REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The Board of Directors of MLD Higher Learning Academy would like to congratulate its students, teachers, parents, and staff on a very difficult but successful year!

MLD Higher Learning Academy is in compliance with the state charter school law and with our charter contract with the Lee County School District. The school graduated its THIRD eighth grade class this year. We also expanded our services, serving grades K5-9 this school term. The school is operating financially sound and is continually renovating our new facility which we so proudly occupied this school term. MLD Higher Learning Academy will continue to be lead by Mr. Ennis Bryant, Sr. In addition, the school maintains an impressive list of teachers. The teaching staff represents over 225 years of experience in the educational field. Teachers and students worked hard all year. The students, lead by our capable staff, have provided community outreach events in various ways, thus fulfilling the mission of our school.

We feel positive about the growth and development of our new school. We feel that we have successfully touched the lives of many of our students and parents.

MLD Higher Learning Academy is a community-based charter school which will be serving K5 through 10th grade during the 2008-09 school term. Because MLD is a community-based school, its programs are tailored directly to the expressed needs of the community. MLD aims to provide education that is "holistic" and "experiential." We focus on presenting activities that keep children focused on their studies and fully engaged in their achievement. At MLD, children get an education that is "innovative" and "progressive." Our children deserve a free 21st century education, and MLD Higher Learning Academy will provide just that: a quality education that will enable students to be highly competitive, successful members of a global society. We are also enhancing our technological capability. There will be Smartboards in every class. Our ninth and tenth graders will also be piloting an online Virtual School Program with the South Carolina State Department of Education. We are also partnering with the Palmetto Project with one laptop for every child to try to secure some additional laptops for our elementary program. We are excited about our new possibilities.

MLD Higher Learning Academy's Mission is to work in partnership with parents, teachers, and elders of the community to ensure an academically challenging, developmentally appropriate, experiential, holistic, child-centered education to all young people. We nurture a passion for learning that will last a lifetime as we challenge our students to discover their individual gifts, to honor their inner worth, to strive for excellence, to pursue respectful and ethical relationships among themselves and others, and to find their path in life. We will accomplish our goal by establishing academic excellence, providing a moral focus, and obtaining parental involvement.

Thank you for having a successful three years. We know that with your assistance, we will continue to have a positive impact on the educational scene in Lee County.
