Report of Principal and School Improvement Council

Wohali Academy is located on the campus of Springbrook Behavioral Health System, a residential treatment facility for emotionally disabled youth. Wohali educates the children in residence at SBHS and students from the surrounding communities. Each child will progress to a level, academically/behaviorally, that will allow a successful return to his or her home/base school. Over the last 4 years, Wohali has successfully returned over 100 students to their homes or other traditional public schools throughout the state of SC. This year the school added a Leadership and Resiliency Program. This comprehensive program is aimed at community students ages 13-19 who have a combination of behavioral issues manifested in at-risk behaviors. The program has had a positive impact on the majority of participants and decreased the identified at-risk behaviors. Because Wohali's target population is highly mobile, at-risk students, the timeline for meeting the school's long-term performance goals is ongoing. Using only standardized testing to measure academic growth does not capture the school's progress. Therefore, a more reliable and statistically valid model to measure AYP includes the measurement of individual student progress over time. Each student, as measured by the Woodcock Johnson, will progress an academic equivalent year in Math and English. In 2006-2007, these results improved to 74%. Though the vast majority of students make academic and behavioral gains, difficulty in obtaining student records from schools and districts locally and across the state has had a negative impact on Wohali's rating. Deciphering records from other residential facilities that use a non-graded system has also had a negative impact on the school's graduation rate. Wohali's first student to earn a high school diploma is on track to graduate in 2010.
