## REPORT OF SUPERINTENDENT

The 2007-08 school year was another banner year for School District Five of Lexington and Richland Counties. We are moving forward and actively addressing the needs of all our students.

Our district had many wonderful accomplishments during the 2007-08 school year. Six schools received Palmetto Gold or Silver Awards from the State Department of Education for their high levels of academic achievement, three schools were named Red Carpet Schools for outstanding customer service, and four schools were recognized by the South Carolina Oversight Committee for closing the achievement gap for historically lower-scoring demographic groups. In addition, our students earned the highest average score on the SAT in the state. Since 1993, District Five students have earned the highest SAT average in the state for all but four years.

Many new initiatives are underway in our school district. In 2008, a new At-Risk Student Identification System was implemented. The program will help eliminate the possibility of students in kindergarten through 12th grade from "falling between the cracks." A pilot magnet program for gifted and talented students will begin at Harbison West Elementary in 2008. The program will provide educational experiences that are designed to enable gifted students to develop their unique gifts and pursue their natural talents and interests. Leaphart Elementary is currently making plans to implement a Math/Science Magnet school in the 2009-10 year. The district also continues to implement our high school reform initiative, which will better prepare all students for post-secondary success. We are excited about these new programs and are confident that they will allow us to continue to improve teaching and learning in our school district.

We appreciate the support of our school board, parents, and community members. Our district is strong because of the commitment and support that you provide our schools. There is no way our success would be possible if we were not all pulling on the same rope on behalf of our students. Thank you again for this support.

Scott AndersEn, Ed.D.
