Report of Principal and School Improvement Council

E. L. Wright, a comprehensive middle school located in suburban Columbia, SC, is dedicated to successfully transitioning our students from elementary school to high school through a focus on academic excellence and a commitment to community involvement. We continue to develop our curriculum in order to provide a comprehensive and challenging educational program for all students with a safe and nurturing environment. In addition, we strive to cultivate and maintain an emphasis on technology in an effort to meet students where they are in terms of media literacy and fluency.

We believe that instructional technology is a key component in helping students become productive and successful students in the 21st Century. As a result, our teachers utilize a number of instructional strategies centered on technology to best instruct and assess student achievement. Students and faculty alike utilize Smartboard lessons, podcasts, Blackboard, wikis and blogs, mobile computer labs, and numerous interactive software programs and games aimed to improve academic skills.

While teachers continued to grow their technology skills, they also spent time this year learning about numerous pedagogical methods, from Learning Centered Schools which focuses on enhancing teacher strengths to discovering the innate differences in girl's and boy's learning styles at this age. Many teachers also continued their professional development in differentiated instruction and Understanding by Design. As teachers continue to grow in these areas, our students' continue to reap the benefit of their expanded knowledge.

At E. L. Wright, we continue to value innovation and initiative when it comes to finding better ways to meet the challenges that our students lay before us. We welcome you to visit and see the exciting things E. L. Wright Middle School offers.
