REPORT OF SUPERINTENDENT

Williamsburg County School District is located in a rural community comprised of three high schools, one junior high school, eight elementary schools, one charter school, and a career and technology center. We are proud of the hard work our principals, teachers, staff, students, parents, and community members have accomplished this school year. Through their combined efforts, we have made great strides in our goals toward academic achievements.

Our district continues to support our teachers and students by providing professional development, relevant resources, scientifically based research, innovative strategies, and best instructional practices. We have implemented the following instructional programs to enhance our current curriculum in an effort to increase student achievement: a Balanced Literacy Program, Reading First, computer assisted remediation and enrichment programs, Accelerated Reader, Reading Counts, Accelerated Math, Credit Recovery, instructional technology labs to include Plato and NCS Learn, Standards in Practice, Differentiated Instruction, and career education.

Williamsburg County School District continually develops opportunities to extend challenging and diverse learning opportunities for our students. Our curriculum is under constant revision to ensure its alignment with the most current South Carolina Curriculum Standards for each grade level and subject area. To enhance the curriculum, we also incorporate web resources, current textbooks and resources, hands-on approaches through the use of manipulative, applied, and integrated approaches.

We are continuing to provide a safe environment in all of our schools. Together, we will continue to encourage our students to maximize their potential to ensure their success in a global society.

Respectfully submitted,

Ralph C. Fennell, Jr.
Superintendent
