SC PERFORMANCE GOAL

2010 Goal:

By 2010, SC's student achievement will be ranked in the top half of the states nationally. To achieve this goal, we must become one of the fastest improving systems in the country.

2020 Vision:

By 2020 all students will graduate with the knowledge and skills necessary to compete successfully in the global economy, participate in a democratic society and contribute positively as members of families and communities.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Lake View High School is honored once again with the prestigious award of Palmetto Gold for the 2008-2009 school year. This award honors the hard work by our teachers, parents, and especially our students. This great accomplishment represents the high expectations for which students and teachers strive to achieve. Also, with this academic achievement, LVHS continues its commitment to the mission of developing lifelong learners and producing productive members of society.

Student test scores continue to improve. Many new opportunities are in place at Lake View High School, providing our students with new avenues to excel. Students are still provided more and more chances to develop their skills through programs, such as The Accelerated Reader, laptop computers, palm pilots, SAT workshops, and software packages for remediation and enrichment. With the new partnership with Northeastern Technical College, students are now able to receive dual credit, college credit, as well as high school credit. This new articulation agreement will allow students who successfully complete certain course work a head start into their next level of education beyond high school. The faculty and staff continue to reach high levels of self-growth through professional development in technology, instruction delivery, and knowledge of standards to continue to improve student academic performance. Our School Technical Assistance Team, school based "learning communities," and School Improvement Council strive to work together to provide research based opportunities for improving teacher skills and strategies.

In the face of this challenging time, we continue to have obstacles that have a direct impact on our goal of providing educational excellence. Teacher recruitment, financial concerns, student apathy, parent involvement, professional training, and community support are serious issues to be addressed. Discipline/Attendance issues, inadequacies in our school facilities, and a poor economic base create a challenging situation for achieving our goals. We are determined to find new innovative methods of using our limited resources to help each and every child succeed.

To provide each of our students the highest quality of education, the talents, strengths, and skills of students, parents, teachers, and community members must be combined and used to enhance academic and social success. It truly takes, "All hands working together to increase Student Academic Success." Lake View High School is committed and determined to provide a quality education, which rewards our community with citizens that are skilled and are lifelong learners to be productive additions to society.
