REPORT OF SUPERINTENDENT

Lee County School District continues to improve in most areas. The results of the district's measures of success, PACT, HSAP and EOCEP, indicate that the district has been on the rise with incremental gains in most grade levels in all subject areas tested. The Lee County School Board of Trustees' mission is to ensure advancement in student achievement by both a strong system of accountability and required resources.

The district continues to implement strategies, programs, and accountability measures to ensure the attainment of the adopted goals by 2009-2010. These goals focus on securing and allocating adequate financial resources to accomplish the mission of our district, increase student achievement in all subject areas, decrease the number of students identified for special education, and increase the number of students enrolled in Gifted and Talented courses and Dual or Advanced Placement courses.

The district continues to link professional development to school, district, and personal goals; support and expand professional learning communities; expand and strengthen action research as a way to respond to assessed student needs. The district continues to use MAP as a benchmark test to help guide instruction. Several grants have been awarded to supplement instruction and enhance student achievement.

The district adopted the Anderson Five Curriculum in July 2007. The district provided professional development for all grade levels and core subject areas. The guides were implemented during the 2007-2008 school year. Homework Centers and/or After-School Tutorial programs were available at all schools.

The Career and Technology Center is now located on the site with Lee Central High School. The district has begun work on building a new middle school to open on the same site as the high school. This project is to be completed by the 2009-2010 school year.

The efforts described in this narrative are evidence of our commitment to provide a quality education for the students of the Lee County School District.

Dr. Walter Tobin, Interim Superintendent
Sanya Moses, School Board Chairperson
