District Superintendent's Report

Laurens County School District 56 continues to pursue its motto – Caring, Connected, Committed to Excellence. The administrators, faculty, and staff take seriously their role and responsibility in providing a safe and nurturing environment for our students to grow and be successful. We have an attentive child development center where we serve our four-year-old students in a full-day program. Many districts in the state only have half-day programs. We serve our fourth and fifth grade gifted students in a self-contained setting; only a handful of districts in the state use this model. We have created an academy to better meet the needs of our middle level students for them to be successful as they transition to high school. We are nearing completion of a new comprehensive high school that will open in August of 2010.

Laurens County School District 56 has made positive strides connecting with parents and the community. The Parent Advisory Council has been successful this year as well as the Technology Advisory Committee. We have embraced input from the community through committees established for facilities. We have worked with local businesses to raise money for classroom technology in the Interactive Whiteboard Project. A major challenge this year has been trying to maintain personnel and programs due to mid-year reductions of funds allocated through the state.

The district is committed to high levels of student achievement. Several schools won the state's Palmetto Gold and Silver Awards for improvement in test scores. Many of our students and teachers have won state recognition for academic accomplishments. With continued support from all of our stakeholders – whether they are teachers, administrators, staff, parents, businesses, or residents – we are creating a school district worthy of our future – our children. This commitment will ensure that they have the best education possible and a chance for a successful future possible for all students.

Wayne Brazell
Superintendent
