Report of Principal and School Improvement Council

During the 2008-2009 school year, Central High School continued to pursue its mission of "preparing productive citizens and life-long learners in an ever-changing society." Two major initiatives received emphasis during the year: Blue Ribbon Schools and High Schools That Work.

In the fall of 2008, various stakeholders of Central High School completed the assessment process for Blue Ribbon Schools of Excellence. Cooperative efforts of students, parents, faculty, and staff members earned the school the designation of "Blue Ribbon Points of Light Award Winner."

Central High School also worked during the school year to create a site development and implementation plan for High Schools That Work. Key facets of the plan include the following: increasing access to challenging career/technical studies, providing a structured system of extra help, and involving students and parents in a guidance and advisement system.

The cited special projects, combined with the efforts of all segments of the Central community, will continue to produce positive results for Central's students. For example, every senior eligible to graduate in 2009 met the South Carolina High School Assessment Program (HSAP) requirement. Central looks forward to building on its successes to achieve its mission of helping each student reach his or her potential.
