## REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

DuBose Middle School, located in Dorchester County, continues to strive to provide each of our students with the skills necessary to be productive. Our vision is to provide a learning environment where every student will learn at their highest level, as we strive to reach AYP. DMS continues to work towards the 2010 SC Performance Goal. The student body has demonstrated their academic success in the fields of math and science during the Low Country Quest Competition, Quiz Bowl as well as other academic competitions throughout the year. The DMS math team competed at a high school meet and placed 2nd overall, while an 8th grade student was awarded the top individual prize. DMS has many Duke University TIP participants and Junior Scholar participants. The 6th grade band participated in a contest featuring mainly 8th grade bands and placed in the top half. Our steel drum band is the only one of its kind in the district and has been in heavy demand to perform throughout the 2007-2008 school year.

DuBose Middle continues to face the challenge of decreasing the achievement gap in language arts and math. We utilize the Read 180 program to address the needs of struggling readers in the sixth, seventh, and eighth grades. At DMS, we provide computer-assisted instruction with the utilization of SMART Boards, wireless laptops and computer labs. Compass Learning is in place to provide our students the ability to achieve and accelerate at their own pace. MAP data is utilized to specifically identify areas of students' strengths and deficiencies. From the MAP data, PACT Attack classes were formed. Each student spent thirty minutes per day working on math or reading in small groups. We will continue to utilize the InTouch software, homework hotline, DMS school website and parent focus meetings to address the challenges of home-school relations. The DMS faculty and staff will continue to conduct report card nights, award ceremonies and schedule parent/teacher conferences.

Teacher professional development continues to focus on best instructional practices, such as Differentiated Instruction and Explicit Direct Instruction to help address the varied needs of our students. Also, focus was placed on integrating individual student clickers into the classroom. Implementation of technology initiatives, such as SMART Boards as an instructional tool, has been a continued focus of our staff development this school year. The DMS faculty consists of 60 certified teachers.

As stated above, the mission of DuBose Middle is to provide each of our students the skills necessary to become productive citizens by providing a nurturing environment where staff, parents and community work together to provide challenges and opportunities for each student to reach their full potential. DMS continues to show our Wildcat Pride by "climbing to success."
