REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

At Chapman Elementary School, we continue to prepare students to lead healthy, meaningful, and productive lives. Our curriculum continues to be very challenging and student centered, and we continue to believe that this, along with an atmosphere of mutual respect, will help our students develop a desire for life long learning. However, without increased student achievement, that desire will not develop. Research shows, and we believe, that the single most important school-based factor impacting student achievement is a highly trained and motivated classroom teacher. Because of this belief, we are thrilled that we have just completed our first year as a TAP school. The Teacher Advancement Program (TAP) was created by the Milken Foundation. TAP's goal is to attract talented people to the field of education and keep them by making teaching more attractive and rewarding. Our teachers are excited about the opportunity to receive additional compensation based on the achievement of their students. They also now have an opportunity to advance in education while continuing to have the opportunity to teach.

Our faculty, staff, and administration work together to provide students a rich and exciting educational experience. This year, the entire staff made a commitment to grow Chapman Elementary as a "School of Technology." Students will have the opportunity to learn with and through the use of the latest educational technology. We also offer full day kindergarten to 4 and 5 year olds and French, Band, and Orchestra to students in the intermediate grades. Programs such as Reading Recovery, RIF, Accelerated Reader, National Junior Beta Club, Student Council, and Boys and Girls Club support and strengthen the standards-based instruction that our teaching staff provides daily. Additionally, a strong and active Parent Teacher Organization and Mentoring relationships with local businesses and churches help our students gain a strong sense of community.

We are confident that our efforts will continue to bring about improvement and therefore remain very optimistic about the future of the students at Chapman Elementary.
