Report of Principal and School Improvement Council

Old Pointe Elementary School strives for continuous improvement each school year. We are proud of the accomplishments of our staff, parents, and students. One hundred percent of our teaching staff is "highly qualified" under the criteria designated by the No Child Left Behind Act. During the 2007-2008 school year, our teachers developed curriculum maps and units of study designed to insure that all of the South Carolina Standards are taught to every child. These documents will assist teachers in making long-range plans at the beginning of each school year. Our staff was also involved in planning literacy activities which support effective reading and writing instruction. It is our intent to use these plans to apply for a "Literacy Spot Award" in 2008-2009.

Parents of students attending Old Pointe Elementary School continue support us by serving on the School Improvement Council (S.I.C.), providing volunteers and financing special projects. This year our S.I.C. reviewed test scores, monitored progress toward achievement of goals set in our school improvement plan, and provided input during our literacy initiative. The PTO supported our instructional program by providing volunteers for school activities and raising nearly \$20,000 to fund school projects. Thanks to the PTO, we have a new mural in the lobby and down the main corridor of the school. We also received funding from the PTO for one project at each grade level, as well as financial support for each teacher new to our school.

Rapid growth in student enrollment has been an issue since Old Pointe opened in August 2002. With the opening of Mount Holly Elementary School, and the student reassignment plan being implemented, we are projected to have ninety less students enrolled in 2008-2009. Having fewer students in our building should make scheduling lunch and special classes much easier. It should also allow us to have a lower pupil/teacher ratio. We anticipate another excellent school year!
