structure; provides job-embedded professional development; implements incentives to recruit, hire, and retain staff; implements a research-based, aligned instructional program; extends learning and teacher planning time; creates social-emotional and community-oriented services and support; and grants the new principal sufficient operational flexibility in fully implementing a comprehensive approach to substantially improve student outcomes. See pages 9–10 for the definition of a Turnaround Model.
Whole-school Reform Model—A model that is designed to—
(a) improve student academic achievement or attainment;
(b) be implemented for all students in a school; and
(c) address, at a minimum and in a comprehensive and coordinated manner, each of the
following:
   (1) school leadership,
   (2) teaching and learning in at least one full academic content area (including
       professional learning for educators),
   (3) student non-academic support, and
   (4) family and community engagement.

Whole-school Reform Model Developer—An entity or individual that—
   a. maintains proprietary rights for the model; or
   b. if no entity or individual maintains proprietary rights for the model, has a
demonstrated record of success in implementing a whole-school reform model (as
defined above) and is selected through a rigorous review process that includes a
determination that the entity or individual is likely to produce strong results for the
school.
## Appendix B: Selection Criteria and Reviewers’ Scoring Rubric

</table>

**Reviewer’s Comments**

1.b. **Needs Statement—Needs Assessment**: For each priority and focus school that the LEA proposes to serve, the applicant *must*
- describe the needs assessment process, including how they analyzed
  - the current instructional programs, school leadership, and school infrastructure, and
  - the needs identified by families and the community;
- describe how the LEA has taken into consideration family and community input in selecting the intervention; and
- discuss how the selected reform model for each school specifically aligns to the needs identified in that school.

**Reviewer’s Comments**

**1.c. Needs Statement—Prior Improvement Initiatives:** The applicant must provide a detailed description of any prior improvement initiatives implemented by the LEA over the past five years and identify the impacted schools to include all of the following:

- the years and total budgets allocated for each initiative;
- an analysis of what interventions, strategies, and/or processes worked and did not work in prior initiatives;
- discussion of the reasons behind success(es) and/or failure(s) with prior improvement initiatives; and
- a description of how lessons learned are contributing to the current application needs assessment.
<table>

</thead>
</table>
| **Fully Meets—6–7 points** | Applicant provides a very clear and detailed description of prior improvement initiatives implemented by the LEA over the past five years and identifies the impacted schools to include all of the following:  
• the years and total budgets allocated for each initiative;  
• an analysis of what interventions, strategies, and/or processes worked and did not work in prior initiatives;  
• discussion of the reasons behind success(es) and/or failure(s) with prior improvement initiatives; and  
• a description of how lessons learned are contributing to the current application needs assessment. | Applicant does not provide an adequate description of prior improvement initiatives implemented by the LEA over the past five years or identify the impacted schools to include all of the following:  
• the years and total budgets allocated for each initiative;  
• an analysis of what interventions, strategies, and/or processes worked and did not work in prior initiatives;  
• discussion of the reasons behind success(es) and/or failure(s) with prior improvement initiatives; and  
• a description of how lessons learned are contributing to the current application needs assessment. |
| **Adequate/Meets—4–5 points** | Applicant provides a moderately detailed description of prior improvement initiatives implemented by the LEA over the past five years and identifies the impacted schools to include all of the following:  
• the years and total budgets allocated for each initiative;  
• an analysis of what interventions, strategies, and/or processes worked and did not work in prior initiatives;  
• discussion of the reasons behind success(es) and/or failure(s) with prior improvement initiatives; and  
• a description of how lessons learned are contributing to the current application needs assessment. | Applicant provides a limited or unclear description of prior improvement initiatives implemented by the LEA over the past five years and identifies the impacted schools to include all of the following:  
• the years and total budgets allocated for each initiative;  
• an analysis of what interventions, strategies, and/or processes worked and did not work in prior initiatives;  
• discussion of the reasons behind success(es) and/or failure(s) with prior improvement initiatives; and  
• a description of how lessons learned are contributing to the current application needs assessment. |
| **Limited/Approaches—2–3 points** |  |  |
| **Inadequate—0–1 points** |  |  |
2.a. Project Design—Objectives: The applicant must list all project objectives. Each objective should be specific, measurable, achievable, relevant and time-specific (SMART) to the extent possible. For each objective, the applicant must include a description of how the objective reflects the results of the needs assessment; how the objective mirrors the purpose(s) of the subgrant award; and how the objective may be evaluated to determine how well initiatives worked.

