REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

This has been another prolific year at Johnsonville High School. The credit to our success goes to the students and their parents, the community, and the teachers of our school. This year's motto, "Raising the Bar," has encouraged us to approach new ideas with great enthusiasm to continue the academic and athletic success that has made Johnsonville High School the pride of the Pee Dee area. Among our accomplishments are the following: One hundred percent of the Class of 2009 passed all parts of the exit exam and 60% of the Class of 2009 were candidates for scholarships from the state. Six seniors were selected for the 2008-2009 Palmetto Fellows Scholarship. The JHS Mock Trial team won first place in the regional competition and finished in the top four in the state competition. Their fourth place finish qualified the team to compete in a national invitational competition. During this competition, several of our students were recognized for their superior performances. The school also received the Gold and Silver Awards from the South Carolina State Department of Education for attaining high levels of absolute performance, high rates of growth, and for making substantial progress in closing the achievement gap.

The girl's volleyball, softball, and track teams all finished as lower-state champions and runner-ups in the state. The girl's tennis team finished as lower-state runner-up and also had a team member named as the South Carolina Coaches Association's Class A State Player of the Year. The baseball team finished as region champions and lower-state runner-up. The golf team also won the region and finished overall twelfth in the state.

Johnsonville High School is very proud to have ten teachers who have received National Board Certification. This is one of the highest percentages in the state. Currently, we have three teachers on staff who have received the Presidential Award for Excellence in Math and Science. This year, we have had the unique honor of having one of our teachers selected as one of the five finalists for the South Carolina State Teacher of the Year. This is our third teacher to receive this recognition within the last ten years.

Johnsonville High School exists in order to help each student develop his fullest potential and reach his optimum intellectual, physical, aesthetic, moral, and social development. The school's curriculum provides opportunities for frequent and varied student participation in school events, and adjustments are made according to the abilities and needs of the students. Likewise in accordance with the State Department of Education mandates, all our courses curricula have been correlated with the state standards.
