Report of Principal and School Improvement Council

Pendergrass Fairwold School serves medically fragile, severely mentally and physically disabled students from ages 3-21 and students ages 18 to 21 who require significant supportive programming to successfully transition from school to work or community living. All students receive special education and related services according to their Individual Education Plan (IEP) and are monitored for progress according to the guidelines of their individual IEP.

Our focus for students has been to build a foundation of required skills, encourage and train students to participate in community partnerships where they learn to complete work tasks according to schedules and employer specifications. Our students are participating in volunteer work where they learn to participate in functional activities such as assembly projects, packaging tasks, and aluminum can and paper recycling. Those physically unable to participate in the tasks are trained to attend to scheduled tasks and use a variety of body language or assistive technology to indicate their awareness of tasks in their environment.

This year our staff has incorporated scheduled greenhouse and cooking activities into our curriculum. We feel that these activities will help our students develop awareness of their environment, which will help them be more successful on the SC-Alt testing administered each spring. They are consistently made aware of math and science in their daily lives as they plant and nurture in the greenhouse and measure and prepare dishes in the kitchen.

We will continue to incorporate best practices and emerging trends into our staff development program. Our training will continue to focus on ways to make our instruction meaningful and functional to students who will need to maximize their potential to live as independently as possible.