<table>

</tbody>
</table>

If applicable, the applicant clearly demonstrates that the evidence of effectiveness supporting the implementation of an Evidence-based, Whole-school Reform Model includes
- a sample population or setting similar to that of the school to be served;
- a partnership with a whole-school reform model developer, as defined in the SIG requirements; and
- a description of how the LEA will regularly review and hold accountable such providers for meeting their performance and other requirements (including evidence of a timeline of meetings and checkpoints).

If applicable, the applicant does not adequately demonstrate that the evidence of effectiveness supporting the implementation of an Evidence-based, Whole-school Reform Model includes
- a sample population or setting similar to that of the school to be served;
- a partnership with a whole-school reform model developer, as defined in the SIG requirements; and
- a description of how the LEA will regularly review and hold accountable such providers for meeting their performance and other requirements (including evidence of a timeline of meetings and checkpoints).

Reviewer’s Comments

2.d. Project Design—Restart Model: If the LEA proposes to implement the Restart Model in one or more eligible schools, the applicant must demonstrate that the LEA will conduct a rigorous review process of the charter school operator, charter management organization (CMO), or education management organization (EMO) that it has selected to operate or manage the school or schools that is consistent with the final SIG requirements; and describe how the LEA will regularly review and hold accountable such providers for meeting their performance and other requirements (including evidence of a timeline of meetings and checkpoints).
2.e. Project Design—Adequacy of Resources: The applicant must demonstrate that the LEA will provide adequate resources and related support to each priority or focus school it commits to serve by including a description of the resources and support that are likely to be needed by the schools to be served in each phase of the project (i.e., planning, implementation, and sustainability); a description of the specific actions taken or to be taken to determine the LEAs capacity to provide these resources and support; a description of the specific actions taken or to be taken to align other resources (for example, Title I funding) with the selected reform model(s); and a demonstration of how the LEA has the capacity to use SIG funds, as applicable, to fully and effectively implement the selected reform model(s) in each of the designated schools on the first day of the first school year of full implementation.

<table>
<thead>
<tr>
<th>Acceptable</th>
<th>Not Acceptable</th>
</tr>
</thead>
<tbody>
<tr>
<td>Adequate/Meets (0 points)</td>
<td>Inadequate (deduct 5 points)</td>
</tr>
</tbody>
</table>

If applicable, the applicant clearly
- demonstrates that, in order to implement the Restart Model in one or more eligible schools, the LEA will conduct a rigorous review process of the charter school operator, charter management organization (CMO), or education management organization (EMO) that it has selected to operate or manage the school or schools that is consistent with the final SIG requirements; and
- describes how the LEA will regularly review and hold accountable such providers for meeting their performance and other requirements (including evidence of a timeline of meetings and checkpoints).

If applicable, the applicant does not
- demonstrate that, in order to implement the Restart Model in one or more eligible schools, the LEA will conduct a rigorous review process of the charter school operator, charter management organization (CMO), or education management organization (EMO) that it has selected to operate or manage the school or schools that is consistent with the final SIG requirements; and
- describe how the LEA will regularly review and hold accountable such providers for meeting their performance and other requirements (including evidence of a timeline of meetings and checkpoints).

