Report of Principal and School Improvement Council

"Work Hard, Play Hard" is the inspiration at Chukker Creek Elementary School. Evidence of our sports-related theme was everywhere on campus. The 2007-2008 school year offered many opportunities for students and teachers alike to prove that when we work hard at all we do, good things happen.

We continued to support our students' academic achievement by increasing their access to technology. With the help of our very active PTO, we have added eleven SMARTBoards to classrooms. Our School Improvement Council assisted by staffing our science lab with parent volunteers and installing an outdoor weather station.

The implementation of Measures of Academic Progress (MAP) benchmark tests have empowered teachers to make instructional decisions based on students individual needs to improve their reading, writing, math, science, and social studies skills. More than a dozen second grade students participated in the "Academy of Reading", a computer-aided instructional program designed to improve reading skills. The Math Superstars and the Accelerated Reader Program challenged students to do their best. Our afterschool program attracted many students who were able to benefit from extra small-group instruction. Students competed successfully in area spelling bees, geography bees, Lego League, and Math Olympiads. Other students participated in Physical Education, Art, and Chorus performances and competitions at both the local and regional levels. Through the hard work of our related arts department, students attended programs featuring authors, musicians, opera, and karate.

The 2007-2008 school year was a tremendous one for Chukker Creek Elementary School. Students are well aware that success comes when we "Work Hard and Play Hard". We look forward to seeing even more spectacular results from our efforts during the 2008-2009 school year.
