REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Welcome to Alma Elementary, where we all "reach for the stars." The 2007-2008 school year was very successful and productive. Our students and teachers worked diligently. By using the South Carolina academic standards and district curriculum, we created a school-wide long-range plan that resulted in innovative and motivating lessons. High expectations were held across all grade levels.

We have great parental participation. Parents participated in our Open House, Parent-Teacher Conferences, Fall Festival, Title One Parenting Sessions, Awards Days, Musical Programs, Field Day, etc. Parents have been supportive in several community service projects like Relay for Life and March of Dimes. Parents and community members were instrumental in our successful 100 Readers in January.

We are fortunate to have received a 21st Century Learning Community Grant to provide an after-school program to assist in meeting the academic, social, emotional, and physical needs. Our teachers and staff are committed to students as evidenced by their willingness to work in the after-school or morning programs.

We completed the fourth year of our five-year, South Carolina Reading First grant. Our teachers have received extensive staff development in comprehensive reading and assessment in a bi-monthly study group provided by the literacy coach. An abundance of appropriate literacy materials have been purchased for the classrooms, literacy, and media centers. While teachers base their lessons on the needs of their children, our reading interventionists help students one-on-one and in small groups. Our literacy goal is to ensure all children read successfully by the end of the third grade. We applied for and received the Literacy Spot Award sponsored by the State Department of Education and Reading Recovery. This award recognizes outstanding emergent literacy programs in South Carolina.

Technology use continues to increase in our instructional program. All classes are equipped with Activboards. Each class has a document camera, LCD projector, and wireless laptop computer for instructional purposes. Each fifth-grader has a personal digital assistant (PDA) to use for word processing, voice recording, and more. Many students have experienced virtual field trips with the Tanberg Video Conferencing System. We have "traveled" on a polar express ride, and a teleconference has been planned with our third grade to "visit" a school in Texas. As a Red Carpet School, we believe in creating a family-friendly school. To tighten security and to have a record of our visitors, we have installed a new computer program with photo capabilities for all visitors to sign in and out.

At Alma Elementary, education is a team effort among students, parents, staff, and the community. You are encouraged to visit our year-round school to see first-hand how parent involvement, teacher dedication, and industrious students make a successful school. You are invited to become part of our team to "think, inspire, imagine, and celebrate."