**Reviewer’s Comments**

4.a. Management and Sustainability—Oversight and Support: The applicant *must* include a description of how the LEA will provide effective oversight and support for implementation of the selected reform model(s) for each school to be served by providing a detailed list of key staff along with their job duties and SIG-related chain of command, including contacts for each school. LEAs *must* identify the project director and all key staff and describe their roles for the project (including résumés for the project director and other key staff as an appendix item). Certain reform models allow for establishing an administrative office focused on turnaround efforts to support each eligible school and its implementation of the selected intervention models. For an LEA implementing the Restart Model in a school, the district must describe how they have, or will, recruit, screen, and select external providers (charter school operators, CMOs, EMOs), if applicable, to ensure their quality.

Please complete, print, and obtain signatures prior to submission. Include the signed, scanned form in the Required Appendices as indicated on page 30.
For informational purposes only
The applicant certifies to abide by the School Improvement Grant Specific Assurances by signing and submitting the Certification Signature Page (SCDESC-101).

School Improvement Grant Specific Assurances

The Signatories assure that they will—
(a) use its School Improvement Grant to fully and effectively implement an intervention in each priority and focus school that the LEA commits to serve consistent with the final requirements;
(b) establish annual goals for student achievement on the state’s assessments in both reading/language arts and mathematics and measure progress on the leading indicators in section III of the final requirements in order to monitor each priority and focus school that it serves with school improvement funds;
(c) report to the SCDE the school-level data required under section III of the final requirements, including baseline data for the year prior to SIG implementation; and
(d) ensure that each priority and focus school that it commits to serve receives all of the state and local funds it would receive in the absence of the school improvement funds and that those resources are aligned with the interventions.
Assurances and Terms and Conditions for Federal Awards and Subawards

For informational purposes only

The applicant certifies to abide by the SCDE Assurances by signing and submitting the Certification Signature Page (SCDESC-101).

Assurances

I certify that this applicant

A. Has the legal authority to apply for federal assistance and the institutional, managerial, and financial capability (including funds sufficient to pay the nonstate share of project costs) to ensure proper planning, management, and completion of the project described in this application.

B. Will give the South Carolina Department of Education (SCDE) access to and the right to examine all records, books, papers, or documents related to this award and will establish a proper accounting system in accordance with Generally Accepted Accounting Principles (GAAP) or agency directives.

C. Has an accounting system with sufficient internal controls, a clear audit trail, and written cost-allocation procedures as necessary. The financial management systems are capable of distinguishing expenditures that are attributable to this grant from those that are not attributable to this grant. This system is able to identify costs by programmatic year and by budget line item and to differentiate among direct, indirect, and administrative costs. In addition, the applicant will maintain adequate supporting documents for the expenditures (federal and nonfederal) and in-kind contributions, if any, that it makes under this grant. Costs are shown in books or records (e.g., disbursements ledger, journal, payroll register) and are supported by a source document such as a receipt, travel voucher, invoice, bill, or in-kind voucher.

D. Will also comply with the Office of Management and Budget 2 CFR Part 200 Subpart E-Cost Principles related to the allowability, reasonableness, and allocability of costs consistent with the approved budget and also by maintaining required support for salaries and wages. Required support includes certifications and/or personnel activity records depending upon the amount of time spent on cost objectives.

E. Will approve all expenditures, document receipt of goods and services, and record payments on the applicant’s accounting records prior to submission of reimbursement claims to the SCDE for costs related to this grant.

F. Will initiate and complete work within the applicable time frame after receipt of approval by the SCDE.

G. Will not discriminate against any employee or applicant for employment because of race, color, religion, age, sex, national origin, or disability and comply with Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Title IX of the Education Amendments of 1972, and the Age Discrimination Act of 1975. The grantee will take affirmative action to ensure that applicants for employment and the employees during the period of their employment are treated without regard to their race, color, religion, age, sex, national origin, or disability.

