SC PERFORMANCE GOAL

2010 Goal:

By 2010, SC's student achievement will be ranked in the top half of the states nationally. To achieve this goal, we must become one of the fastest improving systems in the country.

2020 Vision:

By 2020 all students will graduate with the knowledge and skills necessary to compete successfully in the global economy, participate in a democratic society and contribute positively as members of families and communities.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The 2008-2009 school year marked Lockhart School's second year as a K-8 school. While there are still some adjustments to be made in getting used to losing our high school students, overall it was a year of growth and achievement.

Lockhart School received the Palmetto Silver Award based on the students' performance on the PACT testing during the 2007-2008 school year. The faculty and staff continued their efforts to meet the academic, social, emotional, and physical needs of our students. We continued the Writing Across the Curriculum initiative to improve academic achievement in all content areas. Also, we added Academy Time this year in grades 3-8. Academy Time was a 35-minute period where students rotated between remedial and enrichment activities. Students were grouped differently on each rotation. We had very favorable results during one rotation when the middle school students were grouped by gender. In addition, we hosted a Family Math and Science Night, published a school anthology, had several students submit entries in the District Math and Science Show-Case, had some students from each grade published in the district anthology, and had a school-wide Art Show. We were very proud that all of our 8th grade students who were in our Honors Program, except one, passed their End of the Course (EOC) testing. On the Algebra 1 EOC, every student passed, with the lowest grade being a 91, the average grade a 97, and 6 students made a perfect score of 100.

A concerned effort was made by the faculty to use test results such as MAP Testing and Bench Mark Testing to analyze students' strengths and weaknesses so they could differentiate their instruction to meet the needs of individual students. Other strategies used included Compass Odyssey, small group setting, and brain-based research strategies. Also, we are continuing to implement character education and conflict resolution programs to nurture the social and emotional growth and development of our students.

In the area of the physical plant, there are plans to replace flooring and painting in addition to replacing many of the windows whenever funding becomes available.

In conclusion, the Lockhart School family will continue to hold itself to the high standards of the past while looking forward to the future.

Mr. Eugene F. Palmer – Principal
Rev. Ben Hill – Chairman - School Improvement Council
