REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

North Charleston Elementary school is located in the residential section of the city’s historic district. Our school is a state-of-the-art, LEED (Leadership in Energy and Environmental Design) Silver-certified facility which replaced the original building constructed in 1922. This “one-of-a-kind in South Carolina” elementary school serves as a community learning hub and gathering place for the children and residents of North Charleston. The school strives to create a healthy teaching and learning environment by emphasizing the importance of making connections between learning and living.

The academic program focuses on Literacy, Mathematics and Writing. The Literacy and Numeracy blocks use a workshop method to teach reading, phonics, writing, mathematics computation and problem solving. Art, Music, Dance, Physical Education and Spanish strive to integrate the core subject areas of Reading, Math, Social Studies, and Science into their curriculum standards. The teachers use benchmark assessments such as MAP (Measures of Academic Progress), common assessments and DIBELS to document student progress and make decisions about differentiating the type, frequency and style of instruction.

We have achieved strong community and family involvement by providing programs such as Parent University, an active School Improvement Council and PTA. Being a Trident United Way Links to Success site also provides additional support for our families through partnerships with Communities in Schools, the Department of Mental Health, the Lowcountry Foodbank, Boys and Girls Club and Reading Soulmates. Additional partnerships with the local Rotary Club, North Charleston United Methodist Church and Mount Moriah Baptist Church provide extra academic and social support for our students. In addition, an active and supportive PTA sponsors student incentives and teacher recognitions throughout the school year.

Our primary focus is increasing student achievement and improving the rate of student attendance. To address the challenges of issues such as the high mobility of students and historically low scores on the PACT test and deliver high student achievement, we utilize federal and state money to reduce class sizes, provide technical assistance to teachers, offer Early Childhood programs to 4-year-olds, ensure struggling students receive remediation or extended time, and have on site community partners to provide assistance to students and their families.