H. Has no policy that prevents, or otherwise denies participation in, constitutionally protected prayer in public schools as set forth in the Guidance on Constitutionally Protected Prayer in Public Education (20 U.S.C. § 7904).

J. Will comply with the Ethics, Government Accountability, and Campaign Reform Act (S.C. Code Ann. § 2-17-10 et seq. and § 8-13-100 et seq. (Supp. 2014)).
K. Will comply with the South Carolina Drug Free Workplace Act (S.C. Code Ann. § 44-107-10 et seq. (Supp. 2014) if the amount of this award is $50,000 or more and the federal Drug Free Workplace Act of 1988 (41 USC 702).

L. Will provide information to the SCDE, as requested, regarding the reporting requirements of the Federal Funding Accountability and Transparency Act (FFATA), which requires the SCDE to file a FFATA subaward report by the end of the month following the month in which it awards any subgrant equal to or greater than $25,000.

M. Will comply with 2 CFR Part 25 and register and receive a unique entity identifier, fulfill the requirement for the System for Award Management at www.sam.gov, maintain the currency of the registration throughout the full grant term, and allow access by the granting agency to ensure compliance.

N. Will comply with 2 CFR Part 200.112 and disclose in writing any potential conflict of interest to the SCDE.

O. Will comply with 2 CFR Part 200.113 and disclose in writing to the SCDE all violations of federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the federal award.

P. Will comply with conditions under Executive Order 13513 “Federal Leadership on Reducing Text Messaging While Driving” (October 1, 2009), by refraining from texting messaging while driving during official grant business.

Terms and Conditions

A. Completeness of Proposal. All proposals should be complete and carefully worded and must contain all of the information requested by the South Carolina Department of Education (SCDE). If you do not believe a section applies to your proposal, please indicate that fact.

B. Non-awards/Termination. The SCDE reserves the right to reject any and all applications and to refuse to grant monies under this solicitation. If the SCDE rejects an application, the applicant has a right to request a hearing, as provided by 2 CFR Part 200.341 and CFR Part 76.401, if it alleges the SCDE’s actions violate a state or federal statute or regulation by (1) disapproving of or failing to approve the application or project, in whole or in part, or (2) failing to provide funds in amounts in accordance with the requirements of statutes and regulations.

After it has been awarded, the SCDE may terminate a grant by giving the grantee written notice of termination. In the event of a termination after award, the SCDE shall reimburse the grantee for allowable expenses incurred up to the notification of termination. In addition, this grant may be terminated by the SCDE if the grantee fails to perform as promised in its proposal. Federal grants will be terminated in accordance with 2 CFR Part 200.339 and 200.340.

In the event that this grant is terminated, the grantee shall have a right to a hearing as set forth in 34 CFR Part 76.783. The grantee must notify the SCDE of its request for a hearing within 30 days of receiving written notice of the termination. If a hearing is requested, the SCDE will conduct the hearing in accordance with the procedures outlined in 34 CFR Part 76.401(d)(2)–(7).

C. Reduction in Budgets and Negotiations. The SCDE reserves the right to negotiate budgets with applicants. The SCDE may, at its sole discretion, determine that a proposed budget is excessive and may negotiate a lower budget with the applicant. The applicant may at that time negotiate or withdraw its proposal. In addition, the SCDE may desire to fund a project but not at the level proposed. In that case, the SCDE shall notify the applicant of the amount that can be funded, and the applicant and the SCDE shall negotiate a modification to the proposal to accommodate the lower budget. All final decisions are that of the SCDE.

D. Amendments to Grants. Amendments are permitted generally for budgets, grant end date, and management upon the mutual agreement of the parties involved and will become effective when
specified in writing and signed by both parties. However, amendments to scope of work that significantly alter the original application proposal may trigger partial or full termination consistent with 2 CFR Part 200.339 and 200.340.

E. **Use of Grant Funds.** Funds awarded are to be expended only for purposes and activities covered by the approved project plan and approved budget and budget narrative.

