Report of Director and School Improvement Council

The Technology Center is a career center that serves over 1400 students per day from Bethune-Bowman Middle-High School, North-Middle High School, Orangeburg-Wilkinson High School and Calhoun County High School. A Blue Ribbon Lighthouse School of Excellence (awarded in 2007) and a Red Carpet School, the Technology Center continues to provide efficient and effective instruction to prepare students for college, the military, or the work force. Our staff consists of 32 highly qualified teachers (one who is National Board Certified) and an excellent support staff.

To increase the number of students achieving state and national industry certifications, we will continue to implement literacy and numeracy programs where literacy and numeracy strategies are integrated into Career and Technology courses. We are continually recognized for our successful integration practices.

There are support programs to meet the needs of all students such as a work-based experience, co-op, student organizations which promote leadership competitions at the district, regional, state and national levels, advisee-advisor program, dual credit, and many others.

Numerous awards are granted to CTE students in district, state and national competitions. Several of our students placed first in state level competitions to qualify to compete at the national level. Our students received gold, silver, and bronze medals and certificates for scoring at or above the national level on the Work Keys Assessment. We have also had students to be certified in Cosmetology and as a Certified Nursing Assistant. Two members of the Technology Center have won the Carolina Careers Governor's Awards, one as Student of the year and the other as the Educational Champion of the Year.

The success of The Technology Center can also be attributed to its many partners in higher education, business, community agencies, and parents. We pride ourselves on being a school that "Integrates real-world application into everyday learning!"
