Report of Principal and School Improvement Council

The mission of West Hartsville Elementary School is to provide positive learning experiences in a safe environment where students can achieve success in an ever-changing world. During the 2007-2008 school year, the faculty and staff at West Hartsville used many tools in order to assess each individual child and plan appropriate learning opportunities. Measures of Academic Progress (MAP) and the Palmetto Achievement Challenge Test (PACT) were used to determine the areas of need for each child. A student profile sheet was created and achievement goals were set in reading and math. Conferences were held with every child. Teachers discussed individual areas of strengths and weaknesses and reviewed the growth goals with each child.

All teachers, including related arts and exceptional education teachers, met 110 minutes per week in order to learn research-based strategies in the area of reading comprehension. These strategies had a tremendous impact on all subject areas and aided in building reading comprehension skills across all curriculums. During these weekly professional development sessions, student work was analyzed and lessons were modeled by master teachers. The teachers were also assisted with the development of these strategies into lessons that were then implemented in their individual classrooms in order to assist with continued student growth. All math teachers received hands-on training in the South Carolina Math Curriculum Standards and Assessments. All ELA teachers attended quarterly district ELA meetings for training in the South Carolina ELA Curriculum Standards and Assessment. This professional development focused on gaining content knowledge and developing higher order thinking in students through questioning techniques and assessment strategies.

Mrs. Kendra Woods was selected as our Teacher of the Year; Miss Dawn McChesney was selected as the District Outstanding First Year Teacher. We earned the Palmetto Silver Award from SCDE, as well as the Five Star Award. We earned a value added 5 from the Teacher Advancement Program, which is the highest honor a school can receive based on student growth and gains on the PACT. One of our students was named as the Darlington County School District Elementary Art winner. We had one of our teachers receive their Masters Degree in Educational Leadership and eight teachers enrolled in programs to work on their Masters Degree. Students have raised money for the Leukemia Society with Pennies for Patients, collected for the Annual Food Drive at Thanksgiving and Christmas, raised money for the American Heart Association with Jump Rope for Heart, collected donations for the Darlington County Humane Society, and were involved in many more charitable organizations in need.

Many students were involved in before and after school programs in order to promote academic achievement. Students worked in small groups with various teachers to continue to work on their areas of need in order to reach their individual growth goals in reading and math. Various students participated in an art club, the National Beta Club, the Yearbook Club, and the Color Guard. Students also worked closely with the faculty and staff to present science projects, reading and writing skills, math strategies, science facts, and social studies activities during parent workshops and even participated in Academic Jeopardy, a standards-based game with students going against parents in all subject areas.
