There are no charter schools in this district.			

REPORT OF SUPERINTENDENT

Orangeburg Consolidated District Five has continued moving closer to making its academic goals a reality during the 2007-2008 school year, and the success the district realized is a result of the team concept used by our students, teachers, support personnel, administrators, the Board of Trustees, parents/guardians, and the community. This team ensured that every student in the district is the recipient of a high-quality education --- an education that not only enhances academic performance, but also molds good character, which, in turn, builds a strong foundation for their future success. The new "Unified Curriculum" strengthened the quality of the instruction provided to our students and enhanced students' ability to grasp the standards for their particular grade level and core subject area. We also improved our comprehensive professional development activities for teachers and support staff. Additionally, the district continued to intensify its recruiting efforts to attract, hire, and retain the most capable teachers, administrators, and support staff available. These efforts are working and are exemplified in the in the 27 times our schools have been designated Palmetto Silver or Gold, the National Blue Ribbon School of Excellence winner and school nominated for the Blue Ribbon Award for the coming year, the school honored by U.S. News and World Report as one of the best high schools in the nation, the 59 Palmetto Fellows qualifiers (minimum 1200 SAT score and 3.5 GPA) we have had since the program began, the 95 junior scholars and 17 Duke TIP students we have had over the past few years, and the \$30 million-plus in scholarships our students have earned over the past few years. Add to this the art students who have earned more international, national, and state awards and honors than any other school district in the state, including the Governor's School of the Arts, and it becomes glaringly obvious that we are shaping well-rounded students and good citizens. Furthermore, several of our programs have been used as national and state models; this lets us know we are on track with the implementation of our programs and their delivery to our students.

The Orangeburg community has a lot to be proud of when looking at this district and its accomplishments, for we work hard to ensure that students have the necessary tools to make them competitive. The district has taken great care to stay on the cutting edge of technology in hopes of fueling our students' desire to learn and preparing them for anything they may face as they grow into the future leaders who will keep this community viable in the 21st Century. We will continue to make sure our programs and the instruction we provide to our students are the best, and that they assist ALL of our students. Involving all stakeholders --- parents/guardians, students, teachers, support staff, and the community --- in the educational process continues to be of utmost importance to the district because we fully understand that we cannot achieve our goals without the assistance of each and every entity named above. The philosophy of this district is that "All children can learn and can be academically successful in spite of their socioeconomic status." For this to come into fruition, there must be partnership among the District, parents/guardians, and the community. Success can continue to be a part of our everyday existence with everyone's involvement and support. In the total scheme of things, there is truly nothing more important than educating

Comprehensive detail, including definitions of rating, performance criteria, and explanations of status, is available on www.ed.sc.gov and www.eoc.sc.gov as well as school and school district websites.