F. **Submission of Expenditure Reports.** Claims for reimbursement must be made at least quarterly and consistent with calendar quarters (e.g., an expenditure report claim for costs for January 1 through March 30 must be filed by May 15).

G. **Obligation of Grant Funds.** Grant funds may not be obligated prior to the effective date or subsequent to the end or termination date of the grant period. No obligations are allowed after the end of the grant period. The final request for expenditure report claims must be submitted no later than thirty (30) days after the end of the grant period.

H. **De-obligation of Funds.** After a final expenditure report claim has been submitted to the SCDE, the grantee will go through the official de-obligation process with the SCDE.

J. **Travel Costs.** Travel costs, if allowed under this solicitation, must not exceed limits noted in the United States General Services Administration (www.gsa.gov) regulations for lodging. Meals and incidentals are limited by the state budget proviso, currently not to exceed $25 per day for in-state travel and $32 for out-of-state travel. Mileage reimbursement must follow the current Office of Comptroller General instructions, which is consistent with the published IRS rates.

K. **Honoraria.** Amounts paid in honoraria, if allowed under this grant, must be consistent with SCDE policies. Applicants should check with the program office before budgeting for honoraria.

L. **Reports.** The grantee shall submit, as required or instructed by the awarding program office, all reports (programmatic, financial, or evaluation) within the specified period or date and in the prescribed format. An expenditure claim report must be filed by August 15 for all expenditures incurred by June 30 in order to comply with the Generally Accepted Accounting Principles (GAAP) and the production of the State's Comprehensive Annual Financial Report.

M. **Copyright.** The grantee is free to copyright any books, publications, or other copyrightable materials developed in the course of this grant. However, the SCDE reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish, or otherwise use, and to authorize others to use, the copyrighted work developed under this grant.

N. **Certification Regarding Lobbying, Suspension, and Debarment.** By submitting an application, the applicant certifies, to the best of its knowledge and belief, that the

- Applicant and/or any of its principals, subgrantees, or subcontractors
  - Have not paid or will not pay to any person any federally appropriated funds for the purpose of influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or any employee of a Member of Congress in connection with making any federal grant and the extension continuation, renewal, amendment, or modification of any federal grant, as defined at 34 CFR Part 82.105 and 82.110. If any funds other than federally appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or any employee of a Member of Congress in connection with this federal grant, the undersigned shall complete and submit Standard Form LLL, “Disclosure of Lobbying Activities,” in accordance with its instructions.
o Are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any state or federal agency as stated at 34 CFR Part 180 or 2 CFR Part 3485.

o Have not, within a three-year period preceding this application, been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) contract or subcontract; violated federal or state antitrust statutes relating to the submission of offers; or committed embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, or receiving stolen property.

o Are not presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated above.

• Applicant has not, within a three-year period preceding this application, had one or more contracts terminated for default by any public (federal, state, or local) entity.

O. Audits.

• Entities expending $750,000 or more in federal awards:
  Entities that expend $750,000 or more in federal awards during the fiscal year are required to have an audit performed in accordance with the provisions of 2 CFR Part 200.501, et seq. Except for the provisions for biennial audits provided in 2 CFR Part 200.504 (a) and (b), audits must be performed annually as stated at 2 CFR Part 200.504. A grantee that passes through funds to subrecipients has the responsibility of ensuring that federal awards are used for authorized purposes in compliance with federal program laws, federal and state regulations, and grant agreements. The director of the OMB, who will review this amount every two years, has the option of revising the threshold upward.

• Entities expending less than $750,000 in federal awards:
  Entities that expend less than $750,000 in a fiscal year in federal awards are exempt from the audit requirements in 2 CFR Part 200.504. However, such entities are not exempt from other federal requirements (including those to maintain records) concerning federal awards provided to the entity. The entity’s records must be available for review or audit by the SCDE and appropriate officials of federal agencies, pass-through entities, and the General Accounting Office (GAO).

