SC PERFORMANCE GOAL

2010 Goal:

By 2010, SC's student achievement will be ranked in the top half of the states nationally. To achieve this goal, we must become one of the fastest improving systems in the country.

2020 Vision:

By 2020 all students will graduate with the knowledge and skills necessary to compete successfully in the global economy, participate in a democratic society and contribute positively as members of families and communities.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

At Ridgeland Middle School, we started the 2008-09 school year positively reflecting on the past and optimistically looking forward to the future. With that in mind, we chose the following as our theme for the year, "Encouraged but not Satisfied." Several note-worthy accomplishments of the previous school year were reflected upon as a catalyst for the upcoming year. While we were very much proud of the accomplishments of the past, we did not wish to settle into complacency. The 2008-09 academic year had one major initial change. Due to academic and grade-level configuration changes, the ninth grade was moved to the high school, and we gained the sixth grade from the elementary school. This change led to Ridgeland being re-designated as a "true" middle school and thus lost its designation of "Junior High." As a result of this key change, teachers were strategically placed into academic teams by grade level and discipline. To assist teachers with this transition to the "teaming" concept, a nationally recognized consultant on the concept was enlisted to enlighten the staff with regard to this endeavor. Mr. Derius Swinton of Swinton and Associates provided for the staff a much-needed professional development opportunity. In addition to his initial presentation, specific follow-up sessions were scheduled throughout the year. His work proved to greatly enhance the collaborative efforts generated by the teaming process. The momentum of the previous school year generated much excitement and enthusiasm in anticipation of the present school year. It was obvious though from the very onset that the staff was not about to rest on the laurels of its past. Many activities and events chronicled the positive energies and successes of this year. Among those activities are improved PACT scores from the Spring '08 administration, MAP celebration/rally for select students meeting individual targeted goals, selection of Mrs. Christina Walker as Ridgeland Middle's and Jasper County School District's Teacher of the Year, repeat of boys basketball team as Conference Champions, continued quarterly recognition of students/staff during scheduled award programs, community involved Science Fair/Health Fair, grade level sponsored "Parent Nights," "Science Night," "Literacy Night," "Math Night," and "Career Day." Along with progress, however, come difficulties and challenges, which serve to become barriers to efforts of success. Among these is the continued challenge of sharing a K-12 facility with both the elementary and high schools. Another challenge continues to be that of staff retention and providing a "highly qualified" teacher in each and every classroom. A recent attendance of both the Principal and Instructional Coach to a job fair in Columbia has yielded a promising pool of candidates to fill present vacancies. As we continue to embark on the journey toward marked student achievement, positive incremental progress will continue to be our hallmark here at Ridgeland Middle School.
