- **CAMPUS USER TRAINING Webinars** -- <https://attendee.gotowebinar.com/rt/8788179112367790849>

## Campus Questions & User Tips

1. Log into Title 1 Crate, click on the “**UPLOAD**” button between HOME & REPORTS.

2. How do we find our assigned compliance items we need to attach to our campus crate? Use the buttons under the main menu in the **Upload section** to sort through your items.
3. How do we attach compliance items? Click the item shown below inside Title 1 Crate and it's like attaching an item to an email. Once attached it instantly is inserted in the district crate for approval.

4. How do we replace and attach an item that has been rejected? Put your cursor over the red box, click the blue **Replace** button & it's the same process as attaching a compliance file.

# 806 | Technologies

## Ross helps his mom Lesli!

Ross Laughter founded 806 Technologies in 2007 to help one Canyon ISD assistant superintendent, his mother Lesli.

She had a problem and Ross created a solution to help his mom. Today 806 Technologies serves thousands of district and campus administrative leaders across the United States. It is because of great feedback, ideas and listening to amazing education leaders that we continually improve.

*Leadership Team (L-R)*

**Ross Laughter** (CEO / Founder), **Kel Spradling** Federal Programs Director  
**Lesli Laughter** Asst. Superintendent, **Mark Hailey** Chief Customer Officer