P. Records. The grantee shall retain federal grant records, including financial records and supporting documentation, for a minimum of six (6) years after the end date of the grant when the final expenditure report claim for reimbursement and all final reports have been submitted, unless informed otherwise or in the case of litigation.

Q. Electronic Signature Agreement. I agree that my electronic signature is the legally binding equivalent to my handwritten signature.
GEPA: Notice to All Applicants

The purpose of this enclosure is to inform you about a new provision in the Department of Education's General Education Provisions Act (GEPA) that applies to applicants for new grant awards under Department programs. This provision is Section 427 of GEPA, enacted as part of the Improving America's Schools Act of 1994 (Public Law (P.L.) 103-382).

To Whom Does This Provision Apply?
Section 427 of GEPA affects applicants for new grant awards under this program. ALL APPLICANTS FOR NEW AWARDS MUST INCLUDE INFORMATION IN THEIR APPLICATIONS TO ADDRESS THIS NEW PROVISION IN ORDER TO RECEIVE FUNDING UNDER THIS PROGRAM.

(If this program is a state-formula grant program, a state needs to provide this description only for projects or activities that it carries out with funds reserved for state-level uses. In addition, local school districts or other eligible applicants that apply to the state for funding need to provide this description in their applications to the state for funding. The state would be responsible for ensuring that the school district or other local entity has submitted a sufficient section 427 statement as described below.)

What Does This Provision Require?
Section 427 requires each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its federally assisted program for students, teachers, and other program beneficiaries with special needs. This provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age. Based on local circumstances, you should determine whether these or other barriers may prevent your students, teachers, etc. from such access or participation in, the federally funded project or activity. The description in your application of steps to be taken to overcome these barriers need not be lengthy; you may provide a clear and succinct description of how you plan to address those barriers that are applicable to your circumstances. In addition, the information may be provided in a single narrative or, if appropriate, may be discussed in connection with related topics in the application.

Section 427 is not intended to duplicate the requirements of civil rights statutes, but rather to ensure that, in designing their projects, applicants for federal funds address equity concerns that may affect the ability of certain potential beneficiaries to fully participate in the project and to achieve to high standards. Consistent with program requirements and its approved application, an applicant may use the federal funds awarded to it to eliminate barriers it identifies.

What are Examples of How an Applicant Might Satisfy the Requirement of This Provision?
The following examples may help illustrate how an applicant may comply with Section 427.

(1) An applicant that proposes to carry out an adult literacy project serving, among others, adults with limited English proficiency might describe in its application how it intends to distribute a brochure about the proposed project to such potential participants in their native language.

(2) An applicant that proposes to develop instructional materials for classroom use might describe how it will make the materials available on audio tape or in Braille for students who are blind.

(3) An applicant that proposes to carry out a model science program for secondary students and is concerned that girls may be less likely than boys to enroll in the course might indicate how it intends to conduct "outreach" efforts to girls to encourage their enrollment.

We recognize that many applicants may already be implementing effective steps to ensure equity of access and participation in their grant programs, and we appreciate your cooperation in responding to the requirements of this provision.

Objectives Worksheet

**Objective:**

<table>
<thead>
<tr>
<th>Directions</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Identify a result you expect to achieve through this program.</td>
</tr>
<tr>
<td>2. Describe what you will do to achieve this result.</td>
</tr>
<tr>
<td>3. What data will you collect to indicate achievement of objective?</td>
</tr>
<tr>
<td>4. List any benchmarks for progress toward achieving this result over time.</td>
</tr>
<tr>
<td>5. Combine the information from Steps 1–4 into one sentence. (This combined statement is a performance measure.)</td>
</tr>
<tr>
<td>6. How long will it take to achieve this objective?</td>
</tr>
<tr>
<td>7. What baseline data will you need to collect to measure achievement of objective?</td>
