SUMMER 2015 CURRICULUM AND INSTRUCTION FOR GIFTED AND TALENTED STUDENTS (3)

EDCI 676 – Curriculum and Instruction for Gifted and Talented Students

This is a comprehensive course designed to give teachers and other educational professionals the tools to develop, implement and evaluate curriculum materials for gifted students. This course will educate teachers about the recommended program models to use in educating gifted and talented students as well as how each model meets the specific needs of gifted populations. This course includes information about the methods of instructional delivery that are most appropriate for gifted learners as well as the research basis for those techniques.

Course participants will construct independent study guides and sample curriculum units that incorporate appropriate planning, pacing, instruction, and assessment for gifted learners.

Prerequisite: EDCI 675

Instructor: *Sara Newell*
